Dear Students,

At Mars Hill University we are very pleased to open a new academic year and welcome all of you to the campus whether you are a continuing or new student. We hope you will find this to be a very productive year academically, socially and in your extra-curricular activities on campus.

We are proud of our academic, athletic, and student life programs at MHU!. Over the past four years we have significantly enhanced student activities, student academic success support programs, and residence life programming. All this is for the purpose of helping you have a positive experience at MHU! From our Center for Community Engagement Learning Partnership to our award winning sports teams and student organizations, Mars Hill University emphasizes active learning. You will have many chances to give to the community through volunteer programs, tutoring young children, collecting donations for area food banks, and participating in community clean-up projects, just to name a few. Our students have a positive effect on the lives of people in our larger community here in Madison County, as well as in adjoining counties.

We encourage you to be a FULL participant in the campus life through the student activities program and the Student Government Association. I am very impressed with the student leaders on campus; they will, in my opinion, be strong representatives of the university community and will be advocates for you throughout the year.

We certainly do look forward to a positive school year and to interacting with you as the year progresses.

Sincerely,

Dan G. Lunsford, Ed.D
President
Dear Students,

Let me congratulate you on taking your first steps in an exciting journey that will enrich your lives and deepen your sense of curiosity about the world. Choosing to engage in the liberal arts education at Mars Hill University is a wonderful way to spend the next four years. During this time, you will have opportunities to read the works of great authors and thinkers of the past, engage in scientific experiments first hand, as well as formulate your own ideas about the increasingly integrated world in which we live. I am excited as we the faculty and staff of Mars Hill University join with you.

Please regard this book as something of a travel guide for the year. It tells you about opportunities as well as pitfalls to be avoided. It points in the direction of organizations and activities you may find interesting.

Welcome to Mars Hill and please plan to make the most of your time here and use the Student Handbook to help.

All good wishes,

John W. Wells, Ph.D
Executive Vice-President

MARS HILL UNIVERSITY MISSION STATEMENT
Mars Hill University, an academic community rooted in the Christian faith, challenges and equips students to pursue intellectual, spiritual, and personal growth that is:

- Grounded in a rigorous study of the Liberal Arts,
- Connected with the world of work, and
- Committed to character development, to service, and to responsible citizenship in the community, the region, and the world.

VISION STATEMENT
Mars Hill will be a preeminent private university, nationally recognized for transforming engaged learners into ethical citizens and successful leaders in an ever-changing world.

RELIGIOUS IDENTITY STATEMENT
Mars Hill’s religious identity will never be fully answered through a simple written statement, but will continually emerge through an ongoing dialogue among members of the Mars Hill family. Based on our mission statement (above), this document (below) was developed by the Religious Life Committee in consultation with the Church Relations Council. In addition, faculty, staff, students and the Board of Advisors offered feedback at various stages of its drafting. On November 7, 2003, the Board of Trustees of Mars Hill University voted to approve the use of this document to publicly communicate the religious identity of the university. It represents our best understanding of who we are relative to our Christian roots, and it is an invitation to all members of the Mars Hill community—alumni, trustees, faculty, staff, students, and prospective students—to join us in this rich conversation as we seek to fulfill our mission.

Mars Hill University, an academic community rooted in the Christian faith... 

Paul stood up in the midst of Mars Hill and said: “People of Athens, I see that you are very religious.” —Acts 17:22

Mars Hill University is a place where faith and reason meet, where students, faculty and staff explore questions of faith reasonably in the spirit of Christ-like compassion and respect. While Mars Hill is not a church, our roots are Christian and our heritage is Baptist. We encourage students, faculty, staff, administrators, trustees and alumni in their practice and expression of faith. We honor the variety of denominations, faith traditions, worship practices, theological persuasions and spiritual disciplines represented among our constituencies. By experiencing this diversity in community, we learn from each other and find our own spiritual journeys enriched.

...challenges and equips students to pursue intellectual, spiritual, and personal growth...

"The most important [commandment]," answered Jesus, "is this: ... Love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength." —Mark 12:28-30

At Mars Hill, we see that developing knowledge, values, and skills are integral ways of loving God and following what Jesus called the greatest commandment. Pursuing intellectual growth—developing knowledge—is critical to loving God with all your mind. Pursuing spiritual growth—deepening values—is critical to loving God with all your heart and soul. And pursuing personal growth—strengthening skills for life and work—is critical to loving God with all your strength.

...through an education that is grounded in a rigorous study of the liberal arts...

You shall know the truth, and the truth shall make you free. —John 8:32

“Liberal arts” comes from a Latin phrase meaning “the arts suitable and necessary for free people to govern themselves.” The liberal arts at Mars Hill are rooted in freedom—freedom to explore critical questions of life from different perspectives in the pursuit of truth. Our Baptist heritage strongly emphasizes religious liberty, expressed as the freedom and autonomy of persons and churches in a free state. This heritage nurtures our practice of academic freedom. We recognize that any form of coercive dogmatism claiming to have the only correct version of truth, imposing that view on others, and restricting freedom of inquiry is incompatible with the way we experience the liberal arts and Christian higher education at Mars Hill.

...connected to the world of work...
I urge you to live a life worthy of the calling you have received. —Ephesians 4:1

The idea of vocation, or calling, is central to Mars Hill’s mission. God gifts people with a wide variety of abilities and interests and calls them to employ their gifts across the spectrum of professions: ministry, law, medicine, education, business, social work, et al. We want our graduates to find worthwhile work and distinguish themselves in every field by doing good [ethical work—making a life] and doing well [successful work—making a living].

...and committed to character development, to service, and to responsible citizenship in the community, the region, and the world.

There are different kinds of service... [and] varieties of working, but it is the same God who inspires them all in every one. To each is given the manifestation of the Spirit for the common good. —I Corinthians 12:5-6

At Mars Hill, we balance the freedom inherent in a liberal arts education with responsibility. We challenge our students to become “response-able,” prepared to respond to the difficult challenges of the 21st century with core commitments and activities that serve the common good. We want our graduates to value civic engagement, to be the kind of people who live out their faith commitments in every arena and spend their lives making a positive difference in their homes, in their workplaces, in their communities, and in their world.

STUDENT LEARNING OUTCOMES

Mars Hill University has established learning outcomes to be demonstrated by students upon graduation. These “institutional student learning outcomes” incorporate current views of assessment in liberal education and reflects the University’s mission to provide curricular, co-curricular, and extra-curricular opportunities for students to grow intellectually, spiritually, and personally. This growth is fostered by the inherent interconnections among all the outcomes and its departments, programs, and offices across the University.

In preparing for a meaningful life and meaningful work, graduates of Mars Hill University demonstrate:

- Knowledge – Graduates apply knowledge acquired in their academic studies and co-curricular activities.
- Effective communication – Graduates communicate effectively using a variety of methods and appropriate technologies.
- Informed, critical, and creative thinking – Graduates identify and solve problems using appropriate methods of inquiry, analysis, critical thinking, and creative.
- Aesthetic awareness – Graduates comprehend the nature and value of aesthetic experience and expression.
- Personal growth and social responsibility – Graduates cultivate intellectual discipline, physical and spiritual well-being, ethical engagement, and respect for others within diverse communities.

These learning outcomes are consistent with those embraced by the Association of American Colleges and Universities in its “Liberal Education for America’s Promise” campaign. Mars Hill’s outcomes, through, reflects our distinctive emphasis on liberal arts education that integrates general and subject area knowledge in preparation for lifelong learning and achievement. These outcomes are the product of campus-wide collaborative efforts to establish a framework that curricular, co-curricular, and extra-curricular programs use to define program-level outcomes.

### HONOR CODE

We, the students of Mars Hill University, pledge ourselves to uphold integrity, honesty, and academic responsibility in and out of the classroom.
STUDENTS’ RIGHTS AND RESPONSIBILITIES

Student Code of Responsibility

As a student at Mars Hill University you are expected to conduct yourself in a manner that is consistent with the values of the university and brings credit to you, your family, community, and the university. The actions of one can affect many within a community, positively or negatively. Whether in or out of class, on or off campus, as an individual or as a member of a group, you should consider honor, integrity, and respect for self and others, as guiding principles in your words and actions as you go about your daily life. This is your responsibility as a member of Mars Hill University.

The Code of Conduct below addresses categories of behaviors, process and procedures for those occasions when individuals intentionally or unintentionally do not uphold this responsibility.

Student Code of Conduct

Application of the Mars Hill University Student Code of Conduct

The Mars Hill University Student Code of Conduct shall apply to conduct that occurs on Mars Hill University premises, at Mars Hill University sponsored activities, and to off-campus conduct that adversely affects the Mars Hill University Community and/or the pursuit of its objectives. Each student shall be responsible for his/her conduct from the time of application for admission through the actual awarding of a degree, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment. The Student Code of Conduct shall also apply to the conduct of student groups and student organizations. The Student Code of Conduct shall apply to a student’s conduct even if the student withdraws from school while a disciplinary matter is pending. The Assistant Vice President for Student Development shall decide whether the Student Code of Conduct shall be applied to conduct occurring off campus, in his/her sole discretion.

Student conduct records are considered educational records and are protected by The Family Educational Right to Privacy Act of 1974. Academic advisors, coaches or organization advisors may be alerted to the fact that a student has been found responsible for a violation.

Purpose

The Purpose of the Student Code of Conduct at Mars Hill University is to support the institutional mission with a discipline process that upholds established standards of honor in a community of learners, by holding each other accountable through a restorative and redemptive rather than merely punitive approach to accountability. This is an administrative process and is separate from any outside process, such as any legal action.

2. When a student is charged by federal, state, or local authorities with a violation of law, the University will not request or agree to special consideration for that individual because of his or her status as a student. If the alleged offense is also being processed under the Student Code of Conduct, the University may advise off-campus authorities of the existence of the Student Code of Conduct and of how such matters are typically handled within the University community. The University will attempt to cooperate with law enforcement
and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided that the conditions do not conflict with campus rules or sanctions). Individual students and other members of the University community, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

ARTICLE IV: Charge Procedures

A. Bill of Student Rights

   f. The right to request that a member of the Student Conduct Board be excluded, for cause, from a hearing.
   g. The right to be present during the period in which evidence is submitted.

B. Procedures

1. Filing of Charge. Any member of the University community may file charges against a student for violations of the Student Code of Conduct. A charge shall be prepared in writing and directed to the Student Conduct Administrator. Any charge should be submitted as soon as possible after the event takes place, preferably within five business days.

2. Notice of Charge. All charges shall be presented by the Student Conduct Administrator to the Accused Student in written form within five business days of receipt by the Student Conduct Administrator.
3. **Title IX Grievances.** Any charge presented to the Student Conduct Administrator that involves or appears to involve allegations of a Title IX grievance (i.e. sex discrimination, sexual harassment, sexual misconduct, sexual violence, etc.) shall be immediately reported by the Student Conduct Administrator to the University’s Title IX Coordinator and shall be investigated in accordance with the University’s Title IX Grievance Procedures. Charges involving allegations of Title IX grievance shall not be informally resolved by the Student Conduct Administrator or heard by the Student Conduct Board.

4. **Informal Investigation and Resolution.**
   a. After providing notice of a charge to the Accused Student, the Student Conduct Administrator will conduct an informal investigation to determine if the charges filed have merit and/or if they can be disposed of administratively and informally by mutual consent of the parties involved on a basis acceptable to the Student Conduct Administrator. This informal investigation could include, but would not be limited to a conference with the Accused Student, the Complainant, and any other witnesses involved. The Student Conduct Administrator will attempt to complete the informal investigation within ten days of providing notice of the charge to the Accused Student.
   b. If informal resolution with the Student Conduct Administrator is possible, such disposition shall be final and there shall be no subsequent proceedings. If the charges cannot be disposed of informally and by mutual consent, the matter will be transferred to and heard by the Student Conduct Board.
   c. If the student admits the charge, but sanctions cannot be agreed to informally with the Student Conduct Administrator, the matter will be transferred to and heard by the Student Conduct Board, but the hearing shall be limited to a determination of appropriate sanctions.

5. **Formal Hearing Procedures.** If a charge cannot be resolved through informal measures with the Student Conduct Administrator, a Student Conduct Board hearing shall be set for not less than three nor more than fifteen business days after the student has received notice of the charge from the Student Conduct Administrator. Student Conduct Board hearings shall be conducted by the Student Conduct Board in accordance with the following:
   a. Student Conduct Board Hearings normally shall be conducted in private.
   b. The Complainant, Accused Student and their advisors, if any, shall be allowed to attend the entire portion of the Student Conduct Board Hearing at which information is received (excluding deliberations). Admission of any other person to the Student Conduct Board Hearing shall be at the discretion of the Student Conduct Board and/or its Student Conduct Administrator.
   c. In Student Conduct Board Hearings involving more than one Accused Student, the Student Conduct Administrator, in his or her discretion, may permit the Student Conduct Board Hearings concerning each student to be conducted either separately or jointly.
   d. The Complainant and the Accused Student have the right to be assisted by an advisor they choose, at their own expense. The advisor must be a member of the University community and may not be an attorney. The Complainant and/or the Accused Student is responsible for presenting his or her own information, and therefore, advisors are not permitted to speak or to participate directly in any Student Conduct Board Hearing before a Student Conduct Board. A student should select as an advisor a person whose schedule allows attendance at the scheduled date and time for the Student Conduct Board Hearing because delays will not normally be allowed due to the scheduling conflicts of an advisor.
   e. The Complainant, the Accused Student and the Student Conduct Board may arrange for witnesses to present pertinent information to the Student Conduct Board. The University will try to arrange the attendance of possible witnesses who are members of the University community, if reasonably possible, and who are identified by the Complainant and/or Accused Student at least two weekdays prior to the Student Conduct Board Hearing. Witnesses will provide information to and answer questions from the Student Conduct Board. Questions may be suggested by the Accused Student and/or Complainant to be answered by each other or by other witnesses. This will be conducted by the Student Conduct Board with such questions directed to the chairperson, rather than to the witness directly. This method is used to preserve the educational tone of the hearing and to avoid creation of an adversarial environment. Questions of whether potential information will be received shall be resolved in the discretion of the chairperson of the Student Conduct Board.
f. Pertinent records, exhibits, and written statements may be accepted as information for consideration by a Student Conduct Board at the discretion of the chairperson.

g. All procedural questions are subject to the final decision of the chairperson of the Student Conduct Board and Student Conduct Administrator.

h. After the portion of the Student Conduct Board Hearing concludes in which all pertinent information has been received, the Student Conduct Board shall determine (by majority vote if the Student Conduct Board consists of more than one person) whether the Accused Student has violated each section of the Student Code of Conduct, which the student is charged with violating.

i. The Student Conduct Board's determination shall be made on the basis of whether it is more likely than not that the Accused Student violated the Student Code of Conduct.

j. Formal rules of process, procedure, and/or technical rules of evidence, such as are applied in criminal or civil court, are not used in Student Code of Conduct proceedings.

6. **Notice of Decision.** Within 10 business days of the completion of the hearing, the Student Conduct Administrator will notify the Accused Student, in writing, of its decision and, if applicable, of the sanctions to be imposed.

7. **Record of Hearing.** There shall be a single verbatim record, such as a tape recording, of all Student Conduct Board Hearings before a Student Conduct Board (not including deliberations). Deliberations shall not be recorded. The record shall be the property of the University. The recording shall be retained in keeping with records retention policies.

8. **Failure to Attend Hearing.** If an Accused Student, after receiving notice, fails to appear before a Student Conduct Board at a scheduled hearing, the hearing shall proceed and the information in support of the charges against the Accused Student shall be presented in the absence of the Accused Student.

9. **Procedure Modifications for Safety and Security.** The Student Conduct Board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Complainant, Accused Student, and/or other witness during the hearing by providing separate facilities, by using a visual screen, and/or by permitting participation by telephone, videophone, closed circuit television, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole judgment of Student Conduct Administrator to be appropriate.

10. **Timing.** The maximum time limits for completion of an informal investigation, scheduling of Student Conduct Board Hearings, for notification of decisions of the Student Conduct Board, and for any other matter described in these procedures may be extended by the Student Conduct Administrator in his/her discretion.

11. **Summer and University Breaks.** If a student violated the MHU Code of Conduct during the summer or during a time when classes are not in session, the Assistant Vice President for Student Development or designees will serve as the hearing officer.

C. Sanctions

1. **Student Sanctions.** The following sanctions may be imposed by the Student Conduct Administrator, Student Conduct Board, and/or Appellate Board, upon finding a student has violated the Student Code of Conduct:
   a. Warning—A notice in writing to the student that the student is violating or has violated institutional regulations.
   b. Probation—A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any institutional regulation(s) during the probationary period.
   c. Loss of Privileges—Denial of specified privileges for a designated period of time.
   d. Restitution—Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.
   e. Discretionary Sanctions—Work assignments, essays, service to the University, or other
related discretionary assignments.

f. Residence Hall Suspension—Separation of the student from the residence halls for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.

g. Residence Hall Expulsion—Permanent separation of the student from the residence halls.

h. University Suspension—Separation of the student from the University for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.

i. University Expulsion—Permanent separation of the student from the University.

j. Revocation of Admission and/or Degree—Admission to or a degree awarded from the University may be revoked for fraud, misrepresentation, or other violation of University standards in obtaining the degree, or for other serious violations committed by a student prior to graduation.

k. Withholding Degree—The University may withhold awarding a degree otherwise earned until the completion of the process set forth in this Student Conduct Code of Conduct, including the completion of all sanctions imposed, if any.

2. Student Group and Student Organization Sanctions. The following sanctions may be imposed upon student groups or student organizations:

a. Any sanctions listed above.

b. Loss of selected rights and privileges for a specified period of time.

c. Deactivation or revocation of charter.

d. Loss of all privileges, including University recognition, for a specified period of time.

e. If applicable, the Assistant Vice President for Student Development or Greek advisor will contact National Organizations to inform them of the disciplinary sanctions.

3. Cumulative Sanctions. More than one of the sanctions listed above may be imposed for any single violation by a student, student group or student organization. In each case in which a Student Conduct Board determines that a student and/or student group or student organization has violated the Student Code of Conduct, the sanction(s) shall be determined by the Student Conduct Board and imposed by the Assistant Vice President for Student Development.

4. Disciplinary and Academic Record. Other than University expulsion or revocation or withholding of a degree, disciplinary sanctions shall not be made part of the student’s permanent academic record, but shall become part of the student’s disciplinary record. Upon graduation, the student’s disciplinary record will be held for 5 years. The student’s academic record is permanent. In situations involving both an Accused Student(s) (or student group or student organization) and a student Complainant, the records of the process and of the sanctions imposed, if any, shall be considered to be the education records of both the Accused Student(s) and the Complainant.

D. INTERIM MEASURES

In certain circumstances, the Assistant Vice President for Student Development, or a designee, may impose a University or residence hall suspension or take other measures prior to an informal investigation by the Student Conduct Administrator and/or prior to a hearing before a Student Conduct Board.

1. Interim measures may be imposed: 1) to ensure the safety and well-being of members of the University community or preservation of University property; b) to ensure the student’s own physical or emotional safety and well-being; or c) if the student poses an ongoing threat of disruption of, or interference with, the normal operations of the University.

2. During the period of time of interim measures, a student shall be denied access to the residence halls and/or to the campus (including classes) and/or all other University activities or privileges for which the student might otherwise be eligible, as the Assistant Vice President for Student Development may determine to be appropriate.

3. The interim suspension does not replace the regular process, which shall proceed on the normal schedule,
up to and through a Student Conduct Board Hearing, if required. However, the student should be notified in writing of interim measures and the reasons for the action. The notice should include the time, date, and place of a subsequent hearing at which the student may show cause why his or her continued presence on the campus does not constitute a threat. This meeting to show cause may be separate from the student conduct hearing.

E. APPEALS

1. **Filing of Appeal.** A decision reached by the Student Conduct Board, sanction determined by the Student Conduct Board, and/or sanction determined by the Student Conduct Administrator, may be appealed by the Accused Student or Complainant to an Appellate Board within three (3) school days of the notice of the decision of the Student Conduct Board or Assistant Vice President for Student Development. Such appeals shall be in writing and shall be delivered to the Assistant Vice President for Student Development or his or her designee.

2. **Scope of Appellate Board Review.** Except as required to explain the basis of new information, an appeal shall be limited to a review of the verbatim record of the Student Conduct Board Hearing and supporting documents for one or more of the following purposes:
   a. To determine whether the Student Conduct Board Hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and to present information that the Student Code of Conduct was violated, and giving the Accused Student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.
   b. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code of Conduct which the student was found to have committed.
   c. To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original Student Conduct Board Hearing.

3. **Timing.** The Appellate Board shall consider the appeal within 15 days of the filing of the appeal with the Assistant Vice President for Student Development or his or her designee.

4. **Notice of Decision.** Within 15 days of the completion of the Appellate Board Review, the Appellate Board will notify the Accused Student, in writing, of its decision.

5. **Final Decision.** If the decision of the Student Conduct Board, the sanctions determined by the Student Conduct Board, or the Sanctions determined by the Student Conduct Administrator are upheld by the Appellate Board the decision shall be considered final and binding upon all involved. If any of the decisions of the Student Conduct Board, or the sanction imposed by the Assistant Vice President for Student Development is overturned, the matter shall be returned to the Student Conduct Board for reconsideration of the original determination and/or sanctions imposed.

ARTICLE V: Interpretation and Revision

A. Any question of interpretation or application of the Student Code of Conduct shall be referred to the Assistant Vice President for Student Development or his or her designee for final determination.

B. The Student Code of Conduct shall be reviewed at least every three (3) years under the direction of the Assistant Vice President for Student Development.
Confidentiality of Student Records

The Family Educational Rights and Privacy Act of 1974, also known as FERPA or the “Buckley Amendment,” establishes requirements for how institutions of higher education (IHEs) maintain and disclose students’ education records. In primary and secondary schools, FERPA rights belong to the parents or guardians of a minor student, but when a student reaches the age of 18 or enrolls in college, he or she becomes an “eligible student” under the law, and all rights transfer to the student. Therefore, all Mars Hill students are eligible students, and all FERPA rights belong to them, regardless of age.

FERPA lays out four basic rights for college students: the right to access their education records, the right to request amendment of their records, the right to control disclosure of their records, and the right to file a complaint against an institution that does not comply with FERPA. Each student has the right to disclose his or her education records, but, with limited exceptions, the institution cannot disclose those records to others without the student’s written consent. Mars Hill’s Consent to Disclose Education Records form, available in the Registrar’s Office, must be completed, signed, and dated by the student before education records can be released to others. The form specifies the education record or records to be released and who is to be granted access. (Note: While students participating in financial aid programs often sign a release to allow parents or guardians access to their financial information, this release does not include other education records, including grades or disciplinary violations.)

To access an education record, the student must contact the office responsible for maintaining that record (or, when the responsible office is unclear to the student, the Registrar’s Office). The responsible office will provide access to the record or provide a copy of the record within 45 days and may impose a fee to defray the cost of making a copy and/or sending it to the student. If the student finds a record to contain information that is inaccurate, misleading, or in violation of his or her rights to privacy, the student may write to the office responsible for maintaining that record (or the Registrar’s Office) to request that the record should be amended. If the university does not amend the record as requested, the student may request a hearing before the Executive Vice President (or his or her designee) to review the request. If the record is not amended following a hearing, the student may place a statement in the record commenting on the contested information.

Under FERPA, an IHE may release education records without the consent of students in the following circumstances:

- School officials with legitimate educational interests (see below)
- Directory information (see below)
- Another IHE at which the student intends to enroll
- Health and safety emergencies
- Parents of dependent children per Internal Revenue Service filings
- Specific legal situations
- Other authorities

Details regarding these exceptions are codified in 20 USC § 1232g and 34 CFR Part 99.

Mars Hill University defines a “school official” as a person employed by the university in an administrative, supervisory, academic, or support staff positions; a person employed by a consultant, contractor, or other outside party with whom the university has contracted for institutional services (e.g., an attorney, an auditor, an employee of the National Student Clearinghouse); a member of the Board of Trustees; or a student serving on an appeals committee or employed to support an institutional official. Further, Mars Hill University defines a “legitimate educational interest” as the need to review an education record in order to fulfill a professional responsibility.

Mars Hill University defines “directory information” as information not generally considered harmful or an invasion of privacy if disclosed. It includes a student’s name, home town, ID number, institutional email address, institutional mailbox number, institutional telephone extension, photograph, date of birth, place of birth, field(s) of study, participation in institution-sponsored activities including intercollegiate athletics, weight, height, job title, recognitions such as Dean’s List, dates of attendance, degrees awarded or licensure programs completed, year classification, credit hours earned, enrollment status. A student may refuse to allow the release of directory information by contacting the Registrar’s Office in writing. Requests to restrict directory information may take up to two weeks to process and stay in effect indefinitely unless the student requests otherwise.
Safe Academic & Work Environment Policies

Purpose of Policies
Mars Hill University is committed to providing all administration, faculty, staff and students a safe work and academic environment that is conducive to intellectual and personal development. Mars Hill University expects all administration, faculty, staff and students to behave and to conduct themselves in such a way that promotes a safe, respectful and productive campus that is free from violence, harassment, hazing, or bullying in any form. The University will not condone or tolerate actions by any member of the administration, faculty or staff, or by any student, that disrespects the basic human dignities of other persons at the University.

Scope of Policies
The following policies apply to the actions and behavior of all students, (including, but not limited to part-time, full-time, temporary, etc.) that occurs on or off campus, regardless of whether they have a disability, are international or undocumented, and regardless of their sexual orientation and gender identity. Similar policies exist and apply to the actions and behavior of faculty, staff and administrators, and the policies are extended to the conduct of all vendors, contractors and third parties on campus. Regardless of whether an allegation involves another student or student organization, a member of the faculty, staff or administration, or a third party vendor or contractor on campus, students should report an alleged violation of these policies in accordance with the reporting provisions below.

Anti-Violence & Anti-Harassment Policy

General Policy
Mars Hill University has a zero tolerance policy for violence or harassment. All students are prohibited from engaging in threatening behaviors, violence or harassment against another person at the University. Any student that engages in violence, threatening behavior or harassment in violation of this policy shall be subject to disciplinary action.

Policy Definitions
For purposes of this policy, violence or threatening behavior, generally means conduct that is intimidating, injury producing, abusive or hostile against another person at the University (including, but not limited to, all students, administration, faculty and staff) or against their property, but does not include acts of self-defense or the defense of others. Such conduct would include, but would not be limited to:

- Intimidation or unwarranted behavior that is intended to scare or coerce;
- Stalking or harassing in person, in writing, by phone or in any electronic format, or following and spying that causes fear of physical violence;
- Threatening or expressing the intent to cause physical or mental harm to individual or to property;
- Physically attacking or otherwise causing unwanted or harmful physical conduct to an individual, including hitting, shoving, throwing objects at, spitting, and fighting;
- Intentional damage to, or destruction of, the property of the University or the property of a member of the administration, faculty, or staff, or of a student;
- Possession, use, or threat of use, of any unauthorized weapon (firearms, weapons or any other dangerous devices are prohibited on campus, unless the faculty or staff member has prior written approval from the Director of Campus Safety & Security or the weapon is held in compliance with North Carolina law, and used by a law enforcement officer as part of their job duties or as part of any training in connection with their job duties); and
- Any unlawful conduct as defined in the Workplace Violence Prevention Act (N.C. Gen. Stat. § 95-260).

For purposes of this policy, harassment generally means conduct or speech that is unwelcome or unsolicited and is based upon race, color, creed, religion, national origin, age, disability, sex, familial status, sexual orientation or reprisal, creating a hostile work and/or academic environment. A hostile work and/or academic environment is one that both the person who is the object of the harassment finds to be, and a reasonable person in similar circumstances would find to be, hostile or abusive. Harassment is typically persistent action that is part of an ongoing pattern of behavior, but can also be a single isolated incident. Isolated instances of joking, teasing or arguments between two individuals are not necessarily harassment. The context and circumstances surrounding any instance of alleged harassment will be considered when investigating claims of harassment.

Allegations of sexual violence or sexual harassment are not covered by this policy, but are instead governed by the Sexual Misconduct Policy and Title IX Grievance Procedures below.
Anti-Hazing Policy

North Carolina Law
It is against the law for any student in attendance at any university, college, or school in the State of North Carolina to engage or participate in hazing, or to assist or aid another student in hazing (N.C. General Statutes § 14-35). Hazing is defined in N.C. Gen. Statute § 14-35 as “...to subject another student to physical injury as part of an initiation, or as a prerequisite to membership, into any organized school group, including any society, athletic team, fraternity or sorority, or other similar group.” (2014) A violation of N.C. Gen. Stat. § 14-35 is a Class 2 misdemeanor.

General Policy
Mars Hill University has a zero tolerance policy for hazing on its campus. In accordance with North Carolina law, no student, student organization or athletic team, shall permit, plan, direct, encourage, participate, assist, engage, aid, condone or tolerate hazing. Any student, student organization or athletic team, that engages in hazing, or in an act that is in disrespect of the basic human dignities of other students, or members of the administration, faculty and/or staff, in violation of this policy, or in violation of North Carolina law, shall be subject to disciplinary action.

Policy Definitions
For purposes of this policy, hazing is defined as: any action that is in violation of N.C. Gen. Statute § 14-35, or any action that otherwise, either indirectly or directly, jeopardizes another individual’s psychological, emotional, or physical wellbeing, or inflicts physical or mental harm or anxiety upon an individual, as a condition of acceptance into or affiliation with a student organization or athletic team, or any other organization, or for any other purpose.

The term hazing includes, but is not limited to: activities designed to emphasize the power imbalance between new members and other members of a group or team; and activities designed to harass, or create emotional or physical discomfort or emotional, physical or psychological harm to an individual.

Examples of hazing include, but are not limited to: physical abuse such as paddling, whipping, or beating; yelling, cursing or swearing at an individual; sexual assault; sleep deprivation; extreme calisthenics; forcing or expecting an individual to: wear embarrassing clothing or to refrain from basic personal hygiene; participate in tattooing, piercing, shaving or branding of any kind; drink alcohol or use drugs; consume any inappropriate or harmful substance or concoctions; and/or subject themselves to the servitude of other members, to ridicule, or to other forms of public embarrassment.

Consent to Hazing Irrelevant
The actual or apparent permission or consent of the individual or individuals subjected to hazing does not change or lessen Mars Hill University’s zero tolerance policy, and is irrelevant when determining disciplinary action.

Anti-Bullying Policy

General Policy
Mars Hill University has a zero tolerance policy for bullying on its campus. No student, student organization or athletic team shall permit, plan, direct, encourage, participate, assist, engage, aid, condone or tolerate bullying. Any student, student organization or athletic team that engages in bullying in violation of this policy shall be subject to disciplinary action.

Policy Definitions
For purposes of this policy, bullying is defined as: unwelcome or unreasonable behavior that is intended to demean, intimidate or humiliate another individual or group of individuals. Bullying is typically persistent action that is part of an ongoing pattern of behavior, but can also be a single isolated incident. However, isolated instances of teasing or arguments between two individuals are not necessarily bullying.

The term bullying includes, but is not limited to:
- Cyberbullying: Use of any electronic communication (emails, blogs, internet chat rooms, Facebook or other social media sites, text messages) or device (computers, cell phones, digital cameras or video cameras) to harass, intimidate or bully another individual including).
- Mobbing: Bullying by a group rather than by an individual.
- Physical Abuse: Pushing, kicking, hitting, punching, slapping, or any other form of violence.
- Verbal Abuse: Name-calling, teasing, threatening, use of offensive and abusive language, or other verbal insult or assault.
- Indirect Abuse: Spreading rumors or innuendo, unreasonably harsh and offensive criticism, belittling, tormenting, or social isolation.

**Professional Boundary Policy**

**General Policy**
While the administration, faculty, staff are encouraged to foster wholesome and appropriate relationships with students, amorous relationships between members of the administration, faculty or staff, and students, even of a consensual nature, are inherently problematic given the unequal status of the administration, faculty, or staff member and the students. For this reason, members of the administration, faculty or staff shall not engage in consensual amorous relationships with students, even if the administration, faculty or staff member has no immediate position of authority with respect to the student.

**Policy Definition**
For purposes of this policy, a consensual amorous relationship is any romantic or physically intimate relationship.

**Doors and Windows Policy**

**General Policy**
Mars Hill University encourages cooperation, socialization and collegial interaction amongst the administration, faculty and staff. The University also encourages appropriate academic, advisory, and mentoring relationships between administration, faculty, staff and students. However, in an effort to reduce the risk of administrators, faculty, staff or students finding themselves in a vulnerable situation, it is the policy of Mars Hill University that faculty and staff will keep all windows to their offices, classrooms, or other workspaces unobstructed such that a third party can look into the office, classroom or workspace at any time. In addition, it is the policy of Mars Hill University that if a member of the faculty or staff is meeting one-on-one with a student in an office, classroom or workspace that does not have a window, the door shall remain open at all times.

**Technology and Media Policy**

**General Policy**
All students, student organizations and athletic teams are specifically prohibited from using the University’s network, computers, email accounts, or any other form of technology owned or provided by the University for the purpose of, or in connection with, any form of violence, threatening behavior, harassment, sexual misconduct (as defined in the Sexual Misconduct Policy below), hazing, bullying or pursuing or promoting a relationship that is in violation of the Professional Boundary Policy.

The use of social media and social networking sites is prominent on the campus of Mars Hill University. While social media can be an important and useful means of communication, it can also:

- Impact the organizational, professional and personal reputations of those utilizing social media.

In order to help students, administration, faculty and staff properly portray, promote and protect themselves and the University, Mars Hill University is implementing the following guidelines and best practices when using social media:

- Exercise respect, discretion and thoughtfulness when posting, especially when posting about Mars Hill University or an individual member of the administration, faculty or staff, or about a student;
- Refrain from speculating or gossiping about the University’s policies or procedures;

Reporting & Investigating of Violations of the Safe Academic & Work Environment Policies

When & Where to Report
All students are asked to immediately report any known or believed instance of violence, threatening behavior, harassment, violation of the Professional Boundaries Policy, hazing, bullying, or violation of the Doors & Windows Policy, whether known through personal observation or otherwise, to the Assistant Vice President for Student Development for investigation and, if warranted, disciplinary action. Any student that feels they have been the victim of such actions are also encouraged to immediately report such instances to the Assistant Vice President for Student Development. If the alleged violation involves a member of the faculty or an administrator, the matter will be referred to the Executive Vice President for Academic and Student Affairs. If the alleged violation involves a member of the staff, the matter will be referred to the Director of Human Resources.

In the event the alleged violation of these policies involves the Assistant Vice President for Student Development, reports should be made to the Executive Vice President for Academic and Student Affairs or to the University President. In addition, threatening behavior, harassment, violation of the Professional Boundaries Policy, hazing, bullying, and/or violation of the Doors & Windows Policy that a student believes is not being adequately addressed may be reported to the President.

Reports of a violation of these policies can be made in person or in writing, but should be made as soon as possible and within 60 calendar days of the incident or violation.

Reports of incidents involving sexual misconduct are to be reported and will be investigated in accordance with the Sexual Misconduct Policy and the Title IX Grievance Procedures below. Likewise, reports of incidents involving gender-based bullying or hazing are to be reported and will be investigated in accordance with the Title IX Grievance Procedures below. If a sexual misconduct report is erroneously made in accordance with the Safe Academic & Work Environment Policies, the report shall thereafter be referred to the University’s Title IX Coordinator for investigation in accordance with the Title IX Grievance Procedures below.

Reporting Crimes and Violations of North Carolina Law
The Assistant Vice President for Student Development (or those operating in his/her place) shall immediately notify the proper authorities of any alleged violation of these policies that is also a crime or violation of North Carolina law. Mars Hill University will cooperate with authorities in the enforcement of all applicable laws.

Investigations
All reports of violations of the Safe Academic & Work Environment Policies will be promptly and thoroughly investigated. Upon receiving a complaint or report, the Assistant Vice President for Student Development (or those operating in his/her place) shall refer such reports for investigation as follows:

- **Students** - Reports alleging the violation of a Safe Academic & Work Environment Policy by a student shall be considered by the Student Conduct Board, as described in the Code of Student Conduct.

- **Faculty & Administrators** - Reports alleging the violation of a Safe Academic & Work Environment Policy by a member of the faculty or an administrator shall be investigated by a Faculty Review Board. The Faculty Review Board will consist of 6 members of the faculty, appointed by the Executive Vice President of Academic and Student Affairs in consultation with the President and the Chair of the Faculty, for rotating 3-year terms. The Faculty Review Board will receive investigation training from the Director of Human Resources. However, other than the Department Chair, no faculty member from the same department as either the accuser or the accused may be involved with any investigation.

- **Staff** - Reports alleging the violation of a Safe Academic & Work Environment Policy by a member of the staff shall be investigated by a Staff Review Board. The Staff Review Board will consist of 6 members of the staff of the University, appointed by the President in consultation with the Chair of the Staff Personnel Committee and the Director of Human Resources, for rotating 3-year terms. The Staff Review Board will receive investigation training from the Director of
Human Resources. However, no staff member from the same department as either the accuser or the accused may be involved with any investigation.

All investigations will be completed in a confidential manner (to the extent reasonably possible) and Mars Hill University will attempt to preserve the reputation and integrity of the involved individuals. Students are required to fully cooperate with any inquiry or investigation at the request of Mars Hill University. This includes complying with all requests at the time of any alleged incident and all requests throughout an investigation.

A complainant is entitled to withdraw his or her complaint at any time. However, the University reserves the right to complete an investigation it deems necessary.

**Disciplinary Action**
If the investigating Board decides that a violation of any of these policies has occurred such that disciplinary action is necessary, the investigating Board will recommend appropriate disciplinary action to the Assistant Vice President for Student Development. The Assistant Vice President for Student Development, in consultation with the President, will make the final decisions regarding disciplinary action to be administered.

Disciplinary action for violation of these policies may include, but would not be limited to, the following:

- **Students** – warning, community service, counseling, suspension, prohibition from participation in athletics or in other student organizations, expulsion, and/or any and all other sanctions as specified in the Code of Student Conduct;
- **Student organizations or athletic teams** - warning, community service, suspension or prohibition from participation in University events; and suspension or prohibition of the University’s recognition of the student organization or athletic team; and
- **Faculty, staff and administrators** - warning, change in assignment, counseling, suspension, termination or discharge

**Sexual Misconduct Policy**

**Scope of Policy**
The following policy applies to the actions and behavior of all students, (including, but not limited to part-time, full-time, temporary, etc.) that occurs on or off campus, regardless of whether they have a disability, are international or undocumented, and regardless of their sexual orientation and gender identity.

**General Policy**
Mars Hill University is committed to creating and maintaining an environment in which all members of the community, including students, faculty, staff and administrators, are treated with respect and dignity, free from gender and sex-based discrimination. All forms of gender-based discrimination is prohibited, including, but not limited to, sexual violence, sexual harassment, domestic violence and other sexual misconduct. Mars Hill University has a zero tolerance policy for sex discrimination. Any student found to have violated this policy shall be subject to disciplinary action in accordance with the Title IX Grievance Procedures below.

This policy is intended to define the expectations of the University community, as well as to provide recourse for those individuals whose rights may be violated. However, in keeping with the Christian tradition of Mars Hill University, the existence of this policy does not condone or encourage sexual activity of any kind among its students.

**Policy Definitions**
For purposes of this policy, **sexual misconduct** means any physical sexual act perpetrated against a person’s will, or without their consent, or when an individual is incapable of giving consent. Sexual misconduct can be perpetrated upon members of the opposite gender or of the same gender. Sexual misconduct includes, but is not limited to:

1. **Non-Consensual Sexual Intercourse:** Any sexual intercourse, however slight, with any body part or any object, by a man or a woman upon a man or a woman, without effective consent and/or by force. By way of example only, sexual intercourse includes: vaginal or anal penetration by a penis, object, tongue or finger and oral copulation (mouth to genital contact).

2. **Non-Consensual Sexual Contact:** Any intentional sexual touching, however slight, with any body part or any object, by a man or a woman upon a man or a woman, without effective consent and/or by force. By way of example only, sexual contact includes: Intentional contact with the breasts, buttock, groin, or genitals, or touching another with any of these body
 partes, or making another touch you or themselves with or on any of these body parts; or intentional bodily contact in a sexual manner, though not involving contact with the breasts, buttocks, groin, genitals, mouth or other orifice.

3. **Sexual Exploitation:** When a person takes non-consensual, unjust or abusive sexual advantage of another, for his/her own advantage or benefit; or to benefit or advantage anyone other than the one being exploited; and that behavior does not otherwise constitute sexual misconduct. By way of example only, sexual exploitation includes: inducing incapacitation with the intent to rape or sexually assault another student; non-consensual video or audio recording of sexual activity; allowing others to observe a personal act of consensual sex without knowledge or consent of the partner; voyeurism; knowingly transmitting an STD or HIV to another student; prostituting another student (i.e. personally gaining money, privilege, or power from the sexual activities of another student); disrobing or exposing one’s genitals, or inducing another to expose their genitals, in non-consensual circumstances; sexually-based stalking or bullying; and invasion of sexual privacy.

4. **Sexual Harassment:** Unwelcome sexual advances, requests for sexual favors, and other gender-based physical or verbal conduct of a sexual nature where:
   a. Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or education;
   b. Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting the individual; or
   c. Such conduct is severe, persistent or pervasive and has the effect of unreasonably interfering with, denying, or limiting an individual’s ability to participate in or benefit from an educational program or activity, or with their professional performance, creating an intimidating, hostile, or demeaning environment.

A hostile work and/or academic environment is one that both the person who is the object of the harassment finds to be, and a reasonable person in similar circumstances would find to be, hostile or abusive. Harassment is typically persistent action that is part of an ongoing pattern of behavior, but can also be a single isolated incident. Isolated instances of joking, teasing or arguments between two individuals are not necessarily harassment. Occasional compliments of a socially acceptable nature do not normally constitute sexual harassment, and not all verbal or physical conduct will be considered sexual in nature. The context and circumstances surrounding any instance of alleged harassment will be considered when investigating claims of harassment. Such circumstances include, but would not be limited to: whether the conduct was directed at more than one person; whether the conduct was physically threatening; and the frequency, nature and severity of the conduct.

By way of example only, sexual harassment includes: unwelcome or unwanted sexual advances; request for sexual favors; sexual innuendoes; “off-color” jokes; sexually-suggestive comments; offensive or sexual remarks regarding an individual’s clothing, body or sexual characteristics; implied or overt sexual propositions; pressure for sex; leering or ogling; suggestive sounds; obscene or offensive gestures; physical intimidation (blocking exits, cornering, leaning too close, etc.); attempts to coerce an unwilling person into a sexual relationship; sexual violence; stalking and gender-based bullying.

For purposes of this policy, **coercion** means compelling another person to act or not to act as a result of pressure, influence, threat, or intimidation as judged by a reasonable person standard (i.e. would a reasonable person in similar circumstances have felt compelled to act or not act as a result of the pressure, influence threat or intimidation).

For purposes of this policy, **consent** means free, informed, knowing, voluntary and active permission to engage in a particular sexual activity, such that the request and response are clearly communicated and understood. Consent can be given by words or actions, but silence, in and of itself, cannot be interpreted as consent. Consent to any one form of sexual activity cannot automatically imply consent to any other form of sexual activity. In order to give consent, an individual must be of legal age. Sexual activity with someone who is known to be or, under the circumstances, reasonably should be known to be mentally or physical incapacitated (by alcohol, drugs, or otherwise) is without consent. (Incapacitation is a state where someone cannot make a rational reasonable decision because they lack the capacity to give knowing consent.)

For purposes of this policy, **force** means the use of physical violence and/or imposing upon someone physically to engage in a sexual activity. Force can include threats, intimidation, and/or coercion to overcome resistance or produce consent.
5. **Other Gender-Based Misconduct:** Sexual misconduct also includes instances of violence between those that are in an intimate relationship (i.e. domestic violence); and gender-based violations of the Safe Academic & Work Environment Policies (e.g. threatening behavior, stalking, hazing or bullying on the basis of sex).

**Alcohol or other Drug Use**
The use of alcohol or other drugs can have unintended consequences, as alcohol or other drugs can lower inhibitions and create an atmosphere of confusion over whether consent is freely and effectively given. The perspective of a reasonable person will be the basis for determining whether one should have known about the impact of the use of alcohol or drugs on another’s ability to give consent. Being intoxicated or under the influence of drugs does not diminish one’s responsibility to obtain consent and is never an excuse for perpetrating sexual misconduct.

**If You Have a Restraining Orders**
If you have or obtain a restraining order against any individual, you should provide a copy of the restraining order to the Director of Campus Safety & Security.

**If You Are a Victim**
If you are the victim of sexual misconduct, and in particular sexual violence, you should:

- Get to a safe place as soon as possible.
- In the case of an emergency or an actual or an imminent act or threat of violence, call Campus Safety & Security (828-689-1230), the Mars Hill Police Department (828-689-230) and/or dial 911. Remember, when calling from a University phone located in a residential living facility, you must first dial 9, then 911.
- Talk with a counselor who can provide emotional support and give information about resources, while also clarifying your confidentiality options.
  - For on-campus health services, call Stephanie Shelton, 828-689-1243, with the University Wellness Center, (Monday-Friday 8:00 a.m. – 5:00 p.m.).
  - For on-campus counseling services, call Cassie Pavone, 828-689-1196 or Kathy Koontz, 828-689-1410, with the Counseling Center, (Monday-Friday 8:00 a.m. – 5:00 p.m.).
  - For on-campus pastoral counseling, call Stephanie McLeskey, 828-689-1299 (Monday-Friday 8:00 a.m. – 5:00 p.m.)
  - For off-campus counseling and support services, call My Sister’s Place, Madison County’s sexual assault services agency, 828-649-2582 (Monday-Friday, 8:30 a.m. – 5:00 p.m.) or 828-649-2446 (24 hour hotline)
- Remember that a call to Campus Safety & Security does not mean that one has chosen to bring criminal charges. However, Campus Safety & Security officers are trained to assist in securing medical attention and professional counseling while assuring that evidence of the incident is collected and preserved in the event of a later decision to prosecute.
- Understand that reporting a crime to the police is your personal decision, and that reporting does not require you to press charges against the perpetrator. However, you should consider that the perpetrator may have had previous victims, and if attention is not brought on their behavior, it is likely that there will be more victims in the future.
- Understand that the act of sexual misconduct was not your fault, nor did you do anything to cause it or deserve it. 100% of the responsibility lies with the perpetrator.
- Try to preserve all physical evidence. Do not wash, douche, use the toilet, or change clothing if it can be avoided. If changing clothes is a must, put all clothing worn at the time of the attack in a paper bag, not plastic (this is important for evidence collection).
- Get medical attention as soon as possible to address physical health needs and to collect important evidence in the event of a later decision to take legal action. For the purpose of effective evidence collection, physical examination at a local emergency room must take place as soon as possible and no later than seventy-two (72) hours after the assault.

**TITLE IX GRIEVANCE PROCEDURES**

**General Purpose of Policy**
The Title IX Grievance Procedures contained below outline the procedures that should be followed when reporting a violation of the Sexual Misconduct Policy, a gender-based violation of the Safe Academic & Work Environment Policies, and any other gender-based discrimination, as well as the procedures the University will utilize to investigate all such reports.
Criminal Investigation
The University’s jurisdiction in investigating a claim alleging sexual discrimination and/or sexual misconduct is limited as outlined in these Title IX Grievance Procedures. Victims of sexual misconduct may also report violations to local law enforcement for prosecution. However, investigations by the University under these Title IX Grievance Procedures are separate and distinct from investigations by the Mars Hill Police Department, the Madison County Sheriff’s Department or any other local government or State agency.

Policy Definitions
In connection with these Title IX Grievance Procedures, Grievance shall mean any allegation of gender-based discrimination, including allegations of any form of sexual misconduct, or other incidents that have implications under Title IX of the Higher Education Amendments of 1972 (20 U.S.C. § 1681) (“Title IX”) or its implementing regulations. These procedures are applicable to Grievances filed by students, or on their behalf, alleging sexual misconduct or gender discrimination carried out by employees, other students, or third parties. Grievant shall mean the alleged victim, whether or not that individual reports the Grievance on his/her own or the report is made on their behalf. Respondent shall mean any person or entity against whom the Grievance is made. All references to days herein shall refer to business days, unless otherwise noted.

Where to Report Grievances
The University encourages victims of gender discrimination, sexual misconduct and specifically, sexual violence, to talk to someone about what happened to them. The University also encourages victims to report incidents of gender discrimination, sexual misconduct, and specifically, sexual violence, so that it can respond appropriately. A victimized student may not know who to trust or turn to for help, and may also not realize that there are different individuals on campus that have different abilities to maintain confidentiality for the victim. The following information is intended to provide guidance to victims regarding their reporting options:

1. Confidential Reporting - There are trained professionals available at Mars Hill University who can confidentially provide information and support to victims. If you are the victim of sexual misconduct, including sexual harassment, or other forms of gender-based discrimination and you desire to report an incident confidentially, you should speak directly with a medical professional, with one of the counselors in the University's Counseling Center, with a pastoral counselor on campus, or with a counselor at an off-campus rape crisis center, as these individuals are not required to report any information to the Title IX Coordinator without your permission. These individuals may, however, have certain reporting requirements pursuant to their own professional licensure requirements or professional code of ethics. Generally, they can also advise you on confidentiality and the resources available to you. The University’s confidential reporting sources are:
   - For on-campus health services, call Stephanie Shelton, 828-689-1243, with the University Wellness Center, (Monday-Friday 8:00 a.m. – 5:00 p.m.).
   - For on-campus counseling services, call Cassie Pavone, 828-689-1196 or Kathy Koontz, 828-689-1410, with the Counseling Center, (Monday-Friday 8:00 a.m. – 5:00 p.m.).
   - For on-campus pastoral counseling, call Stephanie McLeskey, 828-689-1299 (Monday-Friday 8:00 a.m. – 5:00 p.m.)
   - For off-campus counseling and support services, call My Sister’s Place, Madison County’s sexual assault services agency, 828-649-2582 (Monday-Friday, 8:30 a.m. – 5:00 p.m.) or 828-649-2446 (24 hour hotline)
These counselors can generally assist you with support, health or mental health services, or other accommodations. However, if you desire to maintain confidentiality, the University will be unable to conduct an investigation into the alleged misconduct or to take disciplinary action against the alleged perpetrator. Even if you initially request confidentiality, if you later change your mind, you may report your Grievance to the University's Title IX Coordinator for investigation.

2. Non-Confidential Reporting - If you are the victim of sexual misconduct, including sexual harassament, or other forms of gender-based discrimination, you are encouraged to report such incidents to the University's Title IX Coordinator or to any of the University's "responsible employees". The following employees and categories of employees are the University’s responsible employees: Campus Safety & Security officers, the Assistant Vice President for Student Development, the Executive Vice President for Academic & Student Affairs, the Director of Human Resources, University President, other administrators, resident advisors, faculty members, academic and student organization advisors, and coaches. These responsible employees must report the matter to the University's Title IX Coordinator for investigation in accordance with the University’s Title IX Grievance Procedures.
The University’s Title IX Coordinator is:
Deana Holland
Director of Human Resources & Title IX Coordinator
209 Nash Hall
Mars Hill University
828-689-1275
dholland@mhu.edu.

The responsible employees must also provide the University’s Title IX Coordinator with all relevant details regarding the allegations of sexual misconduct that have been shared and that the University might need to determine what has transpired and what is necessary to resolve the situation. This includes, but would not be limited to, the names of the alleged victim and alleged perpetrator, the names of witnesses, the date, time, and location of the incident, and the nature of the incident.

Occasionally, someone other than the actual alleged victim will report a Grievance and the alleged victim indicates that they do not want their identity disclosed or that they do not want to participate in the investigation. Likewise, occasionally a Grievant will report a Grievance and then indicate to the University that they do not want the University to investigate or that they want to maintain confidentiality. While the University will attempt to honor the student’s requests, the University’s ability to respond to a Grievance may be materially limited if the Grievant or alleged victim insists that he or she not be identified. The University will make every reasonable effort to maintain confidentiality and privacy to the extent possible for all parties involved throughout the Grievance Procedures. However, once a Grievance has been reported, the University cannot ensure the Grievant that his or her identity will remain confidential, and in some instances will continue its investigation despite the requests of the alleged victim or Grievant.

In such situations, the University must weigh the request of the Grievant against the University’s obligation to provide a safe, non-discriminatory environment for all students. A number of factors will be considered, including the following: whether there is a risk of additional misconduct or violence by the alleged perpetrator (e.g. other complaints or allegations against the perpetrator; and a criminal history of violence); whether violence is alleged and if so, whether it involved a weapon; whether the University has the means of investigating the incident via other means (e.g. security cameras or eye witnesses); whether there is evidence of a pattern of behavior by an individual or group. If none of these factors are present, the University may be able to honor the victim’s request for confidentiality.

If the University determines that it cannot maintain confidentiality, it will notify the victim prior to starting an investigation in accordance with the Title IX Grievance Procedures. The University will also make every effort to only share information with those necessary to complete the investigation and effectively handle the response.

If you have questions regarding your confidentiality options, the University has designated the following individuals to evaluate requests for confidentiality once a responsible employee is on notice of alleged sexual misconduct:
Deana Holland
Director of Human Resources & Title IX Coordinator
209 Nash Hall
Mars Hill University
828-689-1275
dholland@mhu.edu

3. **Federal Statistical Reporting & Warning Obligations** – Victims should be aware that the University is required to report certain sexual assault, domestic violence, date violence and stalking incidents for federal statistical reporting purposes. Accordingly, there are certain individuals at the University (responsible employees, as well as those involved with campus safety or student conduct, coaches, athletic directors, residence life staff, human resources staff, student activities staff, advisors, and all other individuals with significant responsibilities for student and campus activities) that must report any incidents to Campus Safety & Security for compilation and statistical reporting. The general information reported includes the general nature of an incident, the date and its location. No personally identifiable information will be disclosed.

You should also be aware that, in other instances, when a reported incident is confirmed to pose a substantial threat of bodily harm or damage to members of the University community, the University must issue timely warnings to the
When to Report Grievances
Grievances should be reported as soon as reasonably possible and within 60 calendar days of the incident resulting in the Grievance. However, the University reserves the right to investigate and act on any Grievance reported involving incidents that occurred outside of this time limit.

How to Report Grievances
Grievances may be reported in person, over the phone or in writing. The initial report, if in writing, should include the following basic information:

- Name and contact information of Grievant(s);
- Nature of the alleged violation;
- Name of the Respondent, or other persons involved and responsible for the alleged violation, if known;
- Indication of whether the Grievant consents to the disclosure of their identity to the Respondent;
- Relief or corrective action requested by the Grievant(s); and
- Any other information the Grievant believes to be relevant including to the investigation of the Grievance, including the names of other groups or persons affected by the alleged violation.

If the initial report is not made in writing, the Title IX Coordinator will ask the Grievant to submit a written report providing the above information. Upon request, the Title IX Coordinator can provide a form for submission of the foregoing information, and can assist the Grievant in completion of the form.

In the event a report or complaint is made to the Title IX Coordinator that does not have Title IX implications (i.e. it does not allege discrimination, harassment or violence, on the basis of sex (gender), including claims of sex discrimination, sexual harassment, sexual misconduct and/or sexual violence) the claim will be reported to the proper University official for investigation as a non-gender based violation of the Safe Academic & Work Environment Policies or otherwise under the Code of Student Conduct.

A complainant is entitled to withdraw his or her complaint at any time. However, the University reserves the right to complete any investigation it deems necessary.

Limited Immunity
The University does not condone underage drinking or violations of the law or the University’s alcohol policy. However, the University will extend limited immunity from sanctioning (in the case of illegal alcohol or drug use) to victims and to those reporting incidents and/or assisting the victims of sexual misconduct. Limited immunity means that, depending on the nature of the victim’s or the reporting student’s violation, it will still be dealt with by the University, through education or counseling, if possible. This decision rests with the Grievance Administrator and/or Review Board.

Confidentiality During Investigation
All parties involved in any aspect of the Title IX Grievance Procedures are expected to maintain confidentiality throughout the process.

Retaliation
Retaliation against any individual who files a Grievance or who participates in these Grievance Procedures is prohibited. For purposes of this policy, retaliation could include, but would not be limited to, whether directly or by means of, for example, social media, harassment, intimidation, bullying of any form, including physical, verbal or indirect abuse, social isolation or exclusion, and unfavorable treatment on account of the Grievance or the participation in the Grievance Procedures, Individuals who believe they have been retaliated against should notify the Title IX Coordinator. Retaliation may result in disciplinary action or other appropriate sanctions by the University in accordance with these Grievance Procedures.

Interim Measures
It is the goal of the University to investigate all Grievances in a prompt and equitable manner. According, the University strives to complete and resolve a filed Grievance within 60 business days or less (exclusive of any appeal). During the Grievance process, the University may take Interim Measures (by way of example only: suspensions; changes in housing assignments or class schedules; the issuance of no-contact orders; academic support, counseling, health and mental health services) to ensure the safety of all members of the University community. If Interim Measures are taken, the Title IX Coordinator and/or the Executive
Vice President for Academic and Student Affairs shall notify the Grievant, the Respondent, or any other individual or entity affected by the Interim Measures, in writing.

In considering the appropriateness of Interim Measures, factors including the following shall be considered: seriousness of the allegations; current housing, class schedules, etc. of the Grievant and Respondent; restraining orders or other civil protections secured by the Grievant; and specific needs and requests of the Grievant. Any Interim Measures taken by the University shall not replace these Grievance Procedures, and, if necessary, the appropriateness and continuation of the Interim Measures shall be considered as part of the Initial Investigation and Review Board Hearing.

Procedures

1. Receipt of Initial Grievance. If a Grievance is reported to a responsible employee other than the University’s Title IX Coordinator, the person receiving the initial report shall notify the University’s Title IX Coordinator of the Grievance within 2 days of receipt of the report. If the Title IX Coordinator is alleged to have been involved in a violation, the Grievance shall be reported to the Executive Vice President for Academic and Student Affairs, who will fulfill the responsibilities of the Title IX Coordinator with regards to the Grievance.

2. Notice of Grievance to Respondent & Opportunity for Response. Within 5 days of receipt of a report of a Grievance, the Title IX Coordinator, with the assistance of other University officials, shall make a preliminary inquiry and initial determination as to whether or not the Grievance falls within the scope of these Grievance Procedures and whether further investigation is necessary. If the Title IX Coordinator determines that further investigation regarding the Grievance is necessary under these Grievance Procedures, the Title IX Coordinator shall provide written notice of the reported Grievance to the Respondent (either by providing the Respondent with a copy of the written initial report of the Grievant or by providing the Respondent with a summary of the allegations and requests made by the Grievant). In this notice, the Respondent shall be advised that a written Response to the Grievance may be filed with the Title IX Coordinator within 5 days of notice of the Grievance. The Response, if any, should confirm or deny the factual allegations; indicate the extent to which the Grievance has merit; and indicate whether the Respondent accepts or rejects the desired outcome requested by the Grievant or outline an appropriate alternative outcome. If the Respondent files a Response, the Title IX Coordinator shall provide a copy of the Response to the Grievant upon receipt.

3. Notice of Investigation and Board Composition. Upon receipt of the Response, or upon expiration of the 5-day period following notice of the Grievance to the Respondent, the Title IX Coordinator shall assign individuals to a Review Board to handle the Grievance, and shall assign one member of the Review Board as the Grievance Administrator, and one member of the Review Board as the Chairperson. The determination of which individuals to assign to the Review Board and to the positions of Grievance Administrator and Chairperson shall be dependent upon the nature of the Grievance, and shall be left to the discretion of the Title IX Coordinator. At the same time, the Title IX Coordinator shall deliver a copy of the Grievance and Response, if any, to the Grievance Administrator assigned to the Grievance. The Title IX Coordinator shall also provide written notification to the Grievant and to the Respondent of the Grievance Administrator and Review Board assigned to the Grievance.

4. Informal Resolution. Prior to the Initial Investigation, and at any time during the Grievance process, the Title IX Coordinator and/or the Grievance Administrator may inquire of the parties if they wish to participate in informal resolution of the Grievance. If both the Grievant and the Respondent agree to do so, the Grievance Administrator will meet with the parties and informally attempt to resolve the Grievance through mediation or may ask the parties to participate in a mediation conducted by an independent (i.e. non-University affiliated) mediator. If the parties can reach an agreement, it shall be memorialized in writing and signed by both the Grievant and Respondent, and no further action will be taken in connection with these Grievance Procedures. However, Grievances alleging sexual assault or other sexual violence may not be resolved through this informal process, even with the parties consent.

5. Initial Investigation.
   a. Unless an informal resolution is pursued, the Grievance Administrator shall commence an investigation within 5 days of receipt of the Grievance and Response, if any, from the Title IX Coordinator. The Grievance Administrator may elect to have one or more additional members of the Review Board assigned to the Grievance participate in all or part of the Initial Investigation. As part of the Initial Investigation, the Grievance Administrator, or his or her designees, may interview the Grievant, the Respondent and any other witnesses
they believe have information pertaining to the Grievance. The Initial Investigation must be completed by the Grievance Administrator within 10 days, unless, in the judgment of the Grievance Administrator or the Title IX Coordinator, additional time is needed to complete the investigation. If additional time is needed to complete an Initial Investigation the Title IX Coordinator shall notify the Grievant and Respondent in writing of the date by which the Initial Investigation must be concluded.

b. The Initial Investigation by the Grievance Administrator may include: the review of the initial written report from the Grievant and any Response by the Respondent; interviews with the Grievant and the Respondent; interviews of witnesses including those identified by the Grievant and/or by the Respondent; the review of other relevant documents provided by the Grievant, Respondent or other witnesses, and/or documents requested by the Grievance Administrator, including student and personnel files; the review of security video from Campus Safety & Security; and, to the extent available, the review of any reports, or the investigatory materials, if possible, from local law enforcement.

c. Upon the conclusion of the Initial Investigation, the Grievance Administrator shall prepare a written Initial Investigation Report setting forth the results of the Initial Investigation, including his or her recommendations regarding any appropriate disciplinary action and/or remedial steps to ensure that the discrimination, harassment or misconduct has ended; to prevent the recurrence; and to address the effects. The Initial Investigation Report shall be delivered to the Title IX Coordinator, who will then disseminate a copy to the Grievant and Respondent.

d. If no appeal is undertaken in accordance with Paragraphs 6 and 7 below, the Assistant Vice President for Student Development, in consultation with the Executive Vice President for Academic & Student Affairs, will review the Grievance Administrator’s recommendations regarding any appropriate disciplinary action and/or remedial steps to ensure that the discrimination, harassment or misconduct has ended; to prevent the recurrence; and to address the effects, and will make the final decisions regarding what disciplinary action will be administered and what remedial measures will be taken. The Title IX Coordinator shall provide the Grievant (to the extent appropriate), Respondent and the appropriate University officials written notice of the decision within 10 days (of the expiration of the appeal period).

6. **Right of Appeal to the Full Review Board.** Either the Grievant or the Respondent may formally appeal the Initial Investigation Report of the Grievance Administrator to the full Review Board assigned to the Grievance, for any one or more of the following reasons: a. alleged procedural errors that resulted in a material or substantial impact on the findings of the Grievance Administrator; b. assertions that the recommended disciplinary action and/or remedial measures are disproportionate to, or inadequate to address, the offense or violation; c. to present new evidence that was not available at the time of the Initial Investigation by the Grievance Administrator; and/or d. alleged failure by the Grievance Administrator to consider all of the relevant facts or to interview all of the relevant witnesses in completing the Initial Investigation. The appeal must be in writing, must specify one or more of the foregoing reasons for the appeal, and specifically describe the alleged procedural violation, the basis for the belief that the disciplinary action and/or remedial action are inappropriate, the new evidence that was not previously available, and/or the facts and/or witnesses that it is alleged the Grievance Administrator did not consider. This written appeal must be filed with the Title IX Coordinator within 5 days of receipt of the report from the Grievance Administrator. The appeal will be limited to the reasons stated in the written appeal. No additional action will be taken with respect to appeals that are not timely filed.

7. **Appeal Procedures.**
a. Timely appeals will be heard before the full Review Board assigned to the Grievance at a hearing no less than 5 and no more than 15 days after the appeal is filed with the Title IX Coordinator. Appeals hearings will be limited to those matters the party appealing requests (i.e. an appeal of the findings and proposed disciplinary action or remedial action, or an appeal of just the proposed disciplinary action or remedial action). If the appeal is based upon either the identification of new evidence or allegations that the Grievance Administrator failed to consider all relevant evidence, the Review Board will evaluate and make findings using a preponderance of the evidence standard (i.e. is it more likely than not that the sexual harassment, sexual misconduct, or other action alleged in the Grievance occurred), and will then determine what disciplinary action and/or remedial action is necessary, to ensure that the discrimination, harassment or misconduct has ended; to prevent the recurrence; and to address the effects. If the appeal is only of the disciplinary action or remedial action recommended by the Grievance Administrator, the Review Board shall convene only to discuss the appropriateness of the disciplinary action and/or remedial action, to ensure that the discrimination, harassment or misconduct has ended; to prevent the recurrence; and to address the effects. If an appeal is only of an alleged procedural error, the
Review Board shall convene to determine if a procedural violation occurred and, if so, to determine if it was a prejudicial error. If it is determined that prejudicial error occurred, the Review Board will conduct a full hearing on the matter. If it is determined that the procedural error was not prejudicial, the findings and recommendations of the Grievance Administrator will stand.

b. The Review Board Chairperson shall preside over the hearing. To protect the confidentiality of all parties, the hearing will not be open to the public. Neither the Grievant nor the Respondent has the right to be represented by an attorney at the hearing. The Grievant and Respondent may have another member of the University’s community present, as a Support Person, while they appear before the Review Board. The Support Person may not be an attorney and may not participate in the hearing. Witnesses at a hearing may not also serve as a Support Person. Both the Grievant and the Respondent shall be entitled to make an oral statement to the Review Board and, to the extent appropriate, present witnesses and evidence to the Review Board. In cases involving appeals based solely on alleged procedural error, it shall be in the discretion of the Review Board whether or not to allow the Grievant and the Respondent to be present. However, the Grievant and Respondent shall be treated the same. In other appeals, it shall also be in the discretion of the Review Board to determine whether the Grievant and Respondent appear at the same time or if the Grievant and Respondent shall appear before the Review Board separately, as well as to determine whether the Grievant and the Respondent attend the entirety of the hearing. However, the Grievant and Respondent shall be treated the same. An equal amount of time shall be given to the Grievant and to the Respondent for their statements and evidence. The Review Board may also ask questions of the witnesses, the Grievant and the Respondent. Formal rules of evidence shall not apply.

c. At the conclusion of the appeal hearing, the Review Board shall meet and deliberate in private, and the Board Chairperson shall prepare a written Review Board Report setting forth the results of the Review Board Hearing, including, if appropriate, the findings of the Review Board and/or their recommendations regarding any appropriate disciplinary action and/or remedial action needed to ensure that the discriminatory, harassment or misconduct has ended; to prevent the recurrence; and to address the effects. The Review Board Report shall be submitted to the Title IX Coordinator in writing within 5 days of completion of the appeal hearing. The Title IX Coordinator shall provide the Grievant, Respondent and the appropriate University officials written notice of the Review Board’s decision within 5 days.

d. The Assistant Vice President for Student Development, in consultation with the Executive Vice President for Academic & Student Affairs and the President, will make the final decision regarding remedial action to be taken and/or disciplinary action to be administered. The Title IX Coordinator will notify the Grievant and Respondent in writing of the final remedial action taken and disciplinary action to be administered within 5 days of the decision. The University will disclose to the Grievant the decision of the Review Board and any sanctions imposed upon a student Respondent that directly relate to the Grievant (e.g. an order to stay away from the Grievant). However, in accordance with the Family Education Rights and Privacy Act (FERPA) regulations, the University may not be able to disclose to the Grievant all details of the sanctions imposed or disciplinary action taken.

8. Disciplinary Action and Remedial Measures

a. The disciplinary action recommended by the Grievance Administrator and/or the Review Board, and/or determined by the Assistant Vice President for Student Development and the Executive Vice President for Academic & Student Affairs, could include, but would not be limited to, the following:

- **Students** – warning, community service, counseling, suspension, prohibition from participation in athletics or in other student organizations, expulsion, and/or any and all other sanctions as specified in the Code of Student Conduct.

- **Student organizations or athletic teams** – warning, community service, suspension or prohibition from participation in University events; and suspension or prohibition of the University’s recognition of the student organization or athletic team.

b. The remedial action recommended by the Grievance Administrator and/or the Review Board, and/or determined by the Assistant Vice President for Student Development and the Executive Vice President for Academic & Student Affairs, could include, but would not be limited to, the following:

- **Remedies for the Grievant** – If not already implemented as part of an Interim Measure, counseling; campus escorts; changes in housing assignments or class schedules; issuance of no-contact orders; academic support; and/or health and mental health services.

- **Remedies for the University Community** – additional training of students and/or employees on the prevention of sexual violence, the school’s response to sexual violence, and/or the Title IX investigation
process; conducting of bystander intervention and sexual violence prevention programs; adding additional counselors or victim advocates; increased campus security or surveillance; and/or conducting a climate survey.

Involvement of the Title IX Coordinator
The University strives to provide a prompt, thorough, and impartial resolution to all Grievances, and the Title IX Coordinator may therefore be involved with the Initial Investigation and/or other aspects of the Grievance Procedures as is necessary. The Title IX Coordinator shall not serve as a member of the Review Board or as the Grievance Administrator, but shall be present at the Review Board hearing and shall act as a moderator and recorder of the hearing.

Records Retention
The Title IX Coordinator shall maintain confidential records of any Grievance filed for a period of at least 3 years from the conclusion of a Grievance. The records shall include at a minimum the name of the Grievant, the Grievance form or written notice of the Grievance; the name of the Respondent, the Response, if any; the decision of the Grievance Administrator, if any; and the decision of the Review Board, if any.

Scope and Modification of Grievance Procedures
These Grievance Procedures are in addition to and do not modify or change the existing procedures utilized by the Student Conduct Board (formerly known as the Judicial Board) when investigating non-gender based (i.e. non-Title IX based) claims or complaints. Likewise, these Grievance Procedures do are not used and do not impact the investigation of non-gender based allegations of misconduct under the Safe Academic and Work Environment Policies, as described below. The University reserves the right to modify, alter or substitute, in whole or in part, the Grievance Procedures set forth herein to comply with the Title IX regulations.
ACADEMIC PROGRAM, EXPECTATIONS, & POLICIES

Academic Program
The academic program of the University includes all persons and activities related directly to registration, the program of instruction, and the recording and reporting of grades. Details concerning academic requirements and procedures are contained in the Academic Catalog. Information in this part of the handbook is designed to be explanatory in nature and should be used as a substitute for your Academic Catalog.

Registration and Schedule Changes
Registration – Courses are offered on a semester basis with schedules published in PowerCampus Self-Service in October and March for the following semesters. Early registration with advisors is held for continuing students during the fall and spring semesters. Continuing students not registered during early registration may register at the beginning of the semester with the new students. No student may attend class unless cleared by the Business Office and officially registered.

Drop/Add – During the first five days (two days in summer terms) of class, a student may make schedule changes with advisor authorization. Normally, no course may be added after these five days (two in summer); however, exceptions may be made with the approval of the instructor and the registrar. If a student fails to attend class during the first four days of regular classes, a faculty member may request the student be dropped from a class roll.

Repeat Course Policy
Courses in which a student has earned a grade of F, U, or W may be repeated. The grade and hours for each attempt will be recorded, but the grade and hours for the last attempt will be used to calculate earned hours and the grade point average (GPA). A student may not repeat a course for which he/she has a passing grade (D or better). Students who repeat a course are not eligible for graduation honors.

Dropping and Withdrawing from Classes
A student is allowed to drop a course, with advisor authorization, during the first 20 days of classes (two weeks for AGS short-term classes; five days for summer session classes) with no grade entry on the transcript. All courses on the student’s schedule after the 20th day of class are considered courses attempted and will appear on the student’s transcript. After the 20th day of class and before the stated deadline in the academic calendar (typically the day following fall or spring break), a student is allowed to withdraw from a class with a grade of “W” as long as the student maintains full-time status (12 semester hours) after the withdrawal. After this stated deadline, a student may not withdraw from class/classes, but must withdraw from the university (see section below). Courses for which a grade of “W” is posted will remain on the transcript, but the grade will not be calculated in the grade point average.

Withdrawal from the University
To withdraw from the university, a student must obtain the appropriate withdrawal form from the Registrar’s Office and follow the specific withdrawal procedures. Withdrawal from the university after the stated deadline (typically the day following fall or spring break) will result in grades of “F” for all classes, unless the withdrawal is for medical or psychiatric reasons or for extraordinary extenuating circumstances which are approved by the chief academic officer for grades of “W”. No withdrawals, including medical or psychiatric, are allowed in the last two weeks of regular classes.

Medical and Psychiatric Withdrawals
Medical withdrawals are reserved for students with serious medical or psychiatric conditions that require extended leave from the university. A medical withdrawal requires documentation of the student’s condition by a qualified medical professional that must be received by the university within ten working day of the initiation of the withdrawal. Medical withdrawals are reviewed for approval by the Director of Medical Services and/or the Director of Counseling.

Administrative Withdrawals
A student who fails to attend classes for two consecutive weeks may be administratively withdrawn from all classes. Grades will be entered on the student’s transcript according to withdrawal guidelines.

Other Withdrawals
Withdrawals for extenuating circumstances must be approved by the chief academic officer. AGS students’ withdrawals must also be approved by the Dean of Adult and Graduate Studies.
Financial Obligations and Refund Policy for Withdrawing from University  The financial balance due of a student who withdraws will be computed on total charges for tuition, room and campus dining, but not on other charges and fines. Please refer to the Financial Information section of the Academic Catalog for financial responsibilities when withdrawing.

Academic Probation and Suspension
Mars Hill University students must demonstrate their ability to perform satisfactorily both by grade point average and by hours earned. To remain enrolled in good academic standing, a student must have maintained the following cumulative grade point average and earned the minimum hours listed at the end of any semester:

**Qualitative Standards**
- Freshmen (0-27 hours earned) 1.50
- Sophomores (28-59 hours earned) 1.80
- Juniors and above (60+ hours earned) 2.00

**Quantitative Standards**

A student earning a term grade point average of 0.0 in his or her first semester at Mars Hill University will be placed on immediate academic suspension. Other students who do not meet the minimum requirement will be placed on academic probation for the following semester. A student who fails to meet the requirements during the probationary semester will be placed on academic suspension.

Students placed on academic suspension at the end of the spring semester may use the summer session to meet the minimum grade point average to be reinstated for the fall semester; those placed on academic probation may use the summer session to improve their grade point average and remove probation before the fall semester begins.

A suspended student may appeal to the Admission, Academic Standards, and Financial Aid Committee by completing an official appeal form. Students who have been academically suspended may apply for readmission through the Admissions Office after one semester, during which the student must have attended another institution to raise his or her grade point average to the required standard.

**Academic Suspension Check-Out**
Students who are placed on academic suspension must appeal their suspension within 10 weekdays or vacate their residential housing assignment, to include a proper check out with a residence life staff member. This appeal must be in writing or via email to the chair of the Admissions and Academic Affairs Committee. Any student who does not appeal by the date specified by the Academic Affairs Committee, or whose appeal is denied, must vacate their housing assignment by noon on the date specified by the Council. For each day that the housing assignment is not vacated, a $50.00 fee is assessed. After 5 work days, the housing assignment will be emptied out at an additional expense of $200.00. All items removed from the housing assignment will be donated to a local charity.

**Academic Appeals Procedure**
Only academic matters come under these guidelines. Personnel matters are handled by the appropriate administrators, and student conduct issues are covered by Student Code of Conduct procedures. The following section clarifies rights and responsibilities of the faculty and students in the academic areas of campus life. Statements of grievance and appeals of decisions should adhere to standards of fairness, civility, and responsible citizenship and must not infringe upon the rights of either students or instructors.

**Basis for Appeals**
When a student believes that a decision of an academic nature has been made unfairly or improperly, he or she may appeal that decision. An appeal should be initiated only when the student considers the case serious and for which substantial supporting evidence is available. The following are categories of decisions that may be appealed:

1. Grading: To appeal a grade, a student must have verifiable evidence that the grade is inconsistent with the work done
in the course or that an instructor failed to take into account valid and verifiable extenuating circumstances that interfered with the student’s opportunity to complete and submit required course assignments in a timely manner.

2. Breaches of Academic Integrity: A student who has been accused of plagiarizing, cheating, or otherwise engaging in academic dishonesty by an instructor and whose work in the instructor’s course had been graded accordingly may appeal the instructor’s decision.

3. Transfer Credit: A student who believes credits transferred from another institution have not been properly evaluated may request that they be reevaluated. To do so, the student must provide copies of the other institution’s appropriate academic catalog(s) and course syllabi.

Procedure for Appeal
To appeal a decision of an academic nature, a student must proceed through the following steps:
1. The student must make an appointment to meet with the instructor (or Registrar, in the case of transfer credit appeals) to discuss the decision being appealed. Whenever possible, this meeting must take place in person.

2. If the student is not satisfied after having met with the instructor, the student may appeal the instructor’s decision to the instructor’s supervisor, typically either the department chair or the division dean. The supervisor will convene a meeting of the student, the instructor, and him- or herself, will hear the reason for the appeal and examine the evidence, and will issue a ruling in writing to both parties.

3. If the supervisor’s ruling is considered unacceptable, either party may lodge a formal appeal of the ruling in writing to the chief academic officer, who will refer the matter either to the Committee on Admissions, Academic Standards, and Financial Aid or to a special Board of Academic Appeal, at his or her discretion. A meeting of the committee or board will take place within two weeks of submission of the formal appeal, during which both the student and the instructor will provide relevant evidence. Within one week of this meeting, the chair of the committee or board will issue a decision about the appeal, which is final and binding.

UNIVERSITY SERVICES AND INFORMATION

**Adult and Graduate Studies (AGS)**

Adult and Graduate Studies (AGS) is Mars Hill’s program for working adults who are completing degrees and licensure in the evenings and on weekends on campus, at off-campus sites, and online. AGS offers undergraduate programs in Education, Business, Social Work, and Criminal Justice as well as a graduate program in Elementary Education. The AGS course schedules are designed for the unique needs of non-traditional students and are not necessarily appropriate for traditional students. However, when space is available, traditional students may register for AGS courses provided they receive permission from their academic advisor, the appropriate academic administrator (chair or dean), and the Dean of Adult & Graduate Studies. More information may be obtained by visiting the AGS office on the exterior lower level of Renfro or by phoning 828-689-1166. Mars Hill’s Asheville Center for Adult & Graduate Studies is located at 303B Airport Road in Arden.

**Adult Graduate Studies (AGS)/Summer School**

Summer school is an integral part of the AGS program at Mars Hill. Classes are available to traditional and non-traditional students. The same academic standards are maintained, and the credits earned are equal to those available during the regular academic year. Courses are offered on campus, at off-campus sites, and online. Regular faculty and staff are on hand for the summer, supplemented by visiting professors and resource persons recruited for their specialties. All facilities of the campus – the pool, fitness center, tennis courts, library, track and outdoor playing fields – are available for student use. A student may earn a total of nine semester hours credit during each five-week summer term.

**Business Office**

**Financial Obligations and Refund Policy for Withdrawals**

The University contracts for various services it provides to students. Most obligations are made in the spring for the following academic year. These include (but are not limited to) faculty/staff salaries, food service management and commitments to new students. Registration is considered a contract binding the students and their parents for charges for the entire semester. The University will, however, allow a reduction in charges through the first four weeks of the semester in certain cases.

A student who drops below 12 credit hours after the end of four weeks from the date of registration will be charged the full semester’s charges.

A student who leaves school because of personal illness must obtain a statement from a physician chosen by the university who recommends discontinuance. Refunds for certified medical withdrawals will be computed using the reduction schedule below.

A student suspended for disciplinary purposes will not receive reductions and is liable for the cost of the entire semester.

The Refund Policy as it pertains to federal aid recipients is subject to change as necessary to remain in compliance with federal regulations.

Financial obligation to the university is calculated at a percentage rate as follows:

- Withdrawals during the first week of classes for each semester result in a financial obligation of 20%
- Withdrawals during the second week of classes for each semester result in a financial obligation of 40%
- Withdrawals during the third week of classes for each semester result in a financial obligation of 60%
- Withdrawals during the fourth week of classes for each semester result in a financial obligation of 80%
- Thereafter, 100% obligation is due to the university for tuition, room, and board. Fees and fines are 100% obligation.

**Insurance**

Medical insurance is part of MHU enrollment requirements. Proof of coverage must be received in the Business Office by the deadline of September 1 (February 1 for new spring enrollees). If proof is not supplied by the deadline date, students will automatically be enrolled in the University’s medical plan.

**Campus Vending**

Vending services are provided on campus by the Auxiliary Services Department and machines are located in many of the campus buildings. Any problems, including request for refunds, should be reported to the Office of Auxiliary services at 828-689-1167 during regular hours. Students who are charged with vandalizing vending machines will be subject to the Student Code of Conduct and will be sanctioned accordingly.
Career Development Center

The Career Development program at MHU assists students in the career decision-making process, as well as with career development opportunities during and after graduation. The Center aims to provide students with the resources to help make informed choices, develop experience and skills in their fields of interest, and to apply their personal values, preferences, and strengths towards a rewarding career path. We also try to increase students’ understanding of the value and marketability of a liberal arts education in the world of work. Building meaningful networks related to job opportunities, internships and a wide variety of for-profit, non-profit, and public organizations is part of this program. Mars Hill alumni, community partners, and parents can play an important role in the network.

The Career Development offices are located at Room 204/6 on the first floor of Spilman Hall, on the main quad. You are invited to stop by and talk with the director, Gill Bosonetto, about your career concerns, or to log onto the career development website at http://www.mhu.edu/career-development. (Find under Academics on the MHU Home website.)

At this site you can access information about our on-campus career development services, and you may also explore job opportunities and career information by clicking on NACElink, Learning Express and other web-based jobs, graduate school and career databases from the comfort of your own computer/mobile device at any time.

Center for Community Engagement

The Center for Community Engagement develops deep and meaningful student learning opportunities that incorporate mutually beneficial partnerships to meet needs in the community, region and world. The Center is committed to establishing and sustaining relationships with non-profits and governmental agencies to promote student learning that builds responsible citizenship, character development and connection to the world of work.

Students who are interesting in volunteer experiences should contact the office to receive weekly email updates of service opportunities in our area.

Center for Student Success

The Center for Student Success is located in Marshbanks 303 and includes the Student Persistence and First Year Experience programs. Lisa Wachtman, Director of Student Persistence, may be contacted at 828-689-1480; Amy Carraux Price, the Director of the First Year Experience, may be contacted at 828-689-1481.

The Center for Student Success offers a variety of services to support students:

- Connections to other campus resources and services
- Workshops and trainings related to study skills and student success
- Regular feedback from professors through the Early Alerts program
- Personalized Action Plans for academic success
- Coordination of SOAR and First Year Orientation to assist in transition to Mars Hill
- Someone to talk to about all things Mars Hill

Early Alert Program

Surveys are sent out to all instructors approximately every two to three weeks during the semester; this gives instructors a chance to report problems in a way that gives students the opportunity to take some action to increase their chances of success. This is simply a tool that the Center for Student Success uses to communicate with students so they are fully aware of issues that may be affecting their success.

For students who have an alert, an email is automatically generated to let them know what the general issue is in the course for which they receive an alert. They are instructed to speak with their instructor and/or academic advisor. Of course, students are always welcome to contact or visit the Center for Student Success office if they have questions or concerns about the Early Alerts they receive.
• Academic Alert— poor performance in the course to date
• Attendance Alert— missing too many classes

Advisors are given a list of their advisees with alerts and are yet another means of support to students who are having difficulty. We care about student success. Our goal is to provide students with the tools they need to make not only their time at MHU successful, but to help make them successful as they move beyond college!

Contact Lisa Wachtman, Director of Student Persistence, at 828-689-1480 for more information.

Counseling Center
College is a time of growth and change. Students are making major life decisions. It is common for difficulties and questions to arise during this period of transition. Students seek counseling for lots of reasons: feeling overwhelmed, feeling homesick, dealing with anxiety, depression, substance abuse, and eating disorders just to name a few. Sometimes students just want to have a sounding board to understand themselves better. The Counseling Center can be a safe environment to explore values, coping styles, strengths, and how to deal best with life experiences and issues.

Mars Hill University provides services through the Counseling Center with the purpose of providing each student the support they need to have a rewarding college experience. The Counseling Center provides individual counseling, group counseling, as well as healthy lifestyle education, consultation, case management, and assessment and referral services.

You will meet with a licensed counselor who is caring and who respects your privacy. During your first visit, the counselor will ask you about your concerns and you and the counselor will discuss how best to meet your needs and goals. You and the counselor will work together to help you feel better and learn to cope more effectively with stressors in your life.

The Counseling Center is open Monday through Thursday, 9:00 AM-5:00 PM and Friday 9:00 AM-12:00 N or by appointment and is located on the second floor of the Robinson Infirmary (Wellness Center). Students may schedule appointments by calling the Counseling Center at 828-689-1196; sending an email to cpavone@mhu.edu; or visiting the Counseling Center during regular business hours. For mental health emergencies after hours, call Campus Security 828.689.1230 and they will contact the counselor on call or the on-call counseling service.

For more information please visit our webpage at www.mhu.edu/campus-life/counseling-center.

Disability Services
The Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 both affirm that individuals with disabilities should have equal access to social, economic, cultural and educational aspects of national life. Mars Hill University does not discriminate on the basis of disability in employment or admission, and the university makes reasonable accommodations as needed for persons with documented disabilities.

Disability Services are coordinated through the Mars Hill University Counseling Center to assist those students with a documented disability in accessing appropriate accommodations to facilitate their optimum educational experience. Any Mars Hill student with a disability may officially request timely, reasonable accommodations through the Disability Services Office.

The Disabilities Service Office is located on the second floor of Robinson Infirmary (Wellness Center) and is open Tuesday 9:00 AM-5:00 PM, Wednesday and Friday 9:00 AM-3:00 PM. Appointments are available for your convenience by contacting kkoontz@mhu.edu or phoning the Disabilities Services Office at 828-689-1410.

In the college setting, a student is expected to self-advocate for their needs and to self-identify as a person with a disability. Students who wish to declare a disability and request accommodations will need to provide appropriate documentation of their disability, describe how their disability limits them in the college setting and articulate how their requested accommodations will provide equal access. The Disability Coordinator is available to help students to navigate the accommodations process, to request appropriate and reasonable accommodations, and to help ensure that students receive the accommodations to which they are entitled.
Students who wish to declare a disability and request accommodations must meet with the Disabilities Coordinator, complete the Disability Information Release/Accommodations Request Form and provide documentation of their disability. The Accommodations Request Form, documentation guidelines, and further disability information can be found on the MHU website under Disability Services.

Upon receipt of the required materials, the Disabilities Coordinator and/or the Disabilities Committee then review the accommodations request and supporting documentation, and students are notified by letter regarding their approved accommodations. Students with approved accommodations meet with the Disabilities Coordinator to complete their Academic Accommodations Plan, which alerts course instructors of the students’ need for classroom accommodations.

If the student’s documentation does not meet the University’s guidelines, the student may seek out additional private evaluation or further information from his/her evaluator and supply this information to the Committee on Disabilities for reconsideration.

**Diversity and Multicultural Affairs**

The mission of the Diversity and Multicultural Affairs Department is to encourage and create a enhanced culturally campus environment through inclusive education, advocacy, social justice, diversity, and leadership opportunities. It is our goal to provide and promote diverse events such as: lectures, concerts, cultural awareness programs, films, and workshops that will assist our students in an understanding of world views that influence their work and relationships. **First Year Experience 111 (FYS 111)**

All first-year students take FYS 111: First Year Seminar, a theme-based course designed to provide an orientation to the liberal arts, ways of learning, and campus resources. FYS 111 aims also to help students develop the knowledge, skills, and dispositions it will take to succeed at the university. It is the first of a two-semester “FYS” sequence, which is central to the “Foundations” component of the university’s general education curriculum.

FYS 111 classes typically have no more than 18 students, plus a student mentor to support student transition and learning. The FYS 111 instructor serves as the first-year student’s academic advisor during the first year. As the student’s first academic advisor, the FYS 111 instructor orients the student to the concept of academic advising in the university setting, helps students learn the skills necessary to be a participant in the process of registration and scheduling, and works with the student on major exploration with a view towards career and life goals.

**Media and Student Publications**

Two major student communications media operate on the campus: The Cadenza, a literary/art magazine published once a year and The Laurel, a yearbook published annually. Editors of the Laurel, and Cadenza are all students and advised by faculty and staff.

**Medical Services**

The Mars Hill University Wellness Center (also known as the Infirmary), located in Robinson Hall, is the health facility for the campus community. The Wellness Center staff provides primary care for full-time students. The Wellness Center is part of the Student Life office and works closely with this office in order to assist in each student’s physical and emotional development during his/her college experience.

A physician, physician’s assistant, or nurse practitioner employed by the Hot Springs Health Program assesses sick and injured students at the Center on Monday, Tuesday, Thursday, and Friday from 9:00 am until 10:00 am. Students are encouraged to schedule these visits as a limited number of students can be seen at this time. It is recommended that walk-ins arrive no later than 9 am, as late arrivals may not have the opportunity to see the provider. Physician services at the Wellness Center are at no additional cost to the student. This service is only offered to full-time, day students.

Students who need medical assistance outside these posted hours are strongly encouraged to seek the nurses’ care at the Wellness Center and may be treated according to physician standing orders. The nurse may opt to schedule an appointment at
the Mars Hill Medical Center (closest office to campus that is part of the Hot Spring Health Program) for physician assessment. The student or his/her parent will be billed for any unpaid balance.

Liston B. Ramsey Center for Regional Studies
The Ramsey Center supports the regional studies focus of the Mars Hill University curriculum; houses resources for teaching and scholarship; and offers a venue in which students, faculty, staff, and community members come together for a range of programs and events. The Ramsey Center grew out of the Southern Appalachian Center, established in 1972 to support people of the region as they developed programs of social and cultural preservation, renewal, and celebration utilizing the resources of Mars Hill College. In December 2002, the college renamed the Southern Appalachian Center to honor Liston B. Ramsey, the former Speaker of the House of North Carolina. Prior to his death in 2001, Mr. Ramsey named Mars Hill College, his alma mater, as the repository for his papers and the memorabilia from his long and distinguished legislative career. In keeping with Liston Ramsey’s lifelong commitment to western North Carolina and to education, the center named in his honor encourages the study of this region through the extensive archival holdings in the Southern Appalachian Archives and through public programs, including the Bascom Lamar Lunsford “Minstrel of Appalachia” Festival which takes place the first Saturday in October each year. The Ramsey Center is housed in Renfro Library. Dr. Karen Paar is the Director (689-1262). Hannah Furgiuele is the Program Coordinator and Director of the Lunsford Festival (689-1571).

It is a student’s responsibility to notify The Department of Safety and Security of any incident or accident immediately. The Department of Safety and Security will determine what agency, (if any) should respond to the call. Many times this department can handle the call without intervention from an outside agency. They will determine the best course of action that is best suited to a student’s needs and attempt to provide the highest level of attention and care possible. Law enforcement agencies require you to report crimes and accidents immediately. They will not file reports for insurance beyond 24 hours lapse of reporting.

TRANSPORTATION SERVICE

Transportation to the campus by plane or bus is best routed through Asheville. Commercial airline service is available at Asheville Airport, and Greyhound/Trailways bus services operate into Asheville. The University does not transport students. If a student has a medical appointment arrangements through Madison County Transportation Authority can be made at a minimal fee for transportation to these appointments. This agency requires a one week notice. Students who need such assistance should call the Department for the appropriate numbers and contact information for these services.

Approved and adapted for Mars Hill University by the Traffic Committee effective June 1, 2014.

This publication supersedes all previous publications dealing with traffic rules and regulations. Any suggestions or comments concerning this publication should be sent to: The Director of Safety and Security, Mars Hill University or Chairperson of the Traffic Committee, Mars Hill University.

GENERAL STATEMENT OF POLICY

The operation of a motor vehicle on the Mars Hill University campus is a privilege granted by the University. Automobiles MAY NOT be used as a means of intra-campus transportation. Parking privileges will be determined by the distinct traits apparent and displayed upon the decals issued by the Department of Safety and Security. The University reserves the right, for due cause, to suspend and/or revoke the campus driving privilege of any member of the University community. The Department of Safety and Security as well as the traffic committee will determine due cause, suspension, and revocation.

1. The Department of Safety and Security Officers are employed to protect the safety and welfare of all of campus. They are responsible for enforcing the traffic regulations and ordinances impartially whether the violator is an administrator, faculty member, or student. It is demanded that they do so with dignity and politeness, and it is expected that they will also be accorded the same respect.

2. The fact that a person parks in violation of any regulation or law and does not receive a citation does not mean that the regulation or law is no longer in effect. The responsibility of parking a vehicle legally rests with the vehicle operator.

3. All persons in the University community---students, faculty, administrators and staff---are expected not only to observe the traffic regulations but also to pay fines for violations of them. Failure to do so may result in the vehicle being impounded and towed at the owner’s expense and/or revocation of campus driving privileges and/or immobilization by use of the Denver Boot.

A GUIDE TO RESIDENCE LIFE AND HOUSING

Mars Hill is primarily a residential university with approximately three-fourths of the students living on campus. We offer a variety of housing options from traditional residence halls to apartment style housing. Our newest facilities completed in the Fall of 2013 for students to live in are Laurel Residence Hall and Dogwood Residence Hall.

Departmental Mission
The Office of Residence Life works to provide living areas that are pleasant, enjoyable, comfortable and safe. Therefore, we have developed a program designed to create a sense of community and to meet the educational, social, recreational, cultural and developmental needs of residents. To achieve our goals, our staff relies on designing events and activities in the residence halls that reach students on all levels of development.

Students are encouraged to take an active role in their residence hall. Opportunities for involvement are readily available through participation in staff programs, service opportunities, student government representation and leadership development by becoming a Resident Assistant (RA). Students who become active in their halls will develop a sense of ownership, responsibility and loyalty to their building. When that happens, the halls WILL become the students’ “home” while at Mars Hill University. Please remember it is each student’s responsibility to read and follow the rules and guidelines in the Mars Hill University Student Handbook.

Residency Requirements
All full-time enrolled traditional day student with at least 12 credit hours are required to live in University housing and participate in a University meal plan unless they meet one of the following criteria: (1) residing with a parent or legal guardian at their legal permanent address in the following Counties: Buncombe, Burke, Haywood, Henderson, Madison, Mitchell, McDowell, Transylvania, Yancey, and Unicoi in Tennessee; (2) are married and have a marriage certificate; (3) a single parent with custody of a child under the age of 18 and has documentation demonstrating this responsibility (through a court order, power of attorney, etc.); (4) are a veteran of more than 180 consecutive days on active military duty; (5) are 21 years of age or older by the first day of the Fall semester classes; (6) are of Junior status or higher with 60 earned credit hours; or (7) are enrolled in less than 12 credit hours for a semester and considered a part-time student. At this time we do not offer housing for students enrolled in adult graduate studies programs (AGS) or family housing.

Students are required to pay a $250 housing deposit their first year before they are placed in a housing assignment. Living in a residence hall offers a significant contribution to the development of each resident as he/she learns from individuals of varied backgrounds, experiences and personal philosophies. Harmonious living, broadened horizons, and increased human understanding are desirable results of the residential experience. Students must have a completed MHU physical form on file with The Wellness Center before they will be allowed to live in campus housing.

The environment of a residence hall is largely dependent upon the cooperation, interest and participation of each student. Individual responsibility and initiative are essential characteristics for the residents to create a positive living environment.

Appeal Process for the Residence Requirement
The Majority of students attending MHU will live on campus, and those who do not wish to do so, must either meet one of the criteria as outlined in Residence Requirements or submit a written appeal to move off campus. Please note that any appeal submitted is merely a request, and students should not make plans to live off campus until the approval of the appeal is granted. All students who are approved to live off campus may have their financial aid readjusted. In general, this may mean that the student may see a decrease in financial aid (conditions will vary by student and all students are encouraged to talk to their Financial Aid Counselor in the Financial Aid Office before submitting an appeal).

Student wishing to submit an appeal will need to come to the Office of Residence Life to receive a “Residential and Meal Plan Contract and Release Form.” The student will need to complete the form and submit it to the Office of Residence Life. The submitted form will then be reviewed by the Residential Contract Appeal Committee. The committee will review the information presented on the submitted form. They will determine if the appeal will be granted, denied or a request for more information. Then a letter will be sent to the student MHU e-mail account the committee’s decision.
Commuter Guidelines

Students with fewer than 60 semester hours are required to live on campus unless they meet one of the criteria listed in Residence Requirements.

In order to commute, a student must provide the following documentation to the Office of Residence Life:

1. A notarized letter stating that they are commuting from the legal permanent address of their parents from the above listed counties
2. A completed commuter information sheet available in the Office of Residence Life or online at www.mhu.edu.

Commuter students are expected to be good citizens. As a commuter student it is your responsibility to review the MHU Student Handbook Policies. It is strongly encouraged that commuter students review City, County, State and Federal regulations.

Residence Hall Staff

The Residence Life Office is staffed with the following professional staff members:

- Mindy Bliss/Director of Residence Life, Office: Wren 307, phone: 828-689-1406, e-mail: mbliss@mhu.edu
- DeAndre Howard/Assistant Director of Residence Life, Office: Wren 309, Phone 828-689-1504, dhoward@mhu.edu

The residence halls on campus are staffed with Area Coordinators (ACs) and Resident Assistants (RAs) who are individuals trained to assist the students with personal, social and academic development. They are also available to help interpret university and residence hall regulations and procedures. Each hall is staffed with an Area Coordinator (AC) who is responsible for the operation of the hall. Working with the Area Coordinator, and in close daily contact with the residents, are Resident Assistants (RAs). The RAs are selected on the basis of leadership, maturity, experience, scholarship, and the desire to help students realize their potential for self development.

The Office of Residence Life is responsible for all aspects of on-campus living including staffing, operations, programming, and policy development. Residents are encouraged to come by the Student Development Office and talk with the Director of Residence Life or the Assistant Director of Residence Life if they have a concern or comment about the residence halls.

Contracts

All students live on campus must sign a housing and food service contract at the time of room preference or admission to MHU. All contracts are for the regular academic year beginning the first day of the traditional fall term and ending on the last exam of spring term and does not include extended breaks or summer. By signing the housing contract, the student agrees to abide by the rules and policies that govern on-campus living for the entire academic year. Students who break their housing contract after May 27 will be charged a cancellation fee of $325. All students must complete a medical form, immunizations records, and have a copy of insurance cards on file with the Director of Wellness Services PRIOR to moving into the halls.

The university may terminate a student’s housing assignment if the student is not registered as a full-time student carrying twelve (12) credits; if the student ceases to attend classes; the student fails to meet all terms and conditions stated in the student contract for housing; if the student violates university policies and/or if the students presence will pose danger to a normal operation of university housing or other member of the university community; or by mutual agreement between the student and the Office of Residence Life. The University reserves all rights in connection with assignment or re-assignment of rooms. A student will forfeit their housing deposit of $250.00 if they have a disciplinary sanction of suspension or expulsion for a violation of the Student Code of Conduct.

A student may break his/her contract if he/she meet the following criteria: official withdrawal from Mars Hill University, ineligibility to continue enrollment due to failure to meet academic standards, or other requirements of the university; if the student completes graduation requirements, fails to register for classes, or other circumstances deemed by the university to be beyond his/her complete control.

Living Restrictions due to Student Conduct

Students will not be permitted to live in Tier 3 housing if they have one major or multiple minor conduct violations during the current or previous semester. Students living in the areas found responsible for significant judicial violations may be relocated to an available space in another residence hall. Tier 3 housing includes Azalea Townhouse Apartments, Bailey Mountain Residential Apartments, Brown Residence Hall, Dickson-Palmer Units A/B/C, Dogwood Residence Hall, Laurel Residence Hall and Turner Residence Hall.
**Room Assignments for Current Students**

Room preference process occurs each Spring for currently enrolled students. The process rewards students for their involvement in Residence Life. Requests for a special building, room and/or roommate will be honored whenever possible, but cannot be guaranteed for all housing preferences. Prior to preferring for a room, students must have a housing deposit registration fee on file in the Business Office. This is typically paid upon enrollment as a first-year student. Students must pre-register for class in the fall semester and have their financial aid paperwork completed to be eligible to reserve a room. If a student has an outstanding balance owed to Mars Hill University greater than $1,000 as of March 20 of that academic year they will only be eligible to preference a double room in the lowest pricing tier on campus unless a payment plan has been set up with the university prior to the March 20 deadline. Housing assignments are made without regards to race, creed, color, religion, military veteran status, political affiliation, sexual orientation or national origin. Continuing students will be able to make changes in their housing assignment until May 27. Individuals involved in "co-habitative relationships" cannot share the same room and/or apartment in university housing.

**Accommodations for Students with Disabilities**

Students requesting accommodations on the basis of a declared disability are required, under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, to be registered with the Disabilities Services in writing before an accommodation can be approved. Students must renew their disability request each year to the Director of Disability Services before room preference time in order for the accommodation to be honored. The Disability Services Office is located on the second floor of Robinson Infirmary (Wellness Center).

**Meal Plan Requirement**

All students living in campus housing are required to have a meal plan. The meals/bonus bucks do not carry over from one semester/session to the next. Meal plan changes must be completed within the first 10 business days of the semester, including cancellation of a meal plan. Only commuter students are eligible for the Commuter Meal Plan. Students living on campus have the choice between three different meal plan options. They options are: Unlimited, Gold (14) and Blue (10).

**Room Assignments for New Students**

New students begin the room preference process by paying the housing deposit with the Admissions Office and completing the new student housing contract/roommate questionnaire sheet/online contract provided to all new students. Students cannot be placed in a housing assignment until a housing deposit has been paid and a housing contract has been submitted. Room assignments and roommate matching for new students will begin in late May and assignments will be mailed to students during the summer after July 1. It is strongly recommended that the housing contracts and housing deposits be received before April 1 for priority within the assignment process.

Assignments are based on the available space and the information submitted by the student on the student housing contract/questionnaire. Housing assignments are made without regards to race, creed, color, religion, military veteran status, political affiliation, sexual orientation or national origin. Assignments will be made on a first come first served basis according to the date the housing deposit was received. When the assignment process begins we do not guarantee assignments to particular spaces/buildings.

New students desiring to be roommates with each other must request each other in writing, submit housing contracts, and pay the housing deposit before the room assignment can be made. Roommate requests must be mutual and will not be made solely on the request of one individual. Every effort will be made to honor roommate requests and housing preferences however; the University does not guarantee a particular residence hall, room, or roommate.

**Summer School Housing**

Summer school housing is open to MHU students working toward the completion of their academic program during either or both of the summer term sessions. This includes taking classes and/or completing internships. Housing is not available to students who are simply working in the area and need a place to live for summer. Please remember that summer term housing rooms are limited and will be given on a first come, first served basis. Summer housing applications are available for summer school beginning in mid-April in the Office of Residence Life and online at “MY MHU”. Students who complete a housing application prior to summer school will be able to specify roommate preference. Students waiting to complete the application upon arrival for summer terms will be placed at the discretion of the Residence Life Staff. Students can sign up for Summer Session I, Summer Session II or for both sessions.
All students living on campus for summer terms are required to have a meal plan and the meals/bonus bucks do not carry over from one term to the next. Students are expected to abide by the same rules and regulations during the summer as the traditional academic year and will be held to the same level of accountability.

**Roommates**
Living with others is an important part of the university experience that requires flexibility and respect in order to be successful. As members of the Mars Hill University community, residents have a unique opportunity to meet and interact daily with a wide variety of both old and new friends and acquaintances. For most residents, the relationship with a roommate is an important aspect of their Mars Hill University experience. Roommates are encouraged to sit down and speak with each other when an issue arises. This is a healthy way to address issues and avoid future conflicts. Roommates do not have to be best buddies. A good roommate is someone that you can live with in a respectful environment. Here are some hints for becoming a good roommate:

- **Communicate** - Roommates should talk about habits, preferences, moods, and values at the beginning of the semester. Verbally express your thoughts and concerns in a positive and proactive way. It is not wise not to let frustrations build up if conflict arises or to use texting/e-mail/social networking (including Facebook, Twitter, Yik Yak, etc.) as a main form of communication.
- **Establish Room/Apartment/Suite or Bathroom Guidelines** - Establish Guidelines regarding the use of each other’s belongings, room cleaning, visitation, bed times, noise, etc. Ask first and then discuss both sides before going ahead with an action. Then, live with this for a few weeks. Sit back down and review the rules you all have set up and see if they are working or need some tweaking.
- **Listen** - Sharing is great, but in order to share effectively both parties need to stop and listen to what each other is saying. It is difficult to communicate when you are not allowed to share your side. Stop and listen.

Each student has the right to the following:
1. To live in a clean environment;
2. To have personal privacy in one’s room;
3. To sleep without undue disturbances;
4. To read and study without interference, unreasonable noise and other distractions;
5. To host guest during appropriate visitation hours, with the understanding that guests will honor other resident’s rights;
6. To have free access to one’s room and hall facilities;
7. To expect respect for one’s belongings and personal property;
8. To be free from intimidation, physical harm, emotional harm and illegal substances;
9. To assume that there will be reasonable cooperation in media/phone use in the room.

Students are encouraged to complete a roommate contract for their room-apartment to assist with issues when they move in. Students are encouraged to work out their differences and come up with a solution that is amenable to all. Students can find assistance with roommate issues and mediation through the Area Coordinators, Resident Assistants, Assistant Director of Residence Life, Director of Residence Life and the Counseling Center Staff. Other resources are available upon request.

**Room Changes**
Room changes are handled by the Office of Residence Life in the Wren Student Union on the third floor during the designated room change period. The Room Change Period begins after the first 10 business days of the semester and continues for two weeks. This allows Residence Life staff members to identify empty spaces and give students the opportunity to adjust to campus living. A student interested in making a room change will need to come to the Office of Residence Life and speak with a Residence Life staff member. A student must be approved by the Office of Residence Life with a signed room change form before moving. If a student wishes to change pricing tiers, the staff member will review the options and costs with the student. The student will then take a “Housing Advising Sheet” to the Financial Aid Office to meet with a counselor to discuss the costs and how it will affect the student budget. The students Financial Aid counselor must approve any pricing increases before the student will be approved to move to a higher pricing tier. The student will then bring back the signed “Housing Advising Sheet” to the Office of Residence Life. The Office of Residence Life will then be able to review any openings with the student and help them to determine a new assignment.

The unauthorized room change fine is $100.00. Residents may only move to an empty room if they are moving with roommate or are able to pay the private room rate. A room change is not complete until the students has checked out of their old room assignment, signed the RCI and returned the old key with your old residence hall staff member and checked into the new room, signed the RCI and received the new key. Students have 48 hours to complete the approved move to the new assignment and check out of their old assignment once approval has been gained. Room change period begins after the first 10 business days of
the semester and continues for two weeks. At that time all room changes will stop for the rest of the semester. Housing charges will be pro-rated after the first 10 business days of the semester.

**Room Types**

- **Double Rooms**: A double room is a room that will house two students. The room will be furnished with two sets of furniture and two students will live in the room.

- **Private Rooms**: A private room is a double room that only one student lives in. The room will be furnished with two sets of furniture. Private rooms will be offered on a first come first served basis, wherever there is space available. Students without roommates can change their room assignment to a private room for the semester by coming to the Residence Life Office and making the request in writing. Private rooms are charged at a rate of 1.5 times the double room rate and must be approved by Financial Aid.

- **Single Rooms**: A single room is a room that houses only one student. The room will be furnished with one set of furniture and these rooms are usually smaller than most double rooms.

**Roommate No-show**

Residents must check into their assigned rooms by 5:00 p.m. of the first day of classes at the beginning of each semester or they will be considered a “no show.” Their room reservation will be cancelled and be charged a cancelation fee unless the Residence Life office has been notified, in writing, and approved of the late arrival in advance. If a student occupies a room alone due to a roommate not returning to school or moving to another room, the student still in the room will be responsible for finding a roommate or paying the additional private room charge. See Consolidation.

**Consolidation**

Students may only have a room to themselves if they are living in a designated single room or if they are paying for a private room. If you are in a room by yourself and are paying the double room rate then you must make your room available for any other student to move in at any time during the semester. A student who refuses to accept a roommate will automatically be assessed a private room rate from the date they first had the room to themselves. Students cannot create a consolidation situation by moving to an empty room and choosing it as a double. Students with private rooms may be required to accept a new roommate at some later date by the Office of Residence Life if space is needed.

Consolidation begins after the first 10 business days of the semester and lasts for two weeks. During consolidation, you will be contacted via e-mail from the Office of Residence Life. In the e-mail you will receive instruction on what options are available for you. The Office of Residence Life will assist students in finding a roommate by providing a list of other students who are in similar situations. However, it is up to the student to actively work to find a new roommate through contacting individuals on the list provided. If a student refuses to select a roommate or pay for a private room, a roommate will be automatically assigned. If you do not receive an e-mail with information about consolidation, then it is the responsibility of the resident to contact the Residence Life Office immediately.

**Check-In/Check-out and Hall Closing**

Residents must check in with their RA or RD prior to moving into their rooms. At this time the student will receive his/her room key and sign the Room Condition Inventory (RCI) form at the time of check in. If there are any discrepancies between the actual conditions of your room and the room condition inventory form, see your RA or RD and have them document the discrepancies on the RCI form. NOTE: If a resident has not checked in by 5:00 p.m. of the first day of any semester’s classes and has not notified the Office of Residence Life, the room assignment may be cancelled and their deposit forfeited.

Students will be required to check out of their rooms at the end of the academic year, 24 hours after their last exam or at anytime they vacate the room (i.e., room change or withdrawal). Each student is responsible for following the proper check-out procedures before leaving campus. See the check-out procedures listed below. Locks are rekeyed immediately when a key is lost or not turned in, therefore, a key that is turned in late is of no value.

Failure to follow this checkout procedure will result in a minimum fine of $75.00. Additional damages to room(s), a lock change for missing key and cleaning fees will be billed to the resident(s).

Students are expected to arrange for transportation ahead of time. Upon completion of final exams in the fall, spring, or summer, a student is required to vacate his/her residence hall within 24 hours after their last exam. Students failing to vacate one time will be charged $60 per day until they depart. Students are not to return until the halls officially reopen. Closing and
reopening times will be announced in advance of each closing. Personal property may not be left in rooms over the summer. Any personal items left will be disposed of within 48 hours of the student vacating the room.

**Check-Out with Academic Suspension or Probation**

If you are currently on academic probation, please pay very close attention to this mandate. It is your responsibility to check your “Self Service” account at the end of each semester to make sure that you are not academically suspended. Suspensions are generally posted by December 15 and May 15 respectively.

Students who are placed on academic suspension in the Fall Semester must appeal their suspension within 10 business days or vacate the room to include a proper check out with a Residence Life staff person. You must communicate this appeal in writing or by email to the chair of the Admissions and Academic Affairs committee. Any student that did not appeal by January 2 or whose appeal is denied must vacate the room by noon on January 3. For each day that the room is not vacated a $60.00 fee is assessed. After 5 business days, the room will be emptied of personal belongings for an additional expense of $200.00 and all items from the room will be disposed of. See Abandoned Property for more details.

Hall Meetings
Hall meetings are held once a month in each residence hall to convey important information to the residents of that building. These meetings are set up to address issues of residential living, such as check out procedures, or campus concerns. Students who miss required meetings could be fined $15 or be required to perform service for the residential community. Attendance will be taken at each meeting.

Property Insurance
Mars Hill University does not provide insurance to cover personal belongings in the residence hall and cannot accept responsibility for student property that is stolen or damaged. Residents are strongly encouraged to check with their guardian’s homeowner’s policy to ascertain the amount and degree of coverage. Individual policies may be available through a private insurer, but it is the resident’s responsibility to acquire his/her own insurance coverage. It is necessary for all residents to take reasonable precautions in securing and identifying his/her property.

Damages and Fines
Students will be assessed for any damage in their assigned room unless another individual takes responsibility for the damage in writing. An incident of damage in the common area of the building caused by unknown person(s) may result in collective assessment against students residing in the area in which the damage occurred. For a detailed damage fine list, please go to the Office of Residence Life to request one.

Work Requests
If a resident is aware of a maintenance problem in one of the residence halls, they are encouraged to fill out an on-line maintenance request form which can be obtained by logging on to the Mars Hill University Residence Life page. This is the best way to submit your maintenance request. Please make sure you specify the problem in a detailed description and give the correct location. We ask that you submit your requests before 1:00 p.m., if possible. This allows the request to be processed and given to the maintenance department to address quickly. The maintenance department will do their best to address all work requests in a timely manner. Students requesting repairs or maintenance in their room using the online system are giving written consent for staff to enter their room during the school day to complete the repair/maintenance. If your submitted request has not been repaired in a reasonable amount of time (24 hours Monday – Friday; 48 hours Saturday-Sunday), please contact the Office of Residence Life to follow up on your request at 828-689-1253.

Abandoned Property
This serves as legal notice regarding personal property left in the residence halls after a student has departed or their housing contact has ended. Whenever a resident vacates a room/apartment for any reason and they leave personal belongings behind, that resident has 48 hours to claim their property. Then any left property will be collected and disposed of. The 48 hour period begins with the date they vacate a particular room or their contract has ended. The student will be assessed charges associated with storing of the property during the 48 hours, as well as costs for the removal of personal belongings, damage and cleaning charges for their assigned areas. Mars Hill University is not responsible for any items that are damaged or stolen.

Residential Life Policies and Guidelines
Like any living community, the residence halls have standards of behavior designed to create a positive living environment. Mars Hill’s Student Code of Conduct as well as state and federal laws apply to all students who live in university owned and operated housing. Additional policies and guidelines have also been established specifically for Mars Hill University housing. These policies are designed to ensure that each resident is respectful of their obligation to a communal living situation. There
are three guiding principles or community interests that residential policies and guidelines are designed to support.

1. **Health and Safety** - maintaining the physical, mental, and emotional health or safety of either the group or individual.

2. **Healthy Living and Learning Environment** - respect of the needs and rights of others living in the community and avoid behavior that does not contribute to the educational purpose of Mars Hill University or the Residence Life program.

3. **Property Loss and Damage** - care and protection of community and personal property.

The guidelines listed below are not intended to be a comprehensive description of Mars Hill’s housing regulations. Instead, it is written to explain the most common situations under each of the three compelling community interests. Any action, whether listed below or not, that goes against any of these three principles is not acceptable behavior in university housing. Each resident is responsible for asking himself or herself if a behavior falls under one of these principles and then regulating their behavior accordingly. Residence Life staff may confront residents about any action if the staff member believes this action may goes against any of the above mentioned principles.

**ALCOHOL:** MHU is committed to maintaining an academic and social environment conducive to the intellectual and personal development, safety, and welfare of all members of the university community. The paraphernalia, possession, consumption, and selling of alcohol on campus is strictly prohibited. This includes being in possession by consumption as the body is a container for the alcohol. The possession of empty alcohol containers and shot glasses are also prohibited. Offenders will be subjected to the campus judicial policy, legal prosecution or both. The University adheres to and enforces all federal and state legislation governing alcohol/drugs.

**BICYCLES:** Bicycles may be stored either in student rooms or outside the building at designated bicycle racks; but should not be left in the common areas, hallways or stairwells. Bicycles should not be parked so as to block or prohibit the use of walkways, hall entrances or fire exits. Please make sure that your bicycle is secured when not in use. We recommend using a U-Lock for securing your bicycle.

**BUILDING SECURITY:** To prevent unauthorized access to residence halls by people not welcome or uninvited, all residence hall entrance doors are locked 24 hours a day. All students are required to use their Student ID to gain access to their assigned building. Tampering with or Propping doors is strictly prohibited because of the security risk that it poses. Please report unusual people or other circumstances at once to the building staff or Campus Security. Due to the extra security concern that ID cards entail, special rules apply: guests will not be issued University ID cards, anyone found loaning a key/ID card will face sanctions for breaching university security policy, and tampering with or propping of any outside entrance door is strictly prohibited and violators will be written up and face judicial sanctions.

**CLEANING:** Residents are expected to take reasonable care in maintaining the cleanliness of their rooms, apartments, and suite bathrooms. In addition, students are expected to not litter in public areas (inside or out) of the buildings or parking areas. Room Health and Safety inspections will be conducted each month to ensure student rooms are being maintained. These inspections will be unannounced. Although every building has housekeeping staff, residents should not expect these staff to do more than regular maintenance of the common areas. Failure to meet these guidelines may result in residential life disciplinary action and/or relocation. The housekeeping staff will deep clean bathrooms in suites and kitchens in apartments when it is deemed an emergency by the housing staff. This extra cleaning charge will be billed to all suite members assigned to the unit.

**CLOSED AREAS:** Roofs, balconies, attics and outside ledges of residence halls are closed to all students; Fire escapes may only be used for egress in the event of a fire or similar emergency. Students are strictly prohibited from hanging or throwing items from windows and/or balconies, including trash.

**COMMON AREA FURNITURE:** The University provided furniture is not to be removed from its assigned room. Lounge furniture is for the use of all students assigned to that area and is not to be removed from the lounge areas. All furniture must be keep inside of its assigned room at all times. A fine will be assessed if such furniture is found in a student’s room or placed outside of a building, balcony or porch area for any reason. Any subsequent personal misuse of lounge furniture may result in sanctions.

**DRUGS:** The use and/or possession and/or distribution for the use of illegal/controlled drugs are governed by local, state and federal laws and are strictly prohibited. All cases or evidence of paraphernalia, use, possession, cultivation, distribution, or sale of drugs will be referred to the appropriate law enforcement agencies as well as be subjected to university and housing disciplinary action.
**ELECTRICAL APPLIANCES:** Many of the residential buildings were built before or during the 1960’s and are not equipped to handle the electrical requirements of many modern appliances. Air conditioning units, ceiling fans, dishwashers, cube freezers, full size refrigerators and microwaves that use more than 700 watts are therefore not allowed. Small microwaves (max 700 watts) and mini refrigerators no larger than 1.2 to 2.0 amps or 4.0 cubic feet are permitted. Extension cords are not allowed and will be confiscated if found without prior notice. You can use one Multiple Outlet Power Strips which are U/L Listed for 15 amps/120 volts per outlet. They must have an on/off button with a heavy-duty cord and built-in circuit breaker in the unit. Decorative light bulbs cannot be used to replace university provided light bulbs in lighting units. New this year we will not allow the use of any holiday lights, string lights, decorative string lights, etc to be used in any residential facility.

An increase in the number of fires in residence halls across the country requires us to be restrictive on cooking appliances allowed in our residential facilities. The following items are not allowed in any residential facility: cooking appliances with open heating elements/surfaces such as toasters, toaster ovens, George Foreman grills, electric frying pans/woks, and hot plates. Live Christmas trees, space heaters, halogen lamps, extension cords, sun lamps, are also fire risks and are not allowed in any residential hall rooms or apartments. Cooking appliances with contained heating elements such as percolators and hot pots are permitted. We will allow coffee pots with open heating elements if they are equipped with working automatic shut off timer.

Christmas Tree requirements: students may have a 2 to 4 foot tall artificial pre-lit Christmas tree that is UL listed, fire retardant and non allergenic. No live trees will be permitted in any residential facility.

**FIRE SAFETY:** Fire safety equipment should only be used in cases of emergency. Misuse of fire and/or safety equipment is strictly prohibited. This includes fire escapes doors and signs, firefighting equipment and alarms. Tampering or altering smoke detectors in any way, including removing the batteries or covering the alarm/detector at all, is also strictly prohibited. Violations will result in disciplinary action, restitution for any damages caused by the act and/or removal from the residence halls. Violations may also be referred to city or state agencies for action.

**FIRE AND BUILDING EVACUATION:** Fire is a serious threat to life, health and property. Because of this, all students and their guests are expected to follow the building evacuation guidelines whenever an alarm is sounded. Evacuation plans are posted on all floors. Fire drills are conducted twice a semester in each building. The first drill will be announced and the second drill will be unannounced. The drill will be a complete exercise of the fire evacuation plan. It is mandatory to evacuate a university building when a fire alarm sounds.

Building Evacuation Guidelines:
1. Wear shoes and coat
2. Leave your room, shut and lock the door behind you
3. Proceed outside to your designated meeting area (See Meeting points listed below)
4. Check in with your RA staff members at the meeting point
5. Remain at the meeting point until further instructions are given by Residence Life staff members, Students will not be allowed to reenter the building until it has been cleared by the Fire Department.

In case of Fire:
1. Sound an alarm for the building by activating a pull station
2. Leave the building
3. Call 911 OR
4. Advise Campus Security, an RA or the AC that a fire condition exists. Be specific, if possible.

Meeting Points for Residence Hall Fire/Building Evacuation
- Edna Moore, Huffman and Stroup Residence Halls: meet at the picnic area in front of the Soda Shop at Spilman Hall.
- Fox Residence Hall: meet on the steps in front of Chambers Gym.
- Azalea, Dogwood, Dickson-Palmer Apartment Units A, B, and C: meet at the Pavilion on the Intramural Sports Field behind Broyhill Chapel.
EXPLOSIVES/FLAMMABLE MATERIALS: Explosives, including firecrackers or any other fireworks, lighter fluid, charcoal, incense, candles, and other highly flammable material are not allowed in the residence halls or on campus. This includes storing of motorized vehicles such as motorcycles, or motor scooters.

FIREARMS AND WEAPONS: State law prohibits the possession of weapons of any kind on campus or in a vehicle parked on campus property. Any weapon found in a student’s possession will be confiscated, and turned over the appropriate authorities. The student who was in possession of the weapon(s) will be subject to disciplinary action and/or sanction under state law. Weapons include, but are not limited to: guns, pellet guns, paint ball guns, blow dart guns, air soft guns, bows and arrows, machetes, ninja stars, knives with blades over three inches, and explosives.

FLYING OBJECTS: To prevent personal injury or property damage, throwing anything from building windows or inside of a residential building is strictly prohibited. Throwing, causing to fall, or allowing any object or substance to fall out of a window of any university housing facility is prohibited and is subject to sanctions and possible disciplinary action. Box fans must not be put in residence hall room windows without the window screen first being securely in place. Repeated violations of this requirement will result in a fine of $25 per room/per day. Violations of this policy may also be referred to the Student Conduct Board for action.

FURNITURE: Students share in the responsibility of maintaining all residence hall facilities. Room furnishings are required to remain in the assigned room at all times. All residents are required to return the room furniture to its designated position as placed at the beginning of the year. Check with housing staff for diagram of original room set up. Lounge/common area furniture is intended for the use of all students and cannot be moved to individual rooms/apartments or away from its assigned location. Students may bring other furniture at their discretion but must fit it in around existing room furniture. All students are required to remove personal furniture upon check-out. Failure to comply will result in a removal fee. Water furnishings such as waterbeds or hot tubs are not permitted in any housing unit. In addition to disciplinary action, students may be billed for any missing or damaged furniture at the replacement cost of the item, including shipping.

GAMBLING: Gambling for money or for stakes representing money is prohibited on the Mars Hill University campus and in all residential facilities. Students engaging in gambling behaviors will be subject to disciplinary action(s).

GUESTS: See VISITATION

HEATING/COOLING UNITS
In order for your heating and/or cooling unit to work properly, it is essential not to block the vents or place anything on the unit. This could cause your room to heat and/or cool improperly and could damage the unit. Do not hang or attach anything from or to heating and/or cooling ductwork, units, or vents as this could damage the system. Heating and/or cooling units are not seats and should not be used as such. Using a unit as seat/benches can cause damage to the unit.

HORSEPLAY: To prevent property damage and the potential for personal injury, playing ball, water guns/balloons, skateboarding, bike riding, wrestling, “horseplay,” etc. are not permitted inside of campus housing.

KEYS: We strongly urge all residents to keep their rooms locked whenever they are not present or sleeping. The university is not responsible for lost or stolen personal property. You are responsible for the key(s) issued to you. If you lose your room key(s), contact the Office of Residence Life immediately and we will have the room re-keyed at a charge of $50. This is required to keep rooms secure. All students living on campus are issued room keys and a student ID programmed to open the exterior door of their assigned building. Due to the extra security concern that these keys/ID entail, special rules apply. Guests will not be issued keys or university ID cards. Residents assume full responsibility for the use of the key until it is returned to Residence Life staff at the time of their checkout of the room. Anyone found loaning a key/ID card will face sanctions for breaching university security. Tampering with or propping of any outside entrance door is strictly prohibited and violators will be fined.

LAUNDRY: High efficiency washing and drying machines are provided in each residential community. These machines are owned, operated and maintained by a private company on behalf of the university. Each machine is operated coin-free for unlimited usage. The University is not responsible for damaged items due to the misuse of machines. Only students who are assigned to a building may use the laundry services of that building. We ask that students using the machine wash a full load at a time. This allows the machine to clean your clothes properly. If you have an issue with a machine not working properly, please submit an on-line maintenance request immediately. If a washer stops and does not release the lock, contact Campus Security immediately.
for assistance. Students breaking the door to retrieve clothes will be responsible for the repair costs of the machine.

**LOCKOUTS:** If you lock yourself out of your room, first check to see if the RA is in the building and can assist you in unlocking your door. If the RA is not present and it is during regular business hours of 8:00am – 4:30pm Monday to Friday, the student should come to the Student Development Office on the third floor of the Wren Student Union to check out a spare room key for their room. The student will have 48 hours to return the spare key to the Student Development Office. If the spare key is not returned to the Student Development Office by this time a lock change will be requested and the student will charged for the cost of the lock change.

After regular business hours a student locked out of their room should check to see if the RA is in the building and can assist you in unlocking your door. If the RA is not present then contact Campus Security at 828-206-1230. The student’s University ID must be presented to the security officer either upon arrival or entrance into the room. A student may contact security up to three (3) times per semester before a charge of $5.00 will be assessed to the students account for each time afterward.

**LOFTS:** Beds are provided in all student rooms but, while not needed or required, personal lofts are not permitted. Lofts will only be allowed in buildings where the university provides them. At this time the only two buildings on campus that have lofts are Dogwood and Laurel Residence Halls.

**NOISE:** Noise is any sound, human or otherwise, that is disturbing to a resident. This includes loud voices, stereos, video games and musical instruments. Generally speaking, the sound level should be confined to an individual’s room only and not be heard by others who are trying to study or sleep. Additionally, specific quiet hours from 11:00 p.m. to 9:00 a.m. exist for all residents throughout the week. 24 hour quiet hours are in effect beginning the last weeknight before the first day of exams. Students are expected to be courteous, and upon request or complaint, lower the noise level of their activity. The need for quiet supersedes noise at all times.

**OPEN FLAMES:** Fire is a serious threat to life, health, and property. Because this is such a serious issue, total compliance to the open flame policy is expected. Due to the risk of starting a fire, the burning of any candle(s), incense, use of open flames, or use of open element cooking equipment is strictly prohibited. Candles and incenses are not allowed at all in any residential building. Outside grills are not permitted inside the building or within ten feet of any structure including decks and porches.

**OUTDOORS**
One of the best things about Mars Hill University is the natural beauty that surrounds our campus. In order to preserve the natural beauty of our campus, please leave our natural resources outside for all to enjoy. In the winter, all snow is to remain outside of all buildings. Snowball fights are fun but should be conducted between willing participants outside of buildings and away from roadways. Contact the Outdoor Center in Wren for outdoor equipment for camping, sledding, rock-climbing, etc.

Wildlife is part of our rural setting. Wildlife can be seen on campus at various times of the day and night. Please respect the wildlife and allow it space and room to do “it’s natural thing”. If you encounter wildlife, give it the space to continue on its way. Do not try to befriend wildlife or bring any wild animal into a campus building. Animals that can be seen in our area are: deer, fox, raccoons, opossums, ground hogs, snakes, frogs, toads, turkeys, birds, squirrels, owls, and more. If you come across a wild animal that seems dangerous, is not acting right, or appears to be injured call Campus Security at 828-206-1230 to report the animal, the behavior and location.

**OVERNIGHT GUESTS:** See VISITATION

**PAINTING:** Students may not paint their residence hall rooms or apartments for any reason. Students who wish to paint banners must do so in the common areas. When painting a banner or sign, a plastic barrier must be placed between the floor and the item being painted. An old shower curtain works well as a barrier. Any paint that is not cleaned up after will result in a sanction against the individual or group. No aerosol paints may be used inside university housing.

**PETS:** Because of health reasons, such as sanitation, allergy concerns, and consideration for others, pets are not allowed in the residence halls at any time, including a pet that is with friends or family members. Pets are not allowed in any building on campus. Fish in a tank no larger than 10 gallons are the single exception to this policy (just remember to make arrangements when you leave for all breaks).
PHYSICAL VIOLENCE: Residents have the right to live in a secure and safe environment, free from the threat of physical harm, malicious aggravation, or personal affront. Physical violence will be considered an act against the entire residence hall community. Intimidation and coercion of any type will not be tolerated. Contact Campus Security or the Office of Residence Life immediately if you feel that you have been threatened with physical violence.

POSTING INFORMATION IN THE RESIDENCE HALLS: Signs/flyers must be approved by the Office of Residence Life are allowed to be displayed in the residence halls. Approved signs can only be displayed in specific areas. Students should contact the Director of Residence Life or the Assistant Director of Residence Life for sign display criteria. All signs that are not approved will be taken down and discarded. Failure to comply with the regulations may result in suspension of posting privileges or monetary fines. All posted materials must be stamped and dated for approval by the Student Development Staff. Postings should not be on any glass, door, ceiling or elevator. Materials may be placed only on bulletin strips or in designated posting areas. Posting may be placed on bulletin strips or designated areas for a maximum of two weeks. Posting must be removed within 48 hours after the event to avoid a monetary fine. The use of materials on windshields is prohibited. Sidewalk chalk displays must be approved for content and location.

ROOM ENTRY: Mars Hill University respects the privacy of students’ living accommodations. However, we do reserve the right to enter student rooms and/or apartments for reasons of health, safety, maintenance, or to assure compliance with Residence Life or university regulations, except in emergencies. An attempt will be made to notify students about Health & Safety Inspections in the mandatory hall meetings at the beginning of each semester (please review the SEARCH POLICY that is listed in the POLICY and PROCEDURES section of this handbook). The University also reserves the right to search a room (if reasonable cause is determined by the Director of Residence Life, the Director of Campus Security and/or a Student Development professional staff member on call) for substances that are illegal or considered a violation of the Student Code of Conduct. The Office of Residence Life reserves the right to conduct a Health and Safety Inspection of each room and/or apartment at least once a month. During Health and Safety Inspections, all refrigerators, including personal refrigerators, will be opened during the inspection to ensure compliance with MHU regulations.

ROOM DECORATIONS: We feel that it is important that you personalize your space. Posters, curtains, plants, bedspreads and a throw rug can help make your room seem more like home. All materials need to be treated with a fire-retardant. However, we do ask that you avoid doing things that will damage the walls or woodwork. For example, transparent tape and two sided foam tape is almost impossible to clean off. Masking tape and self-adhesive tape/hooks can be used with care but may pull paint off walls. A resident room door coverage (inside or out) should not exceed 50% of the door space. Carefully review the manufacturer’s suggestions for removing these products. Painters Blue tape, Plastic-tak or hold-it putty is highly recommended because of their easy removal properties. No duck tape, two sided tape or scotch tape may be used in any of the facilities on the wall, doors, and/or furniture. Decorative Light bulbs cannot be used to replace university provided light bulbs in lighting fixtures.

No permanent fixtures may be attached to the walls or furniture; this includes but is not limited to nails, hooks and screws. Personal decorations may not cover or interfere with any fire safety device. No decorations may be attached/hung from the ceiling or overhead pipes.

SECURITY TIPS FOR RESIDENTIAL LIVING: The MHU community is scenic, friendly, and traditionally noted as being a “safe” community in which to learn and live. Unfortunately, crime occurs everywhere and MHU is not exempt. Living away from home places the responsibility for protecting belongings and attending to safety measures in the hands of each student. Tips for a safe campus:

- Lock your room/apartment! An unlocked door is an invitation to theft. Do not compromise you or your roommate/apartment mates safety.
- Carry and use your ID card.
- Do not let people “piggy back” into the building. Holding the doors for others allows unescorted visitors undermine resident’s safety.
- Report lost keys or key cards immediately to Office of Residence Life residenc-life@mhu.edu and Campus Security 828-206-4943.
- Plan for safety. Plan to travel in pairs and determine how you will get home before you go out.
- Let others know your plans.
- Identify and record valuables. Purchase renter’s insurance, engrave valuables with the engraver from Campus Security. Record serial numbers for your valuable items; store the numbers in a safe place and with Campus Security on the “Registration of Valuables” form.
- Park in a well lit area and do not leave valuables in your car.
- Do not walk alone after sundown. If you find yourself alone, call Campus Police at 828-206-4943 for an escort.
- Trust your instincts, report suspicious activity to Campus Police at 828-206-4943.
- Call 911 if there is an emergency or use an Emergency Blue Box located on campus for direct connection to Campus Security.
- Report security hazards to Campus Security at extension 1230 or at http://www.mhu.edu/campus-life/campus-security for online reporting. Broken locks, windows, and lighting are an invitation to theft.

SMOKE FREE ENVIRONMENT: All university owned buildings are smoke free. Smoking includes but not limited to cigarettes, cigars, cigarillos, hookahs, e-cigarettes, vaporizer pens, black and milds, Bibis, etc. Smoking is not permitted within 50 feet of any entrance, window or air handling unit of a university residential building. Please dispose of butts/ashes/trash in the appropriate receptacles placed outside of the buildings and residences. Possession of or burning incense or candles are not permitted within any living unit on campus.

If there is evidence of smoking taking place inside any assigned room/apartment, the student(s) assigned to the area will be responsible for the cost of painting the entire room/apartment and the replacement costs of all the soft furnishings. Evidence of smoking taking place inside the room/apartment of any student living in Azalea, Bailey Mountain, Brown, Dickson Palmer (any unit), Dogwood, Laurel or Turner will be required to move immediately or may be removed from housing.

If you lose your Student ID, please go to the Student Development Office and replace the ID immediately. A replacement ID cost will be charged to your student account. If you would like to have a hole punched in your ID card you can come by the Student Development Office in the Wren Student Union during regular business hours and a professional staff member will be able to punch a hole in your student ID card in an appropriate area.

VANDALISM: Damaging, defacing or destroying school or private property is unacceptable behavior. Students who accidentally damage property will be expected to make restitution for the damage, but malicious acts will be also be considered judicial infractions and will incur additional fines. If MHU staff members cannot determine the person(s) responsible for the damage(s), the entire building community will be responsible for the restitution for the damage(s).

VISITATION: Visitors from another building and/or non MHU students are able to visit during the following hours:

Sunday – Thursday: 12 pm - 12 am
Friday – Saturday: 12 pm - 2:00 am

All visitors (female and male) must sign in on the sign-in sheet located near the entrance to the building if they do not live in that building. The host will need to contact Campus Security to obtain a guest parking pass for their visitor if they will have a car on campus. This includes all friends and family members.

Approved overnight guests of the host may stay in their room (with roommate’s/suite/apartment mates permission and there is no conflict and/or displacement of the roommate) for a maximum of two consecutive nights provided the guest is of the same sex as the host student. If the visitor is of the opposite sex of the host then the host will need to find an alternative place for them to stay. The alternative host will need to come in with the host before permission will be granted and to complete paperwork. The alternative host will be responsible for escorting their guest while they are campus. This policy is designed to accommodate the occasional visitor, and not to provide temporary housing for students or non-students. Guests must be at least 13 years of age. Unapproved guests will be asked to leave the building. The Office of Residence Life reserves the right to determine whether a resident is abusing this privilege.

The host is responsible for their guest’s behavior, the items a guest brings into campus housing with them, compliance with guidelines, damage, vandalism and clean up of residence hall areas. Any host’s failure to fulfill his/her responsibilities will result in sanctions for any damage, and possible judicial action. MHU students are responsible for the behavior and conduct of their guests and must escort them at all times on campus.

The selling, transfer, possession, use or collection of alcoholic beverages or containers on the campus is prohibited. This includes off-campus parties sponsored by campus organizations. Students found responsible receive sanctions depending on the circumstances surrounding the violation. At minimum, students will receive a written warning and an educational sanction. In the case of additional violations, students will receive additional and more severe sanctions, up to and including the possibility of suspension or expulsion. For employees, drinking on the job or reporting to work under the influence of alcohol or illegal drugs is grounds for reprimand or discharge. Furthermore, the university has a policy against the manufacture, sale, transfer, possession, or use of illegal and/or controlled substances. Students found responsible through the student conduct process will be sanctioned according to the severity of the offense. At a minimum students found responsible will be placed on disciplinary probation and may be subject to expulsion. Such violations by employees are grounds for immediate disciplinary action, which could include reprimand, suspension without pay, or discharge.

These policies are outlined for the university population in the student handbook, the staff handbook, and the faculty handbook. These policies should be taken seriously as violations of them will result in prompt disciplinary action.

A Mars Hill University employee must notify the Human Resources Office "in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction." Failure to do so will result in immediate discharge.

Drug/Alcohol Treatment

Mars Hill University has a multi-faceted approach to substance abuse. The first level involves referral for personal counseling coupled with alcohol and substance abuse education offered on campus by the Director of Counseling. In addition to the on-campus educational programming, the institution works with New Vistas and Mission Health System (Copestone). The university’s health insurance plan also provides Substance Abuse Services. The university also schedules alcohol and substance abuse programs that are attended on a voluntary basis. The programs are scheduled through the semester and are organized by the Office of Student Development Counseling Center. Additional substance abuse education may be provided for the campus population through health fairs sponsored by the university infirmary.

Health Risks
The abuse of alcohol causes symptoms ranging from decreased inhibitions, muscle incoordination and slowing of reaction time to chronic disorders, such as cirrhosis, anorexia, mental deterioration with memory loss, tremors, uncontrollable fears progressing to hallucination, convulsions, and sometimes death.

Marijuana inhibits short-term memory, slows reaction time, and irritates the throat and lungs. It has twice the amount of “tar” as cigarette smoke. Frequent use has been linked to lung cancer, bronchitis, and emphysema. It has also been linked to low sperm count and irregular menses. Heavy use can also depress the immune system.

Cocaine can cause depression, intense anxiety, confusion, uncontrolled tremors, weight loss, and seizures. It also can cause destruction of the membranes and cartilages in the nasal cavity. It can lead to cardiac irregularities, heart attacks and cardiac arrest. Other secondary problems associated with the use of cocaine are hepatitis, meningitis, and AIDS. These are usually caused by using contaminated needles to inject cocaine.

LSD and PCP are hallucinogens that can cause hyper excitability, hypertension, emotional instability, prolonged psychotic states, personality disorders, increased homicidal and suicidal risks and death.

Narcotics (i.e. morphine, Demerol, and Methadone) cause addiction in a very short time. These drugs depress the central nervous system. They can cause coma, convulsions, and death. Barbiturates and tranquilizers are also depressants and can cause similar problems. The combination of these drugs with alcohol can potentiate their effect and can often cause death.
Stimulants (i.e. amphetamines) can cause addiction, nervousness, exhaustion, depression, confusion, personality changes, convulsions, coma, and death.

Inhalants (i.e. glue, aerosols, gasoline) can result in sudden death by doing damage to the brain and central nervous system. Prior to this, there may be nausea, vomiting, asphyxiation, and comatose state.
