Notes:

1. The online version of the student handbook is under the “Current Students” section of the website, and is the most up-to-date version. It may contain changes from the printed version. - Last update: August 2018

2. The MHU Student Handbook uses the pronoun “they” rather than “he” or “she” in many instances to refer to a single person. This usage is deliberate. While traditionally considered a plural pronoun, “they” is gaining acceptance as a singular, gender-inclusive pronoun.
Greetings Everyone,

On behalf of the Student Government Association at Mars Hill University, we extend the warmest welcome to all of our new and returning students. SEAL and MOTTO

The Mars Hill University seal is primarily used for official documents from the president’s office and the registrar’s office. It features the Marshbanks Hall cupola against the majestic Bailey Mountain. The seal also displays the year 1856, when the university was founded as French Broad Baptist Institute, and the university motto: Pro Christo Adolescentibusque, which means:

For Christ and Youth.

MASCOT

The Mars Hill University mascot is Cosmo, the mountain lion. He can often be found whipping up the crowd at ballgames, or leaping out of the MHU athletic logo.

WEBSITE and SOCIAL MEDIA

The best place to keep up with MHU and happenings on campus is the university website, “MyMHU” and the university social media accounts.

Mars Hill University Mission Statement

Mars Hill University, an academic community rooted in the Christian faith, challenges and equips students to pursue intellectual, spiritual, and personal growth that is:

- Grounded in a rigorous study of the Liberal Arts,
- Connected with the world of work, and
- Committed to character development, to service, and to responsible citizenship in the community, the region, and the world.

Vision Statement

Mars Hill will be a preeminent private university, nationally recognized for transforming engaged learners into ethical citizens and successful leaders in an ever-changing world.
Religious Identity Statement

Mars Hill’s religious identity will never be fully answered through a simple written statement, but will continually emerge through an ongoing dialogue among members of the Mars Hill family. Based on our mission statement (pg. 7), this document (below) was developed by the Religious Life Committee in consultation with the Church Relations Council. In addition, faculty, staff, students, and the Board of Advisors offered feedback at various stages of its drafting. On November 7, 2003, the Board of Trustees of Mars Hill University voted to approve the use of this document to publicly communicate the religious identity of the university. It represents our best understanding of who we are relative to our Christian roots, and it is an invitation to all members of the Mars Hill community—alumni, trustees, faculty, staff, students, and prospective students—to join us in this rich conversation as we seek to fulfill our mission.

Mars Hill University, an academic community rooted in the Christian faith. . .

Paul stood up in the midst of Mars Hill and said: “People of Athens, I see that you are very religious.” —Acts 17:22

Mars Hill University is a place where faith and reason meet, where students, faculty, and staff explore questions of faith reasonably in the spirit of Christ-like compassion and respect. While Mars Hill is not a church, our roots are Christian and our heritage is Baptist. We encourage students, faculty, staff, administrators, trustees and alumni in their practice and expression of faith. We honor the variety of denominations, faith traditions, worship practices, theological persuasions and spiritual disciplines represented among our constituencies. By experiencing this diversity in community, we learn from each other and find our own spiritual journeys enriched.

. . .challenges and equips students to pursue intellectual, spiritual, and personal growth. . .

“The most important [commandment],” answered Jesus, “is this: . . . Love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength.” —Mark 12:28-30

At Mars Hill, we see that developing knowledge, values, and skills are integral ways of loving God and following what Jesus called the greatest commandment. Pursuing intellectual growth—developing knowledge—is critical to loving God with all your mind. Pursuing spiritual growth—deepening values—is critical to loving God with all your heart and soul. And pursuing personal growth— strengthening skills for life and work—is critical to loving God with all your strength.

. . .through an education that is grounded in a rigorous study of the liberal arts. . .

You shall know the truth, and the truth shall make you free. —John 8:32

“Liberal arts” comes from a Latin phrase meaning “the arts suitable and necessary for free people to govern themselves.” The liberal arts at Mars Hill are rooted in freedom—freedom to explore critical questions of life from different perspectives in the pursuit of truth. Our Baptist heritage strongly emphasizes religious liberty, expressed as the freedom and autonomy of persons and churches in a free state. This heritage nurtures our practice of academic freedom. We recognize that any form of coercive dogmatism claiming to have the only correct version of truth, imposing that view on others, and restricting freedom of inquiry is incompatible with the way we experience the liberal arts and Christian higher education at Mars Hill.

. . .connected to the world of work. . .

I urge you to live a life worthy of the calling you have received. —Ephesians 4:1

The idea of vocation, or calling, is central to Mars Hill’s mission. God gifts people with a wide variety of abilities and interests and calls them to employ their gifts across the spectrum of professions: ministry, law, medicine, education, business, social work, et al. We want our graduates to find worthwhile work and distinguish themselves in every field by doing good [ethical work—making a life] and doing well [successful work—making a living].

. . .and committed to character development, to service, and to responsible citizenship in the community, the region, and the world. There are different kinds of service. . . [and] varieties of working, but it is the same God who inspires them all in every one.
To each is given the manifestation of the Spirit for the common good. —I Corinthians 12:5-6

At Mars Hill, we balance the freedom inherent in a liberal arts education with responsibility. We challenge our students to become “response-able,” prepared to respond to the difficult challenges of the 21st century with core commitments and activities that serve the common good. We want our graduates to value civic engagement, to be the kind of people who live out their faith commitments in every arena and spend their lives making a positive difference in their homes, in their workplaces, in their communities, and in their world.

**Student Learning Outcomes**

Mars Hill University has established learning outcomes to be demonstrated by students upon graduation. These “institutional student learning outcomes” incorporate current views of assessment in liberal education and reflects the university’s mission to provide curricular, co-curricular, and extra-curricular opportunities for students to grow intellectually, spiritually, and personally. This growth is fostered by the inherent interconnections among all the outcomes and its departments, programs, and offices across the university.

In preparing for a meaningful life and meaningful work, graduates of Mars Hill University demonstrate:

- **Knowledge** – Graduates apply knowledge acquired in their academic studies and co-curricular activities.
- **Effective communication** – Graduates communicate effectively using a variety of methods and appropriate technologies.
- **Informed, critical, and creative thinking** – Graduates identify and solve problems using appropriate methods of inquiry, analysis, critical thinking, and creativity.
- **Aesthetic awareness** – Graduates comprehend the nature and value of aesthetic experience and expression.
- **Personal growth and social responsibility** – Graduates cultivate intellectual discipline, physical and spiritual well-being, ethical engagement, and respect for others within diverse communities.
These learning outcomes are consistent with those embraced by the Association of American Colleges and Universities in its “Liberal Education for America’s Promise” campaign. Mars Hill’s outcomes, though, reflect our distinctive emphasis on liberal arts education that integrates general and subject area knowledge in preparation for lifelong learning and achievement. These outcomes are the product of campus-wide collaborative efforts to establish a framework that curricular, co-curricular, and extra-curricular programs use to define program-level outcomes.

Academic Integrity at MHU

Mars Hill University is committed to the fundamental values of honesty, trust, fairness, respect, responsibility, and courage. Our Honor Code calls us to uphold these core values in the work that we do and the lives that we lead. As a community, we honor and expect honest work, fair and respectful treatment of all members of the community, and trust, which is the touchstone of our work with one another. When members of our community break this code, it is our duty as an academic institution to repair what has been damaged and to follow clear guidelines that support and promote the fundamental values of academic integrity.

Mars Hill University Honor Code

We, the students of Mars Hill University, pledge ourselves to uphold integrity, honesty, and academic responsibility in and out of the classroom.

Mars Hill University Honor Pledge

On my honor, I have neither given nor received any academic aid or information that would violate the Honor Code of Mars Hill University.

Students’ Rights And Responsibilities

Student Code of Responsibility

As a student at Mars Hill University you are expected to conduct yourself in a manner that is consistent with the values of the university and brings credit to you, your family, community, and the university. The actions of one can affect many within a community, positively or negatively. Whether in or out of class, on or off campus, as an individual or as a member of a group, you should consider honor, integrity, and respect for self and others as guiding principles in your words and actions as you go about your daily life. This is your responsibility as a member of Mars Hill University.

Being a responsible member of this community compels you to consider not only your actions but also the actions of others and the results of those actions on the community. Being part of MHU means that you are called to be more than a passive bystander, but active and engaged in community life. Intervene if you see someone mistreated. Ask for assistance for yourself or others in solving concerns. Report issues that have an impact on you or other community members. Keeping MHU safe and enjoyable is the responsibility of every member of the community.

The Code of Conduct below addresses categories of behaviors, the process, and the procedures for those occasions when individuals intentionally or unintentionally do not uphold these responsibilities.

Student Code of Conduct

Application of the Mars Hill University Student Code of Conduct

The Mars Hill University Student Code of Conduct shall apply to conduct that occurs on Mars Hill University premises, at Mars Hill University sponsored activities, and to off-campus conduct that adversely affects the Mars Hill University community and/or the pursuit of its objectives. Each student shall be responsible for his/her conduct from the time of application for admission through the actual awarding of a degree, even though conduct may occur before classes begin or after classes end, as well as during the academic year and during periods between terms of actual enrollment. The
Student Code of Conduct shall also apply to the conduct of student groups and student organizations. The Student Code of Conduct shall apply to a student’s conduct even if the student withdraws from school while a disciplinary matter is pending. The Associate VPSD or designee shall decide whether the Student Code of Conduct shall be applied to conduct occurring off campus, in his/her sole discretion.

Student conduct records are considered educational records and are protected by the Family Educational Right to Privacy Act of 1974. Academic advisors, coaches, or organization advisors may be alerted to the fact that a student has been found responsible for a violation.

**Purpose**

The purpose of the Student Code of Conduct at Mars Hill University is to support the institutional mission with a discipline process that upholds established standards of honor in a community of learners. This is done by holding each other accountable through a restorative and redemptive process rather than a merely punitive approach to accountability. This is an administrative procedure and is separate from any outside process, such as any legal action.

**ARTICLE I: Definitions**

1. The term “University” means Mars Hill University (MHU).
2. The term “student” includes:

9. Procedure Modifications for Safety and Security. The Student Conduct Board may accommodate concerns for the personal safety, well-being, and/or fears of confrontation of the Grievant, Respondent, and/or other witness during the hearing by providing separate facilities, using a visual screen, by permitting participation by telephone, video conferencing, videotape, audio tape, written statement, or other means, where and as determined in the sole discretion of Student Conduct Administrator to be appropriate.

The notice should include the time, date, and place of a subsequent hearing at which the student may show cause why their continued presence on the University campus does not constitute a threat. This meeting to show cause may be separate from the student conduct hearing.

E. **Appeals**

1. **Filing of Appeal.** A decision and or a sanction reached by the Student Conduct Board may be appealed by the Respondent or Grievant to an Appellate Board within three (3) school days of the notice of the decision. Such appeals shall be in writing and shall be delivered to the Associate VPSD or designee.

2. **Scope of Appellate Board Review.** Except as required to explain the basis of new information, an appeal shall be limited to a review of the record of the Student Conduct Board Hearing and supporting documents for one or more of the following purposes:
   a. To determine whether the Student Conduct Board Hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice resulted.
   b. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code of Conduct which the student was found responsible.
   c. To consider new information deemed sufficient to alter a decision or other relevant facts not brought out in the original hearing because such information and/or facts were not known to the person appealing at the time of the original hearing.

3. **Timing.** The Appellate Board shall consider the appeal within 15 business days of the filing of the appeal with the Associate VPSD or designee.

4. **Notice of Decision.** Within 15 business days of the completion of the Appellate Board Review, the Appellate Board will notify the Respondent in written form of its decision.

Associate VPSD decision shall be final and binding. The Associate VPSD will make formal notification in written form in 15 business days of the final outcome of the appeal.

**ARTICLE V: Interpretation and Revision**

University Policies

Confidentiality of Student Records

The Family Educational Rights and Privacy Act of 1974, also known as FERPA or the “Buckley Amendment,” establishes requirements for how institutions of higher education (IHEs) maintain and disclose students’ education records. In primary and secondary schools, FERPA rights belong to the parents or guardians of a minor student, but when students reach the age of 18 or enroll in college, they become “eligible students” under the law, and all rights transfer to them. Therefore, all Mars Hill students are eligible students, and all FERPA rights belong to them, regardless of age.

FERPA lays out four basic rights for college students: the right to access their education records, the right to request amendment of their records, the right to control disclosure of their records, and the right to file a complaint against an institution that does not comply with FERPA. Each student has the right to disclose his or her education records, but, with limited exceptions, the institution cannot disclose those records to others without the student’s written consent. Mars Hill’s Consent to Disclose Education Records form, available in the Registrar’s Office, must be completed, signed, and dated by the student before education records can be released to other parties. The form specifies the education record or records to be released and who is to be granted access. (Note: While students participating in financial aid programs often sign a release to allow parents or guardians access to their financial information, this release does not include other education records, including grades or disciplinary violations.)

To access an education record, the student must contact the office responsible for maintaining that record (or, when the responsible office is unclear to the student, the Registrar’s Office). The responsible office will provide access to the record or provide a copy of the record within 45 days and may impose a fee to defray the cost of making a copy and/or sending it to the student. If the student finds a record to contain information that is inaccurate, misleading, or in violation of his or her rights to privacy, the student may write to the office responsible for maintaining that record (or the Registrar’s Office) to request that the record should be amended. If the university does not amend the record as requested, the student may request a hearing before the Provost (or designee) to review the request. If the record is not amended following a hearing, the student may place a statement in the record commenting on the contested information.
Under FERPA, an IHE may release education records without the consent of students in the following circumstances:

- School officials with legitimate educational interests (see below)
- Directory information (see below)
- Another IHE at which the student intends to enroll
- Health and safety emergencies
- Parents of dependent children per Internal Revenue Service filings
- Specific legal situations
- Other authorities

Details regarding these exceptions are codified in 20 USC § 1232g and 34 CFR Part 99.

Mars Hill University defines a “school official” as a person employed by the university in an administrative, supervisory, academic, or support staff positions; a person employed by a consultant, contractor, or other outside party with whom the university has contracted for institutional services (e.g., an attorney, an auditor, an employee of the National Student Clearinghouse); a member of the Board of Trustees; or a student serving on an appeals committee or employed to support an institutional official. Further, Mars Hill University defines a “legitimate educational interest” as the need to review an education record in order to fulfill a professional responsibility.

Mars Hill University defines “directory information” as information not generally considered harmful or an invasion of privacy if disclosed. It includes a student’s name, home town, ID number, institutional email address, institutional mailbox number, institutional telephone extension, photograph, date of birth, place of birth, field(s) of study, participation in institution-sponsored activities including intercollegiate athletics, weight, height, job title, recognitions such as Dean’s List, dates of attendance, degrees awarded or licensure programs completed, year classification, credit hours earned, enrollment status. A student may refuse to allow the release of directory information by contacting the Registrar’s Office in writing. Requests to restrict directory information may take up to two weeks to process and stay in effect indefinitely unless the student requests otherwise.

### Safe Academic & Work Environment Policies

#### Purpose of Policies

Mars Hill University is committed to providing all administration, faculty, staff and students a safe work and academic environment that is conducive to intellectual and personal development. Mars Hill University expects all administration, faculty, staff and students to behave and to conduct themselves in such a way that promotes a safe, respectful and productive campus that is free from violence, harassment, hazing, or bullying in any form. The University will not condone or tolerate actions by any member of the administration, faculty, staff, or student, that disrespects the basic human dignities of other individuals at the University.

#### Scope of Policies

The following policies apply to the actions and behavior of all students, (including, but not limited to part-time, full-time, temporary, etc.) that occurs on or off campus, regardless of whether they have disabilities, are international or undocumented, and regardless of their sexual orientation and gender identity. Similar policies exist and apply to the actions and behavior of faculty, staff and administrators. The policies are extended to the conduct of all vendors, contractors and third parties on campus. Regardless of whether an allegation involves another student or student organization, a member of the faculty, staff or administration, or a third party vendor or contractor on campus, students should report an alleged violation of these policies in accordance with the reporting provisions below.
Anti-Violence & Anti-Harassment Policy

General Policy

All students are prohibited from engaging in threatening behaviors, violence or harassment against another person at the University. Any student that engages in violence, threatening behavior or harassment in violation of this policy shall be subject to disciplinary action.

Policy Definitions

• For purposes of this policy, violence or threatening behavior, generally means conduct that is intimidating, injury producing, abusive or hostile against another person at the University. This includes but is not limited to all students, administration, faculty and staff) or against their property. This does not include acts of self-defense or acts in the defense of others. Such conduct would include, but would not be limited to:
  • Intimidation or unwarranted behavior that is intended to scare or coerce;
  • Stalking or harassing in person, in writing, by phone or in any electronic format, or following and spying that causes reasonable fear of physical violence;
  • Threatening or expressing the intent to cause physical or mental harm to persons or to property;
  • Physically attacking or otherwise causing unwanted or harmful physical conduct to any individual, including hitting, shoving, throwing objects, spitting, or fighting;
  • Intentional damage to, or destruction of, the property of the University or the property of a member of the administration, faculty, staff, or student;

• Any unlawful conduct as defined in the Workplace Violence Prevention Act (N.C. Gen. Stat. § 95-260).

For purposes of this policy, harassment generally means conduct or speech that is unwelcome or unsolicited and is based upon race, color, creed, religion, national origin, age, disability, sex, familial status, sexual orientation or reprisal, creating a hostile work and/or academic environment. A hostile work and/or academic environment is one that both the person who is the object of the harassment finds to be, and a reasonable person in similar circumstances would find to be, hostile or abusive. Harassment is typically persistent action that is part of an ongoing pattern of behavior, but can also be a single isolated incident. Isolated instances of joking, teasing or arguments between two individuals are not necessarily harassment. The context and circumstances surrounding any instance of alleged harassment will be considered when investigating claims of harassment.

Allegations of sexual violence or sexual harassment are not covered by this policy, but are instead governed by the Sexual Misconduct Policy and Title IX Grievance Procedures below.

Anti-Hazing Policy

North Carolina Law

It is against the law for any student in attendance at any university, college, or school in the State of North Carolina to engage or participate in hazing, or to assist or aid another student in hazing (N.C. General Statutes § 14-35). Hazing is defined in N.C. Gen. Statute § 14-35 as "... to subject another student to physical injury as part of an initiation, or as a prerequisite to membership, into any organized school group, including any society, athletic team, fraternity or sorority, or other similar group." (2014) A violation of N.C. Gen. Stat. § 14-35 is a Class 2 misdemeanor.
General Policy

Mars Hill University has a zero tolerance policy for hazing on its campus. In accordance with North Carolina law, no student, student organization, or athletic team, shall permit, plan, direct, encourage, participate, assist, engage, aid, condone or tolerate hazing. Any student, student organization, or athletic team that engages in hazing, or in an act that is disrespectful of the basic human dignities of other students or members of the administration, faculty, or staff in violation of this policy or in violation of North Carolina law, shall be subject to disciplinary action.

Policy Definitions

For purposes of this policy, hazing is defined as: any action that is in violation of N.C. Gen. Statute § 14-35, or any action that otherwise, either indirectly or directly, jeopardizes another individual’s psychological, emotional, or physical wellbeing; any acts which inflict physical or mental harm or anxiety upon an individual as a condition of acceptance into or affiliation with a student organization, athletic team, any other organization, or for any other manipulative purpose.

The term hazing includes, but is not limited to: activities designed to emphasize the power imbalance between new members and other members of a group or team, activities designed to harass or create emotional or physical discomfort or harm to an individual.

Examples of hazing include, but are not limited to:

- physical abuse, paddling, whipping, beating;
- yelling, cursing or swearing at an individual;

- participate in tattooing, piercing, shaving or branding of any kind;
- drink alcohol or use drugs;
- consume any inappropriate or harmful substance or concoctions;
- subject themselves to the servitude or ridicule of other members, or to any other form of public embarrassment.

Consent to Hazing Irrelevant

The actual or apparent permission or consent of the individual or individuals subjected to hazing does not change or lessen Mars Hill University’s zero tolerance policy, and is irrelevant when determining disciplinary action.

Anti-Bullying Policy

North Carolina Law

North Carolina law prohibits Cyber-bullying of either fellow students or of school employees (N.C. Gen. Stat. § 14-458.1 and 14-458.2).

General Policy

No student, student organization or athletic team, shall permit, plan, direct, encourage, participate, assist, engage, aid, condone or tolerate bullying. Any student, student organization or athletic team that engages in bullying in violation of this policy shall be subject to disciplinary action.
Policy Definitions

Bullying is typically persistent action that is part of an ongoing pattern of behavior, but can also be a single isolated incident. However, isolated instances of teasing or arguments between two individuals are not necessarily bullying.

The term bullying includes, but is not limited to:

- Cyber-bullying: Use of any electronic communication (emails, blogs, internet chat rooms, Facebook or other social media sites, text messages) or device (computers, cell phones, digital cameras or video cameras) to harass, intimidate, or bully another individual.
- Mobbing: Bullying by a group rather than by an individual.
- Physical Abuse: Pushing, kicking, hitting, punching, slapping, or any other form of violence. Such behavior is also a violation of NC Law.
- Verbal Abuse: Name-calling, teasing, threatening, use of offensive or abusive language, or other verbal insult or assault.
- Indirect Abuse: Spreading rumors or innuendo, unreasonably harsh and offensive criticism, belittling, tormenting, or social isolation.

Professional Boundaries Policy

General Policy

While the administration, faculty, and staff are encouraged to foster wholesome and appropriate relationships with students, amorous relationships between members of the administration, faculty or staff, and students, even of a consensual nature, are strictly prohibited. Such relationships are inherently problematic given the unequal status of the administration, faculty, or staff member even if there is no immediate position of authority with respect to the student.

Policy Definition

For purposes of this policy, an amorous relationship is any romantic or physically intimate relationship.

Doors and Windows Policy

General Policy

Mars Hill University encourages cooperation, socialization and collegial interaction amongst the administration, faculty and staff. The University also encourages appropriate academic, advisory, and mentoring relationships between administration, faculty, staff and students. In an effort to reduce risk, it is the policy of Mars Hill University that faculty and staff will keep all windows to their offices, classrooms, or other work spaces unobstructed such that a third party can look into the office, classroom or workspace at any time. In addition, it is the policy of Mars Hill University that if a member of the faculty or staff is meeting one-on-one with a student in an office, classroom or work space that does not have a window, the door shall remain open at all times.

Social Media Policy

All students, student organizations and athletic teams are specifically prohibited from using the University's network, computers, email accounts, or any other form of technology owned or provided by the University for the purpose of, or in connection with, any form of violence, threatening behavior, harassment, sexual misconduct (as defined in the Sexual
Misconduct Policy below), hazing, bullying or pursuing or promoting a relationship that is in violation of the Professional Boundaries Policy.

The use of social media and social networking sites is prominent on the campus of Mars Hill University. While social media can be an important and useful means of communication, it can also:

- Create confusion regarding the opinions and voice of Mars Hill University and the opinions and voice of individuals affiliated with the University; and
- Impact the organizational, professional and personal reputations of those utilizing social media.

In order to help students, administration, faculty and staff properly portray, promote and protect themselves and the University, Mars Hill University is implementing the following guidelines and best practices when using social media:

Reporting Crimes and Violations of North Carolina Law

The Associate VPSD or designee shall immediately notify the proper authorities of any alleged violation of these policies that is also a crime or violation of North Carolina law. Mars Hill University will cooperate with authorities in the enforcement of all applicable laws.

• Faculty & Administrators - Reports alleging the violation of a Safe Academic & Work Environment Policy by a member of the faculty or an administrator shall be investigated by a Faculty Review Board. The Faculty Review Board will consist of 6 members of the faculty, appointed by the Provost in consultation with the President and the Chair of the Faculty, for rotating three-year terms. The Faculty Review Board will receive investigation

Students are required to fully cooperate with any inquiry or investigation at the request of Mars Hill University. This includes complying with all requests at the time of any alleged incident and all requests throughout an investigation. A Grievant is entitled to withdraw his or her complaint at any time. However, the University reserves the right to complete any investigation it deems necessary.

**Disciplinary Action**

- Disciplinary action for violation of these policies may include, but would not be limited to, the following:

  - Student organizations or athletic teams - warning, community service, suspension or prohibition from participation in University events; and suspension or prohibition of the University's recognition of the student organization or athletic team; and
Policy Regarding Animals on Campus

This policy is intended to protect the public from potentially hazardous health conditions and to prevent environmental pollution caused by animal waste.

Mars Hill University students, faculty, and staff as well as members of the Mars Hill community are welcome to walk their dogs on campus provided that the pet is leashed and that, for health reasons, owners or keepers pick up and remove all waste from university property. This guideline covers waste left anywhere on campus, including sidewalks, streets, pathways, lawns, and athletic fields. When walking your animal(s) on campus, please carry a bag or some other means to remove and properly dispose of the waste. While on campus, dog owners or keepers are responsible for any damage, accidents, and bites caused by their pets.

Animals, except for Trained Service Animals, are not permitted at athletic practice or competition venues or in any university building, academic buildings, and administration buildings. Animals may not be tied up unattended. Only Trained Service Animals and approved Emotional Support Animals are allowed in campus housing.

The owner or keeper of any animal that is not a Trained Service Animal (defined as trained to do work or to perform tasks for the benefit of an individual with a disability) must adhere to the above guidelines regarding animals on campus. The provision of emotional support, well-being, comfort, or companionship does not constitute work or tasks for the purposes of this definition.

If you have questions regarding Trained Service Animals or Emotional Support Animals, please contact the Office of Disability Services.
Policy Statement

Mars Hill University is committed to creating and maintaining a safe and secure environment in which all members of the community, including students, employees, contract workers, visitors, and guests, are treated with respect and dignity, free from gender- and sex-based discrimination. All forms of gender- and sex-based discrimination are prohibited, including but not limited to sexual harassment, sexual exploitation, non-consensual sexual contact, non-consensual sexual intercourse, domestic violence, dating violence, and stalking. (Certain underlined key term are defined below.)

Any student or employee found to have violated this policy is subject to disciplinary action. Any other member of the community found to have violated this policy may be banned from campus and barred from access to other university facilities.

Procedures

Mars Hill University provides a prompt and equitable process for resolving complaints of sexual misconduct or interpersonal violence. Victims may simultaneously file a Grievance under these procedures and also report violations to local law enforcement for prosecution by filing a criminal complaint. However, investigations by the university under these procedures are separate and distinct from investigations by the Mars Hill Police Department, the Madison County Sheriff’s Department or any other local government or state agency.

Mars Hill University uses a “preponderance of the evidence” standard in all investigations of alleged violations of this policy. An individual is deemed to have violated this policy if investigators determine it is more likely than not that the violation occurred.
Reporting a Grievance

The university encourages victims of sexual misconduct or interpersonal violence to talk to someone about what happened to them. The university also encourages victims to report incidents of sexual misconduct or interpersonal violence to the Title IX Coordinator or another responsible employee so that the institution can respond appropriately. A victim may not know whom to trust or turn to for help, and may also not realize that there are different individuals on campus who have different abilities to maintain confidentiality. The following information is intended to provide guidance to victims regarding their reporting options.

Confidential Reporting

Mars Hill University employs trained professionals who can provide confidential support. Students who are victims of sexual misconduct or interpersonal violence and who desire to report an incident confidentially are encouraged to speak directly with medical professionals, with counselors in the university’s Counseling Center, with pastoral counselors on or off campus, or counselors at an off-campus victim support center. These individuals are not required by the university to report any information to the Title IX Coordinator without the students’ permission, though they may have certain reporting requirements pursuant to their own professional licensure requirements or code of ethics. Generally, these confidential reporting employees can assist victims of sexual misconduct or interpersonal violence with support, physical or mental health services, or other accommodations. The university’s confidential reporting sources are:

Note that, if you desire to maintain confidentiality, the university may be unable to conduct a formal investigation into the alleged misconduct or to take disciplinary action against the alleged perpetrator. Even if you initially request confidentiality, you have the right to change your mind at any time and report the alleged misconduct to the university’s Title IX Coordinator for investigation.

Non-Confidential Reporting

If you are the victim of sexual misconduct or interpersonal violence, you are encouraged to report such incidents to the university’s Title IX Coordinator or to any of the university’s responsible employees. Mars Hill University identifies all administrators, faculty members (including adjuncts), professional staff members, coaches, and student resident assistants (RAs) as responsible employees. These responsible employees must report allegations of sexual misconduct or interpersonal violence within 48 hours to the university’s Title IX Coordinator:

Jennie Matthews
209 Nash Hall, Mars Hill University
Mars Hill, N.C. 28754
828 689-1197
jmatthews@mhu.edu

The university understands that victims of sexual misconduct or interpersonal violence may experience trauma recalling details of their experiences. Responsible employees are therefore encouraged to listen carefully to reports and note all details but to avoid asking follow-up questions that could unintentionally cause additional distress. Alleged victims should be referred to individuals trained in trauma-informed interview techniques, including the Title IX Coordinator and the confidential reporting sources noted above.
Formal Grievance

An individual may submit a formal Grievance to a responsible employee in writing, over the phone, or in person. A Grievance should be as specific as possible, providing the name of the injured party; the name of the alleged perpetrator; a chronology of the relevant events, detailing dates, places, and times; a description of the offending behavior; the names of any witnesses to the behavior or persons with knowledge of the behavior; and a requested remedy, if applicable. In the absence of a written Grievance, the responsible employee receiving an individual’s testimony shall thoroughly document all relevant facts and circumstances and pass this document on with notice of the claim to the Title IX Coordinator.

It is well documented that some victims of sexual misconduct or interpersonal violence have difficulty recalling details of their experiences. Accordingly, individuals should report as much information as they can initially but know that they may add to or otherwise modify a Grievance at any time.

Grievances should be reported as soon as reasonably possible, typically within 60 calendar days of the incident. However, the university reserves the right to investigate and act on any Grievance reported involving incidents that occurred outside of this time limit.

Institutional Obligations

Victims should be aware that the university is required to report certain sexual assault, domestic violence, dating violence, and stalking incidents for federal statistical reporting purposes, as required by the Clery Act and the Campus SaVe Act. Accordingly, there are certain individuals at the university designated as Campus Security Authorities (CSA) that must report any incidents to Campus Safety & Security for compilation and statistical reporting. The information reported includes the general nature of an incident, the date, and the location; no personally identifiable information is disclosed. Victims should also be aware that, in other instances, when a reported incident is confirmed to pose a substantial threat of bodily harm or damage to members of the university community, the university must issue timely warnings to the university community as a whole. In such instances, the university will make every effort to maintain confidentiality while at the same time disclosing enough information to warn of the dangers threatened.

Preliminary Inquiry

All parties involved in any aspect of these procedures are expected to maintain confidentiality throughout the process. Any party who does not maintain confidentiality may be subject to disciplinary action.

1. Receipt of Initial Grievance. If a Grievance is reported to a responsible employee other than the university’s Title IX Coordinator, the person receiving the initial report shall notify the university’s Title IX Coordinator of the Grievance within 48 hours of receipt of the report. If the Title IX Coordinator is alleged to have been involved in a violation, the Grievance shall be reported to the Assistant Vice President for Human Resources and Strategic Initiatives, who will fulfill the responsibilities of the Title IX Coordinator with regards to the Grievance. Should a Grievant request that a Grievance be kept confidential, the Title IX Coordinator will respect the Grievant’s request and do everything practicable to maintain confidentiality, though doing so may limit the university’s ability to respond to the Grievance. However, the Title IX Coordinator must balance this request with the university’s responsibility to provide a safe and nondiscriminatory environment for all members of the university community.

2. Notice of Grievance to Respondent & Opportunity for Response. Within 5 days of receipt of a report of a Grievance, the Title IX Coordinator, with the assistance of other university officials, shall make a preliminary inquiry and initial determination as to whether or not the Grievance falls within the scope of these procedures and whether further investigation is necessary. If the Title IX Coordinator determines that further investigation regarding the Grievance is necessary under these procedures, the Title IX Coordinator shall provide written notice of the reported Grievance to the Respondent, either by providing the Respondent with a copy of the written initial report of the Grievant or by providing the Respondent with a summary of the allegations and requests made by the Grievant. In this notice, the Respondent shall be advised that a written Response to the Grievance may be filed with the Title IX Coordinator within 5 days of notice of the Grievance. The Response, if any, should confirm or deny the factual allegations, indicate the extent to which the Grievance has merit, and indicate whether the Respondent accepts or rejects the
desired outcome requested by the Grievant or outline an appropriate alternative outcome. If the Respondent files a 
Response, the Title IX Coordinator shall provide a copy of the Response to the Grievant upon receipt.

3. **Interim Measures.** It is the goal of the university to investigate all Grievances in a prompt and equitable manner. Accordingly, the university strives to complete and resolve a filed Grievance within 60 business days or less (exclusive of any appeal). During the Grievance process, the Title IX Coordinator, in consultation with senior administrators, may implement Interim Measures to ensure the safety of all members of the university community. By way of example, Interim Measures could include no-contact orders, changes in housing assignments, changes to course schedules, changes to work schedules or duties, counseling, health services, other support services, or temporary suspension. If Interim Measures are implemented, the Title IX Coordinator or a senior administrator shall notify the Grievant, the Respondent, and any other individual or entity affected by the Interim Measures, in writing. The following factors are considered when determining the appropriateness of Interim Measures: the seriousness of the allegations, scheduled interactions between the Grievant and the Respondent (e.g., courses, housing assignments, extracurricular activities), restraining orders or other civil protections, and the specific needs and requests of the Grievant. When implementing Interim Measures, the Title IX Coordinator will balance the need to ensure the safety of the Grievant and the university community with the need to minimize the impact on the Respondent.

4. **Informal Resolution.** Prior to any investigation, and at any time during the Grievance process, the Title IX Coordinator may inquire of the parties if they wish to participate in informal resolution of the Grievance. If, and only if, both the Grievant and the Respondent voluntarily agree to do so, the Title IX Coordinator or designee will meet with the parties and informally attempt to resolve the Grievance. If the parties can reach an agreement, it shall be recorded in writing and signed by both the Grievant and Respondent, and no further action will be taken in connection with these Grievance Procedures. However, Grievances alleging sexual assault or other sexual violence may not be resolved through this informal process, even with the parties’ consent. Further, all parties shall have the absolute right to end the informal resolution process at any time and return to, or begin, the formal stage of the Grievance process under these Grievance Procedures.

**Investigation**

1. **Appointment of Investigators.** Unless an informal resolution is pursued, the Title IX Coordinator will appoint an Investigator and an Assistant Investigator, both of whom have had training in civil rights investigations, within 5 business days of receipt of the Grievance and Response, if any. The Title IX Coordinator will inform the Grievant and Respondent of these assignments in writing, to ensure that there are no conflicts of interest. Investigators are expected to complete all interviews, review all evidence, and complete an Investigation Report within 10 business days, unless, in the judgment of the Title IX Coordinator, additional time is required. If additional time is needed, the Title IX Coordinator will notify the Grievant and Respondent in writing of the date by which the investigation is expected to be completed.

2. **Interviews and Evidence.** During the investigation, the Investigator and Assistant Investigator will work as a team, reviewing the Grievance and the Response (if submitted), conducting interviews of both parties and relevant witnesses and collecting evidence. During interviews, both the Grievant and the Respondent have the right to have an advisor of their choice accompany them. All participants in interviews, including the Grievant, the Respondent, other witnesses, and any advisors, are required to maintain strict confidentiality about the interviews, sharing neither the Investigators’ questions nor their responses with others, unless they are given written consent to do so by the Title IX Coordinator. Evidence collected by the Investigators may include student or personnel files, photographs, videos, reports, law enforcement investigatory records, medical records (if provided by a patient), or other documents. Investigators have no legal power to compel individuals to participate in interviews or to subpoena records, but refusing to participate in an interview or share relevant evidence may be grounds for disciplinary actions.

3. **Investigation Report.** Upon concluding their investigation, the Investigator and Assistant Investigator will prepare a written Investigation Report that documents the violation alleged, the interviews conducted, and the evidence reviewed. The Investigation Report concludes with the Investigators’ assessment of whether it is more likely than not that the Respondent is responsible for having violated this policy. If it is determined that the Respondent is responsible for the alleged violation, the Investigators will recommend appropriate disciplinary actions and/or remedial steps to ensure that the sexual misconduct or interpersonal violence has ended, to prevent its recurrence, and to address its effects. The Title IX Coordinator will distribute copies of the Investigation Report to the Grievant and to the Respondent. Should neither the Grievant nor the Respondent file a timely appeal based on appropriate grounds (see below), the determination of the Investigators will become final. If the Investigation Report includes
recommended disciplinary actions and/or remediation, the Title IX Coordinator will refer the matter to the appropriate senior administrator(s) (e.g., chief academic officer, chief student affairs officer, senior human resources officer) to determine the university’s response, which will be communicated with both the Grievant and the Respondent.

**Appeal**

1. **Right of Appeal.** Both the Grievant and the Respondent have the right to appeal the result of the Investigation Report in writing within 5 business days. Appeals are limited to 1500 words and must be based on one or more of the following grounds:
   a) The appealing party has new information that was not reasonably available before the investigation and could have significantly affected the Investigators’ determination that the Respondent was or was not responsible (“new information”).
   b) The appealing party has evidence of a procedural error in the investigation that could have significantly affected the Investigators’ determination that the Respondent was or was not responsible (“procedural error”).
   c) The appealing party asserts that the severity of the recommended disciplinary actions and/or remedial steps is substantially disproportionate to the severity of the violation (“disproportionate recommendation”). Disagreement with the Investigators’ determination or with the recommended disciplinary actions and/or remedial steps is not grounds for an appeal. Any appeal filed after 5 business days or without citing appropriate grounds will be dismissed.

2. **Appointment of Review Board.** Should an Appeal be filed in a timely manner and based on appropriate grounds, the Title IX Coordinator will appoint a three-person Review Board to hear the Appeal within 5 business days. The Review Board will consist of a Review Board Chair, who must be an individual who has experience serving as an Investigator or Assistant Investigator and has civil rights investigator training, and two additional Review Board Members. Neither the Investigator nor the Assistant Investigator assigned to review the recommendations of the Investigation Report being appealed may serve on the Review Board. The Title IX Coordinator will communicate with the Grievant and the Respondent to ensure that no prospective members have a conflict of interest before finalizing the Review Board’s membership.

3. **Review Board Procedures.** The members of the Review Board will review the Grievance, the Response (if provided), the Investigation Report, and the Appeal. The purpose of the Review Board is to determine whether the Appeal has merit, not to reinvestigate the Grievance. If the Appeal is based on new information, the Review Board may review additional material evidence or interview witnesses to determine whether the new information could have significantly affected the Investigators’ determination. A Grievant or Respondent interviewed by the Review Board may be accompanied by an advisor of their choice. All participants in interviews are required to maintain strict confidentiality about the interviews, sharing neither the Review Board members’ questions nor their responses with others, unless they are given written consent to do so by the Title IX Coordinator. If the Appeal is based on an alleged procedural error, the Review Board may interview the Investigators or other individuals as necessary to determine whether the alleged procedural error could have significantly affected the Investigators’ determination.

4. **Review Board Report.** Within 10 business days of being appointed, the Review Board will produce its Review Board Report, which presents the opinion of a majority of the Review Board members as to whether the Appeal has merit. The Title IX Coordinator will share this report with the Grievant and the Respondent. If the Review Board finds that an appeal based on new information has merit, the Title IX Coordinator will instruct the Investigator and Assistant Investigator to review the new information, examining material evidence or conducting new interviews as appropriate, and produce a Revised Investigation Report. If the Review Board finds that an appeal based on a procedural error has merit, the Title IX Coordinator will appoint a new Investigator and Assistant Investigator to conduct a new investigation. If the Review Board finds that an appeal based on a disproportionate recommendation has merit, the Review Board will make a new recommendation.

**Disciplinary Actions And Remediation**

If the Respondent is found to have been responsible for violating this policy, the Investigation Report, Revised Investigation Report, or Review Board Report will include recommended disciplinary actions and/or remediation. If the Respondent is a student (or student organization), the Title IX Coordinator will forward the report and recommendations to the Associate VPSD, who will determine appropriate sanctions. If the Respondent is an employee, the Title IX Coordinator will forward the report and recommendations to the Assistant Vice President for Human Resources
and Strategic Initiatives, who, in coordination with the employee's senior administrator, will determine appropriate sanctions. Possible sanctions include the following:

- For students — formal warning, community service, counseling, suspension, prohibition from participation in university activities, expulsion, or any other sanction specified in the Student Code of Conduct
- For student organizations — formal warning, community service, suspension, prohibition from participation in university activities, revocation of university recognition/disbandment
- For employees — formal warning, community service, counseling, suspension with pay, suspension without pay, prohibition for participation in university activities, demotion, change of title, change of duties, reduction of pay, termination

The Title IX Coordinator will forward remediation recommendations to the appropriate senior administrators for consideration and implementation.

**Additional Information**

**Retaliation**

Retaliation against any individual who files a Grievance or who participates in these procedures is prohibited. For purposes of this policy, retaliation could include, but would not be limited to harassment, intimidation, bullying of any form, including physical, verbal or indirect abuse, social isolation, or exclusion, and unfavorable treatment. Retaliation can take place in person, in writing, on social media, or via any other means. Individuals who believe they have been retaliated against should notify the Title IX Coordinator. Retaliation may result in disciplinary action or other appropriate sanctions by the university in accordance with this policy.

**Prior Relationship History**

A Grievant's prior relationship history with anyone other than the Respondent will not be considered during the investigation or adjudication of a Grievance under these procedures.

**Limited Immunity**

The university does not condone underage drinking or violations of the law or violations of the university's prohibition of alcohol on campus. However, the Title IX Coordinator may extend limited immunity from sanctions for violations of the Student Code of Conduct or conditions of employment to victims of sexual misconduct and/or to individuals who have assisted victims of sexual misconduct. Individuals afforded limited immunity may be required to participate in relevant education or counseling, as appropriate, but will not face additional sanctions.

**Involvement of the Title IX Coordinator**

The university strives to provide a prompt, thorough, and impartial resolution to all Grievances, and the Title IX Coordinator may therefore be involved with the investigation and/or other aspects of these procedures as is necessary. The Title IX Coordinator shall not serve as an Investigator, an Assistant Investigator, or a member of the Review Board, but shall be present at the Review Board hearing and shall act as a moderator and recorder of the hearing.

**Records Retention**

The Title IX Coordinator shall maintain confidential records of any Grievance filed for a period of at least 3 years from the conclusion of a Grievance. The records shall include at a minimum the name of the Grievant, the Grievance form or written notice of the Grievance, the name of the Respondent, the Response (if submitted), and the Investigation Report. If an Investigation Report is appealed, the records shall also include the Review Board Report and any other reports generated.
Modification

The university reserves the right to modify, alter, or substitute, in whole or in part, this policy and associated procedures to comply with federal regulations and in response to guidance published by the U.S. Department of Education's Office for Civil Rights.

Key Terms

Advisor of Choice — A Grievant or Respondent may select any individual to accompany him or her to an interview with Investigators of hearing of the Review Board. This advisor may be a student, an employee of the university, or an outsider. The advisor’s role is to advise the Grievant or the Respondent, not to represent him or her. Advisors may not speak on behalf of the individuals they advise nor may they answer any questions put to the individuals. An advisor who interferes with an interview or hearing may be dismissed by the Title IX Coordinator and barred from participating in future interviews or hearings.

Consent — Consent is knowing, voluntary, and clear permission by word or action to engage in mutually agreed upon activity, such as sexual contact or intercourse. Each party must make certain that the other has consented before engaging in sexual activity, since individuals may experience the same interaction in different ways. Either party can withdraw consent at any time by expressing in words or actions that they no longer want the act to continue. If either party withdraws consent, the other person must stop the activity immediately.

• Individuals cannot be coerced, pressured, threatened, or emotionally intimidated into giving consent.
• Individuals cannot be forced into giving consent. This includes instances in which an individual has been given intoxicating or incapacitating agents against his or her will.
• Individuals cannot give consent when they are incapacitated (see incapacitation).
• Individuals who are not at least 16 years of age cannot give consent to engage in sexual contact or intercourse.
• Silence or the absence of resistance alone cannot be construed as consent to any activity.
• Consent to a particular activity (e.g., kissing) cannot be presumed to be consent for other activity (e.g., intercourse).
• A current or previous dating relationship is not sufficient to constitute consent.

Dating Violence — Dating violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship is determined based on the Grievant’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. Dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. To comply with federal law, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Domestic Violence — Domestic violence includes a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred. To comply with federal law, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Grievant — The Grievant is the alleged victim of sexual misconduct or interpersonal violence, whether or not that individual reports the Grievance on his or her own or a report is made on his or her behalf.

Incapacitation — Incapacitation is a state in which one cannot make rational, informed decisions. Incapacitation can result from drunkenness, intoxication, unconsciousness, intellectual disability, developmental delay, or other forms of impairment. Individuals are not necessarily incapacitated simply because they have consumed alcohol or another drug. Rather, individuals are incapacitated when a reasonable person could infer that they are no longer capable of safely
taking care of themselves. Common signs that an individual has become incapacitated as a result of ingesting alcohol or other drugs include slurred speech, uneven speech volume or speed, swaying or staggering, unfocused or droopy eyes, emotional outbursts, irrational statements, and general disorientation. Individuals are clearly incapacitated if they are asleep, otherwise unconscious, unable to control their motor skills or bodily functions, unable to respond accurately to simple questions (e.g., “Do you know who I am?” “Do you know where we are?”), or vomiting. An individual who is incapacitated is not capable of giving consent to any sexual activity.

Non-consensual Sexual Contact — Non-consensual sexual contact is any intentional sexual touching, however slight, with any body part or object by a person upon another person that is without consent, including but not limited to any bodily contact with breasts, groin, genitals, mouth, or other bodily orifice of another individual, or any other bodily contact in a sexual manner.

Non-consensual Sexual Intercourse — Non-consensual sexual intercourse is any intentional sexual touching, however slight, with any body part or object by a person upon another person that is without consent, including but not limited to vaginal or anal penetration by a penis, tongue, finger, or object, or oral copulation by mouth to genital contact or genital to mouth contact.

Respondent — The Respondent is any person or entity against whom the Grievance is made.

Responsible Employee — Mars Hill University identifies all administrators, faculty members (including adjuncts), professional staff members, coaches, and student resident assistants (RAs) as responsible employees. Responsible employees who are not identified as confidential reporting sources (health care, counseling, and pastoral professionals) are obligated to report incidents of alleged sexual misconduct or interpersonal violence.

Sexual Exploitation — Sexual exploitation refers to a situation in which a person takes non-consensual or abusive sexual advantage of another, and situations in which the conduct does not fall within the definitions of sexual harassment, non-consensual sexual contact, and non-consensual sexual intercourse. Examples of sexual exploitation include, but are not limited to, engaging in the following activities without the other person(s) consent: sexual voyeurism (such as watching a person undressing, using the bathroom, or engaging in sexual acts without the consent of the person observed); taking pictures or recording another in a sexual act, or in any other private activity (such as allowing another person to hide in a closet and observe sexual activity, or disseminating sexual pictures without the photographed person’s consent); exposing one’s genitals or breasts in non-consensual circumstances or inducing another to expose his or her genitals or breasts; prostitution; engaging in sexual activity with another person while knowingly infected with human immunodeficiency virus (HIV) or other sexually transmitted infection and without informing the other person of the infection; administering alcohol or drugs (such as “date rape” drugs) to another person; intentionally aiding another in perpetrating sexual misconduct or interpersonal violence.

Sexual Harassment — Sexual harassment includes any unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, including when submission to such conduct is made either explicitly or implicitly a term or condition of instruction, employment, or participation in other university activities; when submission to or rejection of such conduct by an individual is used as a basis for evaluation in making academic or personnel decisions affecting the individual; or when such conduct has the purpose or effect of interfering with an individual’s work performance or creating an intimidating, hostile, or offensive university environment.
Academic Program, Expectations, & Policies

Academic Program

The academic program of the University includes all persons and activities related directly to registration, the program of instruction, and the recording and reporting of grades. Details concerning academic requirements and procedures are contained in the Academic Catalog. Information in this part of the handbook is designed to be explanatory in nature and should not be used as a substitute for your Academic Catalog.

Registration and Schedule Changes

Registration: Courses are offered on a semester basis with schedules published in Colleague Self-Service in October and March for the following semesters. Registration with advisors is held for continuing students during the fall and spring semesters. Continuing students not registered during registration, may register at the beginning of the semester with new students. Continuing students are encouraged to register as early as possible in the registration cycle. No student may attend class unless cleared by the Business Office and officially registered.

Class Add: During the first 5 days (2 days in summer terms) of class a student may make schedule changes with advisor authorization. Normally, no course may be added after these 5 days (2 in summer); however, exceptions may be made with the approval of the instructor and the registrar. Any instructor may refuse to accept a student after the initial registration period if too much subject matter has already been covered. If a student fails to attend a class during the first four days of regular classes, the faculty member may request that the student be dropped from the class roll.
**Class Drop:** A student is allowed to drop a course, with advisor authorization, during the first 20 days of classes (two weeks for short-term classes; five days for summer session classes). All courses on the student’s schedule after that deadline are considered courses attempted and will appear on the student’s transcript.

**Class Withdrawal:** After the last drop date and before the stated deadline in the academic calendar (day following fall or spring breaks in regular terms; after 4-weeks in the AGS 9-week terms), a student is allowed to withdraw from a class with a grade of “W” as long as the student remains full-time (12 semester hours) after the withdrawal. After this stated deadline, a student may not withdraw from class/classes, but must withdraw from the university (see section below). Courses for which a grade of “W” is posted will remain on the transcript but the grade will not be calculated in the grade point average.

**Repeat Course Policy**

Even though grades of D, D+, D- are considered passing grades and may be used to meet requirements, students may repeat courses for which they have earned that grade. The grade and hours for each attempt will be recorded but the grade and hours for the last attempt will be used to calculate earned hours and the grade point average (gpa). Students may not repeat courses for which they have received a grade of C- or higher.

**Dropping and Withdrawing from Classes**

A student is allowed to drop a course, with advisor authorization, during the first 20 days of classes (two weeks for AGS short-term classes; five days for summer session classes) with no grade entry on the transcript. All courses on the student’s schedule after the 20th day of class are considered courses attempted and will appear on the student’s transcript. After the 20th day of class and before the stated deadline in the academic calendar (typically the day following fall or spring break), a student is allowed to withdraw from a class with a grade of “W” as long as the student maintains full-time status (12 semester hours) after the withdrawal. After this stated deadline, a student may not withdraw from class/classes, but must withdraw from the university (see section below). Courses for which a grade of “W” is posted will remain on the transcript, but the grade will not be calculated in the grade point average.

**Withdrawal from the University**

To withdraw from the university, a student must obtain the appropriate withdrawal form from the Registrar’s Office and follow the specific withdrawal procedures. Withdrawal from the university after the stated deadline (typically the day following fall or spring break) will result in grades of “F” for all classes, unless the withdrawal is for medical or psychiatric reasons or for extraordinary extenuating circumstances which are approved by the chief academic officer for grades of “W”. No withdrawals, including medical or psychiatric, are allowed in the last two weeks of regular classes.

**Health Withdrawals**

The demands of university life require that a student be able to function at his or her very best. A Health Withdrawal, a special type of withdrawal, provides an opportunity for a student with a serious physical or mental health condition(s) to withdraw from the institution without academic penalty in order to make his/her health a priority. In addition to the regular withdrawal form, a student seeking a Health Withdrawal must submit the university’s Health Withdrawal Documentation Form documenting the student’s condition by a physician, physician’s assistant, nurse practitioner, or a licensed mental health professional who has treated the student within the last 30 days. The Health Withdrawal Form is available in the University Wellness Center.

The university must receive the documentation on the Health Withdrawal Form within 15 business days of the initiation of the withdrawal. The Director of Medical Services and/or the Director of Counseling will review the information provided on the form to determine if the request meets the criteria for a Health Withdrawal. As with other types of withdrawals, a student is not permitted to withdraw from the institution in the last two weeks of a semester preceding exams and is responsible for financial obligations according to the published refund schedule and financial obligation policy.
In addition to the regular reapplication process, students returning after Health Withdrawals must provide documentation via the Readmission after a Health Withdrawal Form (available on website) that the health condition(s) causing them to withdraw have been/are being treated and that they are able to return to the rigors of university life. This process is intended to assist students as they transition back into the institution and to connect them to resources that will support success.

**Administrative Withdrawals**

A student who fails to attend classes for two consecutive weeks may be administratively withdrawn from all classes. Grades will be entered on the student’s transcript according to withdrawal guidelines.

**Other Withdrawals**

Withdrawals for extenuating circumstances must be approved by the chief academic officer. AGS students’ withdrawals must also be approved by the Dean of Adult and Graduate Studies.

**Financial Obligations and Refund Policy for Withdrawing from University**

The financial balance due from a student who withdraws will be computed on total charges for tuition, room and campus dining, but not on other charges and fines. Please consult with the Office of Financial Aid as well as with the Business Office when considering withdrawal from the university.

- Withdrawals during the first week of classes for each semester result in a financial obligation of $2000.00
- Withdrawals during week two, three, four, and five will result in a tuition and fee charge of $6000. Room and board will be pro-rated according to the Department of Education’s calculation of a student’s attendance based on the number of days enrolled.
• Withdrawals during week six, seven, eight, and nine will result in a tuition and fee charge of $12000. Room and board will be pro-rated according to the Department of Education’s calculation of a student’s attendance based on the number of days enrolled.

• Withdrawals during week 10 or above will result in a financial obligation of 100%

**Academic Probation and Suspension**

Mars Hill University students must demonstrate their ability to perform satisfactorily both by grade point average and by hours earned. To remain enrolled in good academic standing, a student must have maintained the following cumulative grade point average and earned the minimum hours listed at the end of any semester:

**Qualitative Standards**

A student earning a term grade point average of 0.0 in his or her first semester at Mars Hill University will be placed on immediate academic suspension. Other students who do not meet the minimum requirement will be placed on academic probation for the following semester. A student who fails to meet the requirements during the probationary semester will be placed on academic suspension.

Students placed on academic suspension at the end of the spring semester may use the summer session to meet the minimum grade point average to be reinstated for the fall semester; those placed on academic probation may use the summer session to improve their grade point average and remove probation before the fall semester begins.

A suspended student may appeal to the Admission, Academic Standards, and Financial Aid Committee by completing an official appeal form. Students who have been academically suspended may apply for readmission through the Admissions Office after one semester, during which the student must have attended another institution to raise his or her grade point average to the required standard.

**Academic Suspension Check-Out**

Students who are placed on academic suspension must appeal their suspension within 10 weekdays or vacate their residential housing assignment, to include a proper check out with a residence life staff member. This appeal must be in writing or via email to the chair of the Admissions and Academic Affairs Committee. Any student who does not appeal by the date specified by the Academic Affairs Committee, or whose appeal is denied, must vacate their housing assignment by noon on the date specified by the Council. For each day that the housing assignment is not vacated, a $50.00 fee is assessed. After 5 work days, the housing assignment will be emptied out at an additional expense of $200.00. All items removed from the housing assignment will be donated to a local charity.

**Academic Appeals Procedure**

Only academic matters come under these guidelines. Personnel matters are handled by the appropriate administrators, and student conduct issues are covered by Student Code of Conduct procedures. The following section clarifies rights and responsibilities of the faculty and students in the academic areas of campus life. Statements of grievance and
appeals of decisions should adhere to standards of fairness, civility, and responsible citizenship and must not infringe upon the rights of either students or instructors.

Basis for Appeals

When a student believes that a decision of an academic nature has been made unfairly or improperly, they may appeal that decision. An appeal should be initiated only when the student considers the case serious and when the student has, or has access to, substantial supporting evidence. The following are categories of decisions that may be appealed:

1. Grading: To appeal a grade, a student must have verifiable evidence that the grade is inconsistent with the work done in the course or that an instructor failed to take into account valid and verifiable extenuating circumstances that interfered with the student’s opportunity to complete and submit required course assignments in a timely manner.
2. Breaches of Academic Integrity: A student who has been accused of plagiarizing, cheating, or otherwise engaging in academic dishonesty by an instructor and whose work in the instructor’s course had been graded accordingly may appeal the instructor’s decision.
3. Transfer Credit: A student who believes credits transferred from another institution have not been properly evaluated may request that they be reevaluated. To do so, the student must provide copies of the other institution’s appropriate academic catalog(s) and course syllabi.

Procedure for Appeal

To appeal a decision of an academic nature, a student must proceed through the following steps:

1. The student must make an appointment to meet with the instructor (or Registrar, in the case of transfer credit appeals) to discuss the decision being appealed. Whenever possible, this meeting must take place in person.
2. If the student is not satisfied after having met with the instructor, the student may appeal the instructor’s decision to the instructor’s supervisor, typically either the department chair or the division dean. The supervisor will convene
a meeting of the student, the instructor, and him- or herself, will hear the reason for the appeal and examine the evidence, and will issue a ruling in writing to both parties.

3. If the supervisor’s ruling is considered unacceptable, either party may lodge a formal appeal of the ruling in writing to the chief academic officer, who will refer the matter either to the Committee on Admissions, Academic Standards, and Financial Aid or to a special Board of Academic Appeal, at his or her discretion. A meeting of the committee or board will take place within two weeks of submission of the formal appeal, during which both the student and the instructor will provide relevant evidence. Within one week of this meeting, the chair of the committee or board will issue a decision about the appeal, which is final and binding.

**Academic Success and Learning Materials Policy**

To support every student’s academic success, Mars Hill University includes the cost of all textbooks, workbooks, and software licenses required by the instructor for each course within tuition and fees. (Other materials not distributed by textbook publishers, such as art supplies, music scores, and nursing equipment, are not included in the program.) Materials will be available for pick-up at the beginning of each term, and reusable materials, such as textbooks, must be returned at the end of each term. Students who wish to keep their textbooks may choose to purchase them at that time at a reduced cost.

Students should visit the bookstore in Day Hall for other educational supplies. Questions about the textbook program or the Mars Hill University bookstore may be directed to Karla Chandler at kchandler@mhu.edu or by calling 828-689-1412.

Non-traditional times and multiple locations are features of the AGS program which make the university experience possible for working adults, many of whom may have full-time jobs and family responsibilities. Students may begin or continue their education toward a bachelor’s degree, licensure in education, or master’s degree.

Contact the Adult and Graduate Studies office by calling 828-689-1166 or 800-582-3047, or by visiting the www.mhu.edu/ags website. You are also invited to visit our offices in the lower level of Renfro Library, room 110, or at the Asheville Center, at 303B Airport Road, Arden, N.C..

Undergraduate Adult Studies

Adult Studies classes are offered on campus, on line, and in Asheville and Burnsville. Enrollment may be for one course or for several each semester. Some classes may be offered in a short term format, while others meet the full university semester. Majors offered in Adult Studies include Education (Elementary & Middle Grades,) Special Education, Integrated Education, Business Management, Criminal Justice, Social Work, and RN to BSN (registered nurse to bachelor of science in nursing). Licensure programs are offered in Education, English as a Second Language, Reading Specialist, AIG (Academically Intellectually Gifted), and Special Education. A limited amount of credit may be earned through credit by examinations and internships. These options are the same as for traditional day students.

Adult Studies students should be at least 23 years of age or working during the day. Students should submit an Adult Studies application and all high school and college official transcripts to the Adult and Graduate Studies office and pay the $25 application fee. SAT and ACT scores are not required for Adult Studies undergraduate applicants.

Admissions decisions are made on a rolling basis, usually within two weeks of receipt of the completed application. Refer to the Adult and Graduate Studies Student Handbook for additional information.

Graduate Studies

Master of Education

The mission of the Mars Hill University Master of Education (M.Ed.) program is to improve the education of students and their teachers. We carry out this mission by applying to the educational process all available knowledge about teaching, learning, and leadership in the context of an increasingly diverse society and a rapidly changing global economy. We believe that teachers who have a learner-centered and creative pedagogy, deep knowledge of the disciplines, and a commitment to critical agency have the opportunity to strengthen the community as a whole. In education we see the opportunity to build a better society.

Classes for the Master of Education (elementary education focus) are offered in the evening currently at the MHU Asheville Center for Adult and Graduate Studies. Students should submit a Graduate Studies application and official college transcripts to the Adult and Graduate Studies office. Each applicant is evaluated by an admissions committee on the basis of baccalaureate-level preparation, undergraduate grade point average, standardized test scores (GRE, PRAXIS II, or MAT), work experience, professional recommendations, and other criteria established by the Teacher Education Department. Applicants must have successfully completed a bachelor’s degree program from a regionally accredited four-year institution. Applicants must be licensed teachers. Refer to the Mars Hill University Graduate Catalog for additional information.
Master of Management

The Master of Management (MM) program is designed for students who are just completing their undergraduate experience and desire a focused exposure to knowledge, skills, and habits of mind that will support a successful launching of their career. A highlight of the program is a full-time internship experience related to the student's career goals. While the focus of the program is on knowledge and skills related to working in the business arena, the program will also be beneficial to students interested in working for non-profit or governmental organizations. Application to the program is open to students from any major as long as the program prerequisites are met. Classes for the M.M. are offered on the Mars Hill campus. Refer to the AGS Graduate Catalog for additional information.

Master of Arts in Criminal Justice

The Master of Arts in Criminal Justice Program (MACJ) provides individuals who have a four-year degree from an accredited institution of higher education with an opportunity to obtain a graduate degree in criminal justice. For those individuals with an undergraduate degree in criminal justice, the MACJ will add to the foundation of their knowledge obtained at the undergraduate level. For those students with an undergraduate degree in some field other than criminal justice, the MACJ core, required courses will provide a sufficient foundation that will greatly enhance the ability to matriculate to graduation. Criminal justice field personnel with an undergraduate degree in any field of study will be particularly well served by the MACJ degree. Field experience should assist with more easily grasping the many concepts associated with the MACJ courses. The curriculum provides a theoretical foundation of the discipline, combined with a thorough understanding of the scientific method and the importance of ethics associated with the use of human subjects in the scholarly research enterprise. Students who graduate from the MACJ Program should be well prepared to advance in their chosen careers, or to continue graduate education in a doctoral program.

The degree may be earned by full-time or part-time study. Courses are offered in the evenings and online.
**Summer School**

Adult and Graduate Studies schedules and administers Mars Hill University summer school courses. Summer School is divided into two five-week terms and includes both short and full term courses. Summer School courses are open to all Mars Hill students, as well as visiting students from other institutions. Courses are geared for both traditional and adult populations, allowing students to continue their education through the summer months. Once registration opens, currently enrolled Mars Hill students can self-register for summer courses via the MHU self-service portal. New Mars Hill students must register through the Adult and Graduate Studies office. Non-Mars Hill students (both new and returning) must complete the visiting student application before registering with the AGS office. **Career Development Center**

The Career Development program at MHU assists students in the career decision-making process, as well as with career development opportunities during and after graduation. The Center aims to provide students with the resources to help make informed choices, develop experience and skills in their fields of interest, and to apply their personal values, preferences, and strengths towards a rewarding career path. We also try to increase students’ understanding of the value and marketability of a liberal arts education in the world of work. Building meaningful networks related to job opportunities, internships and a wide variety of for-profit, non-profit, and public organizations is part of this program. Mars Hill alumni, community partners, and parents can play an important role in the network.

The Career Development offices are located at Suite 301 on the top floor of Marshbanks Hall, on the main quad. You are encouraged to stop by and talk with the director, Gill Bosonetto, about your career concerns, or to log onto the career development website at [www.mhu.edu/career-development](http://www.mhu.edu/career-development). (Find under Academics on the MHU Home website.)

**Center for Student Success (CSS)**

The Center for Student Success is an office specifically designed to assist our students in making the most of their academic experience at Mars Hill University. Comprised of multiple functioning areas, CSS integrates the mission of the university through curricular and co-curricular experiences. As students navigate their college experience at Mars Hill, the CSS staff works to ensure students are connected to campus resources while establishing life-long relationships in their home away from home.

As such, the Center for Student Success supports students by:

- connecting to a wide range of campus resources and services.
- creating action plans with students to enhance success in their academic endeavors.
- providing quiet study space and free coffee.
- sharing effective study skills and techniques.
- providing regular feedback through CARE Reports (Early Alert program).
- organizing peer assisted study sessions for selected courses.
- offering workshops related to success in college and beyond.
- supporting students who are working to get back into good academic standing.

The Center for Student Success is located in Marshbanks 303 and includes the Student Persistence and First Year Experience programs.

To best support the social and academic transition to Mars Hill, all incoming students (new and transfer) are served through first-year programming under the umbrella of the First Year Experience, led by the Director of First Year Academic Success and the Director of First Year Engagement. First Year Experience programs include:

- First Year Pre Orientation (FYPO) and First Year Orientation (FYO) to assist in transition to Mars Hill
- First Year Mentor and First Year Academic Mentor programs in conjunction with First Year Seminar 111
- The First Year Connections program

*FYC is a full year program and course component intended to deepen the students’ connection to MHU. All first-year students will create a plan to best utilize campus resources, to attend community involvement events, to engage in the surrounding community, and more.*
Early Alerts

In addition to programming, Symplicity Insight® is a tool that the Center for Student Success uses to communicate with students and instructors about issues that may be affecting student success.

When an instructor submits a CARE Report, the student will receive an email to let him/her know what the general issue is in the course for which they receive an alert; this gives students the opportunity to take some action to increase their chances of success. Academic advisors are sent a copy of the CARE Report and are yet another means of support to students who are having difficulty. Students are urged to speak with their instructor, academic advisor and/or seek other assistance. Of course, students are always welcome to visit the CSS office if they have questions or concerns about the CARE Reports they receive.

Whether you are a first-year student still making the transition to college and finding your way around campus or a junior who is suddenly struggling with classes, The Center for Student Success is here for you.

Counseling Center

College is a time of growth and change. Students are making major life decisions. It is common for difficulties and questions to arise during this period of transition. Students seek counseling for lots of reasons: feeling overwhelmed, feeling homesick, dealing with anxiety, depression, substance abuse, and eating disorders just to name a few. Sometimes students just want to have a sounding board to understand themselves better. The Counseling Center can be a safe environment to explore values, coping styles, strengths, and how to deal best with life experiences and issues.

Mars Hill University provides services through the Counseling Center with the purpose of providing students with the support they need to have a rewarding college experience. The Counseling Center provides individual counseling, group counseling, as well as healthy lifestyle education, consultation, case management, and assessment and referral services.

You will meet with a licensed counselor who is caring and who respects your privacy. During your first visit, the counselor will ask you about your concerns and you and the counselor will discuss how best to meet your needs and goals. You and the counselor will work together to help you feel better and learn to cope more effectively with stressors in your life.
The Counseling Center is open Monday through Thursday, 9:00 AM-5:00 PM and Friday 9:00 AM-12:00 N or by appointment and is located on the second floor of the Robinson Infirmary (Wellness Center). Students may schedule appointments by calling the Counseling Center at 828-689-1196; sending an email to cpavone@mh.edu; or visiting the Counseling Center during regular business hours. For mental health emergencies after hours, call Campus Security 828.689.1230 and they will contact the counselor on call or the on-call counseling service.

For more information please visit our webpage at www.mhu.edu/campus-life/counseling-center.

Additional online resources on mental health issues, stress, emotional issues, and substance abuse issues are also available at: www.ulifeline.org

Disability Services

The mission of the Mars Hill University Office of Disability Services is to ensure fair access to university programs and facilities for qualified students with any mental or physical impairment that substantially limits one or more major life activities in accordance with federal regulations. Services for students with disabilities are intended to remove barriers by providing reasonable accommodations such as academic modifications or accessible housing. Reasonable accommodations that do not fundamentally alter program requirements are provided when deemed necessary and are determined on a case-by-case basis through an interactive process between the student and the Disability Services Coordinator.

The Office of Disability Services is located on the second floor of Robinson Infirmary (306 Wellness Center) and is open August through May, Monday-Wednesday from 9:00 AM-5:00 PM or by appointment. Limited office hours are kept during June and July; however, email and phone messages are checked regularly. Appointments may be arranged by contacting kkoontz@mh.edu or by phoning 828-689-1410. (If mobility is a concern, please contact the coordinator ahead of time to arrange an alternate meeting place since this office is located on the second floor.)

For current information regarding information, policies, and procedures regarding requesting accommodations and services through the MHU Office of Disability Services, please refer to the Mars Hill University website at http://www.mhu.edu/campus-life/disability-services.

Students interested in learning more about cultural differences and/or programming are encouraged to contact the Director of Diversity and Multicultural Affairs.

FYS 111

All first-year students take FYS 111: First Year Seminar, a theme-based course designed to provide an orientation to the liberal arts, ways of learning, and campus resources. FYS 111 aims also to help students develop the knowledge, skills, and dispositions it will take to succeed at the university. It is the first of a two-semester “FYS” sequence, which is central to the “Foundations” component of the university’s general education curriculum.

FYS 111 classes typically have no more than 18 students, plus a student mentor to support student transition and learning. The FYS 111 instructor serves as the first-year student's academic advisor during the first year. As the student’s first academic advisor, the FYS 111 instructor orients the student to the concept of academic advising in the university setting, helps students learn the skills necessary to be a participant in the process of registration and scheduling, and works with the student on major exploration with a view towards career and life goals.
Medical Services

The Mars Hill University Wellness Center (also known as the Infirmary), located in Robinson Hall, is the health facility for the campus community. The Wellness Center staff provides primary care for full-time students. The Wellness Center is part of the Student Development Division and works closely with this office in order to assist in each student’s physical and emotional development during his/her college experience.

A physician, physician’s assistant, or nurse practitioner employed by the Hot Springs Health Program assesses sick and injured students at the Center each week. Please consult posted hours for appointment availability. Students are encouraged to schedule these visits as a limited number of students can be seen at this time. It is recommended that walk-ins arrive no later than 30 minutes prior to appointment time, as late arrivals may not have the opportunity to see the provider. Physician services at the Wellness Center are at no additional cost to the student. This service is only offered to full-time, traditional students.

Students who need medical assistance outside these posted hours are strongly encouraged to seek the nurses’ care at the Wellness Center and may be treated according to physician standing orders. The nurse may opt to schedule an appointment at the Mars Hill Medical Center (closest office to campus that is part of the Hot Spring Health Program) for physician assessment. The student or his/her parent will be billed for any unpaid balance.

Liston B. Ramsey Center for Regional Studies

The Ramsey Center supports the regional studies focus of the Mars Hill University curriculum; houses resources for teaching and scholarship; and offers a venue in which students, faculty, staff, and community members come together for a range of programs and events. The Ramsey Center grew out of the Southern Appalachian Center, established in 1972 to support people of the region as they developed programs of social and cultural preservation, renewal, and celebration utilizing the resources of Mars Hill College. In December 2002, the college renamed the Southern Appalachian Center to honor Liston B. Ramsey, the former Speaker of the House of North Carolina. Prior to his death in 2001, Mr. Ramsey named Mars Hill College, his alma mater, as the repository for his papers and the memorabilia from his long and distinguished legislative career. In keeping with Liston Ramsey's lifelong commitment to western North Carolina and to education, the center named in his honor encourages the study of this region through the extensive archival holdings in the Southern Appalachian Archives and through public programs, including the Bascom Lamar Lunsford “Minstrel of Appalachia” Festival which takes place the first Saturday in October each year. The Ramsey Center is housed in Renfro Library. Dr. Karen Paar is the Director (689-1262). Hannah Furgiuele is the Program Coordinator and Director of the Lunsford Festival (689-1571).

• Obey United States and international copyright laws and agreements when using the Network. Students will not use the Network to copy or transfer any software from any source without the legal right or license to do so.
• Purchase and install anti-virus software with full license (not trial version) before connecting a computer system to the Network. Be responsible for updating virus definitions regularly.

What Is Not Allowed
• Use of the Network in any way which violates the standards of conduct established in the Student Handbook, the University Catalog, or any other official publication.
• Attempt to bypass security measures, to access files without permission, to discover the password of another person, or to enter the Network under any identity other than your own.
• Attempt to damage the Network or degrade its performance through the introduction of a computer virus or any other action, nor attempt to interfere with nor impede the use of the Network by others.

Technology Information for Residential Students
Residence hall students may not install any devices that disrupt network connectivity. Devices such as a hub, switch, router, cellular “hot-spot” or wireless access points that allows multiple computers on the same network port can cause connectivity problems across the entire MHU network and are not permitted. You must disable wireless on printers and directly connect to a computer via cable. Any unauthorized access points/routers/printers found that are not property of MHU will be confiscated by Campus Security and a fine up to $100 may be assessed.

The Information Technology Services staff respects individual privacy and will not enter or inspect user files without cause; however, complaints or abuse of computer and network resources are taken seriously. The ITS Department has the right to monitor network traffic, inspect email accounts, and access any file stored on MHU owned equipment. The ITS
Department will also grant access to law enforcement officials as necessary. Complaints about possible abuse may be sent to the ITS Help Desk at 828-689-1444.

Students who do not adhere to these rules and regulations may have their accounts suspended or terminated and their network privileges revoked. Serious acts of abuse may result in further disciplinary action by the University including reimbursement to the University for computing and personnel charges incurred. Violations that are an infraction of any local, state, and/or federal law(s) will be turned over to the appropriate authorities.

ITS Department is committed to providing the necessary bandwidth to carry out the education, research, and public service missions of the university. While entertainment devices, such as gaming consoles, smart TVs, video streaming systems are allowed on the MHU network, the ITS Department does not guarantee these will function and will not provide support for their use. Also, it is not feasible to permit the indefinite and disproportionate use of the entire network bandwidth by a relatively small percentage of the campus community. This may require ITS to implement bandwidth limitations or take further steps. ITS reserves the right to temporarily terminate a network connection in cases where someone is seriously degrading network performance. Repeated offences may result in permanent termination of network access.

ITS Help Desk, 828-689-1444. helpdesk@mhu.edu Monday-Friday 8 a.m. - 5 p.m. If you have any questions about the MHU Computer Network or the rules and regulations regarding its use, please contact us.

MHU Department of Safety and Security
Rules and Regulations

The Department of Safety and Security is located on the third floor of Wren Student Union. It maintains a full staff of highly trained security officers who are charged with the responsibility and the authority to enforce the Mars Hill University Traffic Code, the Mars Hill University Student Code of Conduct (where applicable), to report and in conjunction with the Mars Hill Police Department investigate crimes that occur on Mars Hill University property, and to assist all law enforcement agencies with the enforcement of local, state and federal laws.

The mission of the MHU Department of Safety and Security is to enrich the quality of life at MHU by providing a safe and secure environment for students, faculty, staff and visitors, consistent with the values and educational goals of the university. That quality should enhance the pursuit of learning and personal growth and build community partnerships based on mutual respect, cooperation and trust. The Department of Safety and Security takes an all-hazards approach to manage threats and proactively reduce risk to the students, faculty, staff and visitors. The Department of Safety and Security has adopted the guiding principles of respect, integrity, service and excellence.

Reporting Criminal Activity, Accidents, Safety And Security Incidents

In any life threatening event, the student should first call 911.

It is the responsibility of the student to immediately notify Safety and Security of any known suspected criminal activity, accidents, or safety and security related incidents. In nonlife threatening events, Safety and Security will determine what level of response is required and will coordinate the response by area police, fire, or EMS as needed. Most calls for service can be handled by the department without assistance from an outside agency. All calls for service will be handled promptly and with the highest level of professionalism.

Federal law mandates the University and Department of Safety and Security maintain accurate and detailed record of crime that occurs on campus. If you are a victim of crime or witness a crime, you should report it to the Department of Safety and Security immediately. Any accident that occurs on campus or campus property should be reported promptly.

Transportation Service

Transportation to the campus by plane or bus is best routed through Asheville. Commercial airline service is available at Asheville Airport, and Greyhound/Trailways bus services operate into Asheville. The University does not transport students from the airport or the bus terminal. Arrangements for transportation to or from the airport and bus station should be made by way of taxi or other means. If a student has a medical appointment, arrangements can be made through the Madison County Transportation Authority (MCTA) for a minimal fee to transport the student to these appointments. This MCTA requires advance notice. MCTA phone number is 828-649-2219 and their website is www.madisoncountync.gov/transportation-authority.html.

MHU Traffic Code

This publication supersedes all previous publications dealing with traffic rules and regulations. Any suggestions or comments concerning this publication should be sent by email to kwest@mhu.edu or security@mhu.edu.

A. General Statement of Policy

The operation of a motor vehicle on the Mars Hill University campus is a privilege granted by the University. Due to limited parking, automobiles are generally NOT to be used as a means of intra-campus transportation. Parking privileges will be determined by the display of decals or hang tags issued by the Department of Safety and Security. Parking decals or hang tags will designate the authorized parking area for that particular vehicle. The Department of Safety and Security and/or the traffic committee will determine due cause, suspension, and revocation.
1. The Department of Safety and Security Officers are charged to protect the safety and welfare of the entire campus. They are responsible for enforcing the traffic regulations and ordinances impartially whether the violator is a faculty, staff, or student. Safety and Security Officers will observe the utmost courtesy when interacting with members of the university community. It is expected Security Officers will be treated with civility and respect in return.

2. The fact that a person parks in violation of any regulation or law and does not receive a citation does not mean that the regulation or law is no longer in effect. The responsibility of parking a vehicle legally rests with the vehicle operator.

3. All persons in the University community, faculty, staff, and students are expected not only to observe the traffic regulations but also to pay fines for violations. Failure to do so may result in the vehicle being impounded and towed at the owner’s expense, revocation of campus driving privileges, or immobilization by use of the Denver boot.

4. All traffic rules and regulations contained herein may be strictly enforced at all times for all members of the University community.

B. Definitions:

1. For the purpose of these regulations, a motor vehicle includes automobile, truck, motorcycle, motor scooter, motor bike, golf cart, and any other motor-powered vehicle.

2. The term student includes all persons taking full- or part-time undergraduate, graduate, or post-graduate work (including those taking night courses), AGS students, or auditors.

3. The term visitor includes any person, other than faculty, staff, and students, parking or driving a non-registered vehicle on campus.

4. The term faculty and staff includes any person hired as a MHU employee either full-time, part-time or of temporary status.

5. The term “public vehicular area” includes any drive, driveway, road, roadway, street, or alley upon the grounds and premises of any public or private hospital, college, university, school, orphanage, church, or any of the institutions maintained and supported by the state of North Carolina, or any of its subdivisions or upon the grounds and premises of any service station, drive-in theater, supermarket, store, restaurant or office building or any other business, residential, or municipal establishment providing parking space for customers, patrons, or the public or any drive, driveway, road, roadway, street, alley or parking lot .... (N.C.G.S. 20-4.01) (32)

C. Temporary Parking Permits for Visitors and Handicapped Persons

1. Temporary Parking Permits will be issued at the request of the individual or a member of faculty or staff. During posted office hours, temporary parking permits will be available from the Office of Safety and Security, the security officer on duty, the parking enforcement officer on duty, Student Development, Admissions, or other identified offices on campus. After hours visitors should call the Security Officer on duty at (828) 689-1230. Visitors of students are the responsibility of that student, therefore any traffic violations are the host student’s responsibility to appropriately dispose of the citation by either payment for or successful appeal of the violation.

2. Handicap parking spaces are reserved for any MHU issued Temporary Medical Condition Permit or state issued handicap placard marked vehicles. Improper parking in a Handicap space will result in $150.00 fine and potential immediate towing. No vehicle will be booted in a handicap space.

3. State handicap placards must be registered in the Student’s name and also with the Department of Safety and Security. It must be verified the placard was issued to the student not a parent or guardian.

4. Qualifications for MHU issued Temporary Medical Condition Permit:
   a. Temporary Medical Condition Permits are issued at the direction of the Director of Medical Services in the Wellness Center with proper documentation for a medical doctor.
   b. Director of Medical Services will communicate to the Department of Safety and Security of final approval for the MHU handicap parking permit.
   c. Temporary Medical Condition Permits will be issued by the Department of Safety and Security located on the 3rd floor of Wren Student Union.

5. Handicap and Temporary Medical Condition Permits parking locations and order:
   a. First—utilize any blue painted parking space or space designated with a standing handicap parking sign.
b. Second—utilize any green painted parking space designated for faculty/staff parking.

c. Third—utilize any white painted parking space.

d. Fourth—utilize any visitor designated area.

6. Handicap placard or Temporary Medical Condition Permits are never authorized to park in a Fire Lane or No Parking Zone.

D. Motor Vehicle Registration Requirements

1. All faculty, staff, or student motor vehicles operated on campus will be registered regardless of the length of time they are operated on campus. See later section for time limit for registration.

2. If due to an emergency a student is unable to drive their registered vehicle and must use an unregistered vehicle, the Department of Safety and Security office must be notified immediately to issue a temporary parking permit. Any citations received due to a delay in this notification are the responsibility of the student and is not a valid reason for granting of appeal.

3. If for any reason a decal must be replaced, the Department of Safety and Security must be notified and a new decal obtained as soon as possible. The decal being replaced must be removed from the vehicle and turned in to Safety and Security, or the removal must be documented and proven by inspection or other method. Replacement cost of the parking permit is $10.00.

4. Relatives of faculty/staff employees who are enrolled at MHU must purchase student permit to park on campus.

5. Under no circumstances are students to utilize faculty/staff hang tags. Individuals found in violation of this will be processed through the Student Code of Conduct for fraud.

E. Motor Vehicle Registration Procedure:

1. Registration is completed through an online process with Rydin Permit Express. The link location can be found on My MHU Resources for Students page.

2. All parking permit charges are paid online. There is no option for charging it to your account or paying by any other method. Obtain a prepaid card if you do not have access to a credit card. Before the end of each semester unpaid traffic fines will be transferred to student accounts and assessed a $50.00 processing fee as well as unpaid fine amounts. This may place students in critical balance standing, therefore payment of parking fines is encouraged as soon as possible to prevent late fees.

3. All students must pick up the MHU Parking Permit or complete a waiver during check in. After that time a newly registered vehicle will need to pick up the permit at the Office of Safety and Security during business hours; 9-5, M-F. If the vehicle is on campus outside those hours, the Security Officer on duty must be notified to issue a temporary parking permit.

4. Registration for vehicles for 2018-2019 academic year is $175.00. There is no option for paying by semester. Regardless of when registration is obtained, the cost will be the same.

5. All commuters will be required to register a vehicle on campus and pay the $175.00 registration fee.

6. Permits must be displayed outside on the back window glass, left lower corner. Permit must be firmly affixed to the outside of the vehicle. Any other location is a violation and the permit must be replaced at the cost of $10.00.

7. If the vehicle registered is a soft top convertible, has a small collapsible window, or is a Jeep type with a removable top, the decal must be attached to the outside front driver side lower window. Any unique vehicle situations should be presented to the Director or Chief of Security. Pictures with directions will be available during registration.

8. Motorcycles and scooters are also vehicles and must be registered. The sticker must be affixed to the front fork or front frame or guard portion of the scooter. Any questions should be referred to the Security Chief or Director.

9. Student permits are a one use safety configuration. Permit decals may not be shared from car to car.

10. Registration is not complete until the decal is properly displayed on the vehicle and all expired parking stickers have been removed.

11. Vehicles violating parking protocols are subject to being fined according to Section F of this traffic code.
12. Students are only allowed to register one vehicle at a time while at Mars Hill University. A new permit may be issued if a student changes cars during the semester, but an additional vehicle registration is not allowed. The Director of Safety and Security may authorize a waiver of this rule based on individual need for AGS or commuter students. In no case will a student have multiple vehicles parked on campus. If a second permit is issued during the academic year, the cost will be $10.00.

F. Decals, Hang Tags and Corresponding Colors

1. Decals will be issued according to your status as an in-residence student or a commuter student. In-residence students will be issued decals of differing colors based on residence hall assignment. Commuter and AGS students will be issued decals designated with the letters “COMM/AGS”. Faculty and staff will be issued blue hanging tags.

2. Each parking decal will have a letter and corresponding color designating the Residence Hall the student resides in (i.e. F=Fox, L=Laurel, BM=Bailey Mountain, etc.).

3. All vehicles on campus will be subject to the same rules. Not registering a vehicle will result in the same citations, booting and towing procedure.

4. Parking lots are designated by color, and marked with signs clearly visible at the entrance of the lots.

   **Corresponding color codes are:**
   
   Lunsford/Bailey Mountain/Jarvis ................................ ............................................ Blue
   Myers ................................................................................................................. Green

2. The registrant of the motor vehicle is held responsible for the safe, prudent operation, and proper parking of their vehicle regardless of who may be the operator.

3. All motor vehicle accidents occurring on campus are to be reported to the Department of Safety and Security immediately. Security will notify law enforcement if necessary for investigation or reporting forwarded to the State of NC.

4. Flagrant violation of any rule or regulation concerning the operation and parking of a vehicle on campus may result in the owner being fined, the vehicle being booted, or vehicle being towed away. The owner and/or registrant will be liable for any fines, towing, and/or storage charges.

5. The operator of a motor vehicle on campus must be able to show upon request of the Department of Safety and Security Officer their University I.D. card, valid driver’s license and proper vehicle registration.

The use of hazard lights does not make allowance for parking in a no parking zone nor in a fire lane. If a car is left unattended, it is in violation.
8. If a vehicle becomes inoperable on campus, the operator must notify The Department of Safety and Security of the vehicle location. Operator must make reasonable effort to get the vehicle moved as soon as possible. Multiple of citations because an operator did not notify security will not be excused on appeal.

Search Policy

Residence Halls and Residence Hall rooms may be entered for inspection by approved Mars Hill University officials at any reasonable time for:

• Safety and Maintenance checks.
• Maintenance on University property within a Residence Hall room.
• Reasonable belief by staff that University policies are being violated or reasonable suspicion that illegal and criminal activities are taking place inside.
• K9 sweeps for controlled substances may be conducted on the outside of residence halls, and inside the hallways and common areas. Hallways of residence halls are not considered private for purposes of this policy. MHU and law enforcement will not conduct a K9 search inside a student room without consent, exigent circumstances, probable cause, or a valid search warrant.

• Emergency conditions such as fire or threatening weather.

• Closing or locking doors or windows prior to the closing of the building.

A resident’s room may be searched under normal circumstances, with reasonable suspicion, by a University official who has received authorization from the occupying student, the Director of Safety and Security, the Chief of Safety and Security, the Associate Dean of Students, and/or the Associate VPSD. The search may include, but is not limited to, opening drawers and refrigerators, examining furnishings and personal effects, and searching an adjoining bath/suite. In any room inspection/search, illegal drugs, alcohol or other items which violate University policy or civil law may be confiscated by those conducting the search and disciplinary action may result. If there is reasonable suspicion to believe a violation of local, state or federal law has occurred, the matter will be referred to the appropriate law enforcement agency for further action.

An attempt will be made to notify the student whose room is being searched. All searches will have a minimum of two University officials present during the search process.

Vehicle Searches

Upon reasonable suspicion of violation of University policy or local, state or federal law, the Department of Safety and Security reserves the right to search vehicles parked on campus property.
A Guide To Housing and Residence Life

Mars Hill University is primarily a residential university with approximately 80 percent of the students living on campus. We offer a variety of housing options from traditional residence halls to apartment style housing. Our newest residential facilities, completed in the fall of 2013, are Laurel Residence Hall and Dogwood Residence Hall. Dickson Palmer Unit A underwent an extensive renovation during the 2014 academic year and Huffman reopened in 2016 following renovation.

Mission Statement

The mission of the Office of Housing and Residence Life is to provide students with functional, comfortable, and secure on-campus living accommodations in order to foster engagement in a diverse community and promote personal growth, social responsibility, and critical thinking.

Vision Statement

The vision of the Office of Housing and Residence Life is to champion knowledge and experiences that promote and encourage ethical citizenship and successful leadership in an ever-changing world.

Community Living Values

- Accountability: Support a community where individuals take responsibility for their own actions.
- Communication: Engage in a community where open dialogue is encouraged and appreciated. Students are expected to be respectful to others when sharing or receiving information and opinions.
- Empathy: Strengthen a community that demonstrates compassion and caring for all things.
- Inclusion: Embrace a community where individual differences are acknowledged and accepted.
- Integrity: Contribute to a community where ethical decisions are at the root of all actions.
- Respect: Interact in a community where courtesy is shown to self, others, and environment.
The environment of a Residence Hall is largely dependent upon the cooperation, interest, and participation of each student. Individual responsibility and initiative are essential characteristics for the residents to create a positive living environment.

Residence Requirements and Restrictions Policy

The Residence Hall community is designed programmatically for traditional-age students and the university restricts housing to traditional age students. Traditional age students are defined as students between the ages of 17 and 24. Mars Hill University does not offer housing in the residence halls for

Residence Requirements for On Campus Status

• Traditional age students are defined as students between the ages of 17 and 24.

Mars Hill University does not offer housing in the residence halls for families or spouses of students or for students enrolled in the Adult and Graduate Studies (AGS) program.

Priority will be given to students who are 17 years old upon entry and under 21 who fall under the residency requirement.

• Any student outside of the specified age range or with AGS status may appeal this policy and request special approval from the Housing and Residence Life office and, if approved, be housed based on availability.

• Military personnel who exceed this age range due to service may also apply for housing and, if approved, be housed based on availability.

• Students 21 and over will be given priority for apartments whenever possible.

• Continuing students who fall outside of this range who are currently housed on-campus may continue to apply for housing.

• All full-time traditional aged students, currently enrolled with at least 12 credit hours, are required to live in University housing and participate in a University meal plan. Unless they meet one of the following criteria or are excluded by previously stated criteria

Residence Requirements for Off Campus Status

Any student meeting the one of the following criteria may be excluded from the On Campus residency requirement.

• Student must reside with a parent or legal guardian at their legal permanent address in one of the following counties: Buncombe, Burke, Haywood, Henderson, Madison, Mitchell, McDowell, Transylvania, Yancey, and Unicoi in Tennessee;

• Student must be legally married and be able to produce a valid marriage certificate; Student must be a single parent or legal guardian with custody of a child under the age of 18 and be able to produce documentation demonstrating this responsibility (through a court order, power of attorney, etc.);

• Student must be a veteran of more than 180 consecutive days on active military duty;

• Student must be 21 years of age or older by the first day of Fall semester classes;

• Student must be of Junior status or higher with 60 earned credit hours; or

• Student must be enrolled in less than 12 credit hours for a semester and considered a part-time student.

Students are required to pay a $250 advanced tuition payment in their first year before they will be placed into a housing assignment. Living in a residence hall offers a significant contribution to the development of residents as they learn from individuals of varied backgrounds, experiences, and personal philosophies. Harmonious living, broadened horizons, and increased human understanding are desirable results of the residential experience. Students must have a completed MHU physical form on file with the Wellness Center before they will be allowed to live in campus housing.

Appeal Process for the Off Campus Residence Requirement

The majority of students attending MHU will live on campus, and those who do not wish to do so must either meet one of the criteria as outlined in Off Campus Residence Requirement or submit a written appeal to move off campus. Please note that any appeal submitted is merely a request, and students should not make plans to live off campus until the approval of the appeal is granted. All students who are approved to live off campus may have their financial...
aid readjusted. In general, this may mean that the student may see a decrease in financial aid (conditions will vary by student and all students are encouraged to talk to their Financial Aid Counselor in the Financial Aid Office before submitting an appeal).

Student wishing to submit an appeal will need to contact the Office of Housing and Residence Life for instructions for the appeals process. The submitted appeal will then be reviewed by the Residential Contract Appeal Committee (RCAC). The committee will have 10 business days to review the appeal. At that time the committee:

1. will granted as is
2. deny the appeal
3. request for more information.

A written notification will be sent to the student’s MHU e-mail account with the committee’s decision.

**Commuter Paperwork**

Students who are eligible to commute based on the criteria listed in Off Campus Residence Requirements, must provide the following documentation to the Office of Housing and Residence Life before the first class day of the fall semester in August.

1. A notarized letter stating that they are commuting from the legal permanent address of their parents from the above listed counties.
2. A completed commuter application and contract on https://mhu-residence.symplicity.com. If the contract is not displayed on their home page or on their applications page, then email residence-life@mhu.edu with their ID number, full name and a request for a commuter application.

Commuter students are expected to be good citizens. Commuter students are encouraged to review the MHU Student Handbook Policies. It is strongly encouraged that commuter students review city, county, state and federal regulations.

Each area of campus is staffed with a Graduate Area Coordinator (GAC) who is responsible for the operation of the hall. Working with the Graduate Area Coordinator, and in close daily contact with the residents, are HRAs and RAs. The HRAs
and RAs are selected on the basis of leadership, maturity, experience, scholarship, and the desire to help students realize their potential for self-development.

The Office of Housing and Residence Life is responsible for all aspects of on-campus living including staffing, operations, programming, training, and policy development. Residents are encouraged to come by the Student Development Office and talk with the professional staff if they have a concern or comment about the residence halls.

**Residence Housing Software**

Students will manage their commuter and on-housing information on https://mhu-residence.symplicity.com. Students are able to access this website by typing https://mhu-residence.symplicity.com into their internet browser or through the MyMHU page. Directions on how to access mhu-residence are as follows: go to the MHU Website, at www.mhu.edu, and click on "MyMHU". Once on MyMHU enter your MHU user name and password. Click on the student page and scroll down to the Residence life Heading. Click on “Link to Residence Website.” When the page loads click on https://mhu-residence.symplicity.com. This will take you to the log in page for MHU Residence. Once you are logged onto the MHU residence site your home page will load. There you will be able to see your housing assignment and roommate information.

*IMPORTANT! New Students, please use your assigned password until you have been notified of your first class schedule. If you change your password before your first schedule has been created, your account will be frozen. You will not be able to access information in MHU Email, MHU-Residence or Self-Service. Your schedule will not be created until staff have unfrozen your account, changed the password so that advisors are able to create and submit your schedule. The delay in creating your schedule may limit the classes that are open for you to be enrolled in. It also may delay you receiving important information.*

**Housing Agreement**

All students living on campus must sign a housing and food service agreement during the room preference process or admission to MHU. All housing agreements are for the regular academic year beginning the first day of the traditional fall term and ending on the last exam of spring term and does not include extended breaks (Thanksgiving, Christmas, Spring & Summer). By signing the housing agreement, the student agrees to abide by the rules and policies that govern on-campus living for the entire academic year. Students who participate in the room preference process who break their housing agreement after May 27th will be charged a cancellation fee of $325. All students must complete a medical form, immunizations records, and have a copy of health insurance cards on file with the Director of Wellness Services PRIOR to moving into the halls.

The university may terminate a student's housing assignment for any of the following reasons;

1. if the student is not registered as a full-time student carrying twelve (12) credits;
2. the student ceases to attend classes;
3. the student fails to meet all terms and conditions stated in the student housing agreement;
4. the student violates university policies and/or if the student's presence will pose danger to other member of the university community or a normal operation of university housing; or
5. by mutual agreement between the student and the Office of Housing and Residence Life.

The University reserves all rights in connection with assignment or reassignment of rooms.

Students may break their agreements if they meet the following criteria:

1. official withdrawal from Mars Hill University,
2. ineligibility to continue enrollment due to failure to meet academic standards or other requirements of the university;
3. completion of graduation requirements,
4. failure to register for classes, or other circumstances deemed by the university to be beyond their complete control.
Students who participate in the Room Preference Process in the Spring semester and cancel their housing after May 27 will incur a $325 cancellation fee.

**Living Restrictions Due to Student Conduct**

Students conduct and housing violations may be considered when permitting a student to live in Premium housing. Students living in the areas found responsible for significant conduct violations may be relocated to an available space in another residence hall.

**Room Assignments for Current Students**

Room preference process occurs each Spring for currently enrolled students. The process rewards students for their involvement in Residence Life. Requests for a special building, room and/or roommate will be honored whenever possible, but cannot be guaranteed for all housing preferences. Prior to preferencing a room students must:

1. be registered with at least 12 credit hours for the Fall semester,
2. have their FAFSA completed, submitted and received in the MHU Financial Aid Office

**Students with critical stops due to balance:**

1. will only be able to preference a double room in the lowest pricing tier on campus unless a payment plan has been set up with the university prior to the March 1 deadline,
2. will have the ability to preference rooms AFTER students who have a zero balance on their account.

Housing assignments are made without regards to race, creed, color, religion, military veteran status, political affiliation, sexual orientation or national origin. Continuing students will be able to make changes in their housing assignment until May 27th. Individuals involved in amorous relationships cannot share the same room and/or apartment in university housing.
Students who participate in the room preference process and then would like to cancel their housing have until May 27th to do so without any penalty. Any housing canceled after May 27th will incur a $325 cancellation fee that will be placed on their account. This includes students who are transferring, not returning, or would like to commute once approved.

Accommodations for Students with Disabilities

Students requesting housing accommodations on the basis of a declared disability are required, under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, to be registered with the Disabilities Services in writing before an accommodation can be approved. Students must renew their disability request each year to the Director of Disability Services before room preference time in order for the accommodation to be honored. The Disability Services Office is located on the second floor of Robinson Infirmary (Wellness Center). Links to information can be found at http://www.mhu.edu/campus-life/disability-services or individuals may email Disability Services at disabilityinfo@mhu.edu for assistance.

Meal Plan Requirement

All students living in campus housing are required to have a meal plan. The meals/bonus bucks do not carry over from one semester/session to the next. Balances on meal plans are non-refundable and non-transferable between semesters or to any other person. Students living on campus have the choice between three different meal plan options. All meal plans are the same in cost, but differ in their features:

- Unlimited – Unlimited access to Pittman + $175 + 5 meal equivalencies to reset weekly
- Gold 14 – 14 meals weekly at Pittman + $325 + 3 meal equivalencies
- Blue 10 – 10 meals weekly at Pittman + $400 + 3 meal equivalencies

Room Assignments for New Students

New students begin the room preference process by paying the advanced tuition payment with the Admissions Office and completing the New Student Housing Application on mhu-residence. Students cannot be placed in a housing assignment until the advanced tuition payment has been paid and a housing application has been submitted. Room assignments and roommate matching for new students will begin in late May and assignments will be ready for viewing on mhu-residence at the beginning of July. It is strongly recommended that the housing application and advanced tuition payment be received before May 1 for priority within the assignment process.

Assignments are based on the available space and the information submitted by the student on the roommate matching profile. Housing assignments are made without regards to race, creed, color, religion, military veteran status, political affiliation, sexual orientation or national origin. Assignments will be made on a first come, first served basis according to the date the advanced tuition deposit was received. When the assignment process begins, we do not guarantee assignments to particular spaces/buildings.

New students desiring to be roommates with each other must request each other on their housing application, and pay the advance tuition fee before the room assignment can be made. Roommate requests must be mutual and will not be made solely on the request of one individual. Every effort will be made to honor roommate requests and housing preferences; however, the University does not guarantee a particular residence hall, room, or roommate.

Summer School Housing

Summer school housing is open to MHU students working toward the completion of their academic program during the second summer session. This includes taking classes and/or completing internships. Housing is not available to students who are simply working in the area and need a place to live for summer. Please remember that summer term housing rooms are limited and will be given on a first come, first served basis. Summer housing applications are available for summer school beginning in mid-April. Students will email residence-life@mhu.edu to request a summer school housing application.
Students who complete a housing application prior to summer school will be able to specify roommate preference. Students waiting to complete the application upon arrival for summer terms will be placed at the discretion of the Housing and Residence Life Staff.

All students living on campus for summer are required to have a meal plan and the meals/bonus bucks do not carry over from one term to the next. Students are expected to abide by the same rules and regulations during the summer as the traditional academic year and will be held to the same level of accountability.

Roommates

Living with others is an important part of the university experience that requires flexibility and respect in order to be successful. As members of the Mars Hill University community, residents have a unique opportunity to meet and interact daily with a wide variety of both old and new friends and acquaintances. For most residents, the relationship with a roommate is an important aspect of their Mars Hill University experience. Roommates are encouraged to sit down and speak with each other when an issue arises. This is a healthy way to address issues and avoid future conflicts. Roommates do not have to be best buddies. A good roommate is someone that you can live with in a respectful environment. Here are some hints for becoming a good roommate:

1. Communicate-Roommates should talk about habits, preferences, moods, and values at the beginning of the semester. Verbally express your thoughts and concerns in a positive and proactive way. It is not wise to let frustrations build up if conflict arises or to use texting/e-mail/social networking (including Facebook, Twitter, Snapchat, etc.) as a main form of communication. Furthermore, if you have not been in contact with your roommate in a 48 hour period and this is not consistent behavior, contact the Office of Safety and Security or the Office of Housing and Residence Life to report.

2. Establish Room/Apartment/Suite or Bathroom Guidelines- Establish Guidelines regarding the use of each other’s belongings, room cleaning, visitation, bed times, noise, etc. Ask first and then discuss both sides before going ahead with an action; then live with this for a few weeks. Sit back down and review the rules you all have set up and see if they are working or need some tweaking. First years students are required to complete a roommate agreement during the Orientation Weekend.
3. Listen- Sharing is great, but in order to share effectively both parties need to stop and listen to what each other is saying. It is difficult to communicate when you are not allowed to share your side. Stop and listen.

Each student has the right to the following:
1. To live in a clean environment;
2. To have personal privacy in one’s room;
3. To sleep without undue disturbances;
4. To read and study without interference, unreasonable noise, and other distractions;
5. To host guests during appropriate visitation hours, with the understanding that guests will honor other residents’ rights;
6. To have free access to one’s room and hall facilities;
7. To expect respect for one’s belongings and personal property;
8. To be free from intimidation, physical harm, emotional harm and illegal substances;
9. To assume that there will be reasonable cooperation in media/phone use in the room.

Continuing students are encouraged to complete a roommate contract for their room/apartment to assist with issues when they move in. New and transfer students are required to complete a roommate agreement during the Orientation Weekend. Students are encouraged to work out their differences and come up with a solution that is amenable to all. Students can find assistance with roommate issues and mediation through the Resident Assistants, Head Resident Assistants, Graduate Area Coordinators, Assistant Directors, Director of Housing and Residence Life Staff and the Counseling Center Staff. Other resources are available upon request.

Room Changes

Room changes are handled by the Office of Housing and Residence Life in the Wren Student Union on the third floor during the designated room change period. The room change period begins after the first 10 business days of the semester and continues for two weeks. This allows Housing and Residence Life staff members to identify empty spaces and give students the opportunity to adjust to campus living. A student interested in making a room change will need to come to the Office of Housing and Residence Life and speak with a staff member. A student must be approved by the Office of Housing and Residence Life with a signed room change form before moving. If a student wishes to change pricing tiers, the staff member will review the options and costs with the student. The student will then take a “Housing Advising Sheet” to the Financial Aid Office to meet with a counselor to discuss the costs and how it will affect the student’s budget. The student’s Financial Aid Counselor must approve any pricing increases before the student will be approved to move to a higher pricing tier. The student will then bring back the signed “Housing Advising Sheet” to the Office of Housing and Residence Life, who will then be able to review any openings with the student and help them to determine a new assignment.

The fine for unauthorized room change is $100.00. Residents may only move to an empty room if they are moving with a roommate or are able to pay the private room rate. A room change is not complete until the students have checked out of their old room assignment, signed the RCI, returned the old key to their old residence hall staff member, checked into the new room, signed the new RCI and received the new key. Students have 48 hours to check out of their old assignment and move to the new assignment once approved. Housing charges may be pro-rated after the room change is complete.

Room Types

1. Double Rooms: A double room is a room that will house two students. The room will be furnished with two sets of furniture and two students will live in the room.
2. Private Rooms: A private room is a double room that only one student occupies. The room will be furnished with two sets of furniture. Private rooms will be offered on a first come, first served basis, wherever there is space available. Students without roommates can change their room assignment to a private room for the semester by coming to the Office of Housing and Residence Life and making the request in writing, if space allows. Private rooms are charged at a rate of 1.5 times the double room rate and must be approved by Financial Aid.
3. Single Rooms: A single room is a room that houses only one student. The room will be furnished with one set of furniture and these rooms are usually smaller than most double rooms.
Roommate No-show
Residents must check into their assigned rooms by 5:00 p.m. of the first day of classes at the beginning of each semester or they will be considered “no shows.” The room reservation will be canceled and the student will be charged a cancellation fee of $325 unless the Office of Housing of Residence Life has been notified, in writing, and approved of the late arrival in advance. If a student occupies a room alone due to a roommate not returning to school or moving to another room, the student still in the room will be responsible for finding a roommate or paying the additional private room charge. See Consolidation.

Consolidation
Students may not live alone unless they are living in a designated single room and/or paying for a private room. Any student who is living alone and paying the double room rate must make the room available for any other student to move in at any time during the semester. Students who refuse to accept a roommate will automatically be assessed a private room rate from the date they first had the room to themselves. Students cannot create a consolidation situation by moving to an empty room and choosing it as a double. Students with private rooms may be required to accept new roommates at some later date by the Office of Housing and Residence Life if space is needed.

Consolidation begins after the first 10 business days of the semester and lasts for two weeks. During consolidation, you will be contacted via e-mail from the Office of Housing and Residence Life. In the e-mail you will receive instruction on what options are available for you. The Office of Housing and Residence Life will assist students in finding a roommate by providing a list of other students who are in similar situations. However, it is up to the student to actively work to find a new roommate through contacting individuals on the list provided. If a student refuses to select a roommate or refuses to pay for a private room, a roommate will be automatically assigned. If you do not receive an e-mail with information about consolidation, then it is the responsibility of the resident to contact the Office of Housing of Residence Life immediately.

Check-In/Check-out and Hall Closing
Residents must check in with their a staff member prior to moving into their rooms. At this time the student will receive their room key and sign the Room Condition Inventory (RCI) form on mhu-Residence. If there are any discrepancies between the actual conditions of your room and the Room Condition Inventory form, see your staff member and have them document the discrepancies.

Students will be required to check out of their rooms at the end of the academic year, 24 hours after their last exam or by the published closing date and time and/or at anytime they vacate the room (i.e., room change or withdrawal). Each student is responsible for following the proper check-out procedures before leaving campus. See the check-out procedures listed below. Locks are rekeyed immediately when a key is lost or not turned in; therefore, a key that is turned in late is of no value.

Failure to follow this checkout procedure will result in a minimum fine of $75.00. Additional damages to room(s), a lock change for missing key and cleaning fees will be billed to the resident(s). Students are expected to arrange for transportation ahead of time. Upon completion of final exams in the Fall, Spring, or Summer, students are required to vacate their residence halls within 24 hours after their last exams or by the published closing time and date. Students failing to vacate on time will be charged $60 per day until they depart. Students are not to return until the halls officially reopen. Closing and reopening times will be announced in advance of each closing. Personal property may not be left in rooms over the summer. Any personal items left will be disposed of within 48 hours of the student vacating the room. All appeals for early arrival or leaving late from breaks must be made via MyMHU, Student Page, Residence Life Heading, “Break Appeal Form.” This is only an appeal; once the appeal is received it will be sent before the Break Appeal committee for consideration. The Break Appeal Committee will then send a reply with their decision. This process can take up to a week to complete. Please watch the daily announcements for appeal deadlines.
Check-Out with Academic Suspension or Probation

If you are currently on academic probation, please pay very close attention to this mandate. It is your responsibility to check your “Self Service” account at the end of each semester to make sure that you are not academically suspended. Suspensions are generally posted by December 15 and May 15 respectively.

Students who are placed on academic suspension in the Fall Semester must appeal their suspension within 10 business days and are encouraged to vacate the room to include a proper check out with a Housing and Residence Life staff person. This will eliminate the need to other arrangements should your appeal be denied. If you have submitted an appeal the room will be held for you even if you have check out. You must communicate this appeal in writing using the Academic Suspension Appeal form found on MyMHU. Deadlines for appeals will be included with the communication regarding the student’s academic suspension. Any student that did not appeal by January 2 or whose appeal is denied must vacate the room by noon on January 3. For each day that the room is not vacated a $60.00 fee is assessed. After 5 business days, the room will be emptied of personal belongings for an additional expense of $200.00 and all items from the room will be disposed of. See Abandoned Property for more details.

Hall Meetings

Hall meetings are held once a month in each residence hall to convey important information to the residents of that building. These meetings are set up to address issues of residential living, such as check out procedures or campus concerns.

Students who miss required meetings could be fined $15 or be required to perform service for the residential community. Attendance will be taken at each meeting.

Property Insurance

Mars Hill University does not provide insurance to cover personal belongings in the residence hall and cannot accept responsibility for student property that is stolen or damaged. Residents are strongly encouraged to check with their parents’ or guardians’ homeowners’ policies to ascertain the amount and degree of coverage or to purchase rental insurance. Individual policies may be available through a private insurer, but it is the residents’ responsibility to acquire their own insurance coverage. It is necessary for all residents to take reasonable precautions in securing and identifying their property.

Damages and Fines

Students will be assessed for any damage in their assigned room unless another individual takes responsibility for the damage in writing. An incident of damage in the common area of the building/apartment caused by unknown person(s) may result in collective assessment against students residing in the area in which the damage occurred. For a detailed damage fine list, please go to the Office of Residence Life to request one.
Work Requests

Residents who are aware of maintenance problems in the residence halls are encouraged to fill out on-line maintenance request forms which can be obtained by logging on to page [????]. This is the best way to submit a maintenance request. Please make sure you specify the problem in a detailed description and give the correct location. Students should submit their requests before 1:00 p.m., if possible. This allows the request to be processed and given to the maintenance department to address quickly. The maintenance department will do their best to address all work requests in a timely manner.

Students requesting repairs or maintenance in their room using the online system are giving written consent for staff to enter their room during the school day to complete the repair/maintenance. If your submitted request has not been repaired in a reasonable amount of time (24 hours Monday – Friday; 48 hours Saturday-Sunday), please contact the Office of Residence Life to follow up on your request at 828-689-1253.

Abandoned Property

This serves as legal notice regarding personal property left in the residence halls after a student has departed or their housing contact has ended. Residents who vacate rooms/apartments for any reason and leave personal belongings behind have 48 hours to claim their property. Then any left property will be collected and disposed of. The 48-hour period begins with the date the room is vacated or the agreement has ended. The student will be assessed charges associated with storing of the property during the 48 hours, as well as costs for the removal of personal belongings, damage and cleaning charges for their assigned areas. Mars Hill University is not responsible for any items that are damaged or stolen.

Residential Life Policies and Guidelines

Like any living community, the residence halls have standards of behavior designed to create a positive living environment. Mars Hill’s Student Code of Conduct as well as state and federal laws apply to all students who live in
university owned and operated housing. Additional policies and guidelines have also been established specifically for Mars Hill University housing. These policies are designed to ensure that each resident is respectful of their obligation to a communal living situation.

There are three guiding principles or community interests that residential policies and guidelines are designed to support.

1. **Health and Safety** - maintaining the physical, mental, and emotional health or safety of either the group or individual.
2. **Healthy Living and Learning Environment** - respect of the needs and rights of others living in the community and avoid behavior that does not contribute to the educational purpose of Mars Hill University or the Housing and Residence Life program.
3. **Property Loss and Damage** - care and protection of community and personal property.

The guidelines listed below are not intended to be a comprehensive description of Mars Hill's housing regulations. Instead, it is written to explain the most common situations under each of the three compelling community interests. Any action, whether listed below or not, that goes against any of these three principles is not acceptable behavior in university housing. Each resident is responsible for asking himself or herself if a behavior falls under one of these principles and then regulating their behavior accordingly. Residence Life staff may confront residents about any action if the staff member believes this action may go against any of the above mentioned principles.

**Alcohol:** MHU is committed to maintaining an academic and social environment conducive to the intellectual and personal development, safety, and welfare of all members of the university community. The paraphernalia, possession, consumption, and selling of alcohol on campus is strictly prohibited. This includes being in possession by consumption as the body is a container for the alcohol. The possession of empty alcohol containers and shot glasses are also prohibited. Offenders will be subjected to the campus Student Code of Conduct, legal prosecution or both. The University adheres to and enforces all federal and state legislation governing alcohol/drugs.

**Bicycles:** Bicycles may be stored either in student rooms or outside the buildings at designated bicycle racks; they should not be left in the common areas, hallways or stairwells. Bicycles should not be parked so as to block or prohibit the use of walkways, hall entrances or fire exits. Please make sure that your bicycle is secured when not in use. We recommend using a U-Lock for securing your bicycle. Bicycles can be registered with the Security Office.

**Building Security:** To prevent unauthorized access to residence halls by people who are uninvited or unwelcome, all residence hall entrance doors are locked 24 hours a day. All students are required to use their Student ID to gain access to their assigned building. Tampering with or propping doors is strictly prohibited because of the security risk that it poses. Please report unusual people or other circumstances at once to the building staff or Campus Security. Due to the extra security concern that ID cards entail, special rules apply: guests will not be issued University ID cards, anyone found loaning a key/ID card will face sanctions for breaching university security policy, and tampering with or propping of any outside entrance door is strictly prohibited and violators will be written up and face sanctions according to the Student Code of Conduct.

**Cleaning:** Residents are expected to take reasonable care in maintaining the cleanliness of their rooms, apartments, and suite bathrooms. In addition, students are expected to not litter in public areas (inside or out) of the buildings or parking areas. Room Health and Safety inspections will be conducted each month to ensure student rooms are being maintained. These inspections will be unannounced. Students are expected to take their trash out at least once a week, keep the floor free of items so that an individual can walk around safely in the room without tripping over items on the floor, wash clothes/towels/sheets at least every 2 weeks, wash dishes daily, sweep/dust/mop weekly, clean toilets/showers/sinks weekly. Although every building has housekeeping staff, residents should not expect these staff to do more than regular maintenance of the common areas. Failure to meet these guidelines may result in residential life disciplinary action and/or relocation. The housekeeping staff will deep clean bathrooms in suites and kitchens in apartments when it is deemed an emergency by the housing staff. This extra cleaning charge will be billed to all suite members assigned to the unit.

**Closed Areas:** Roofs, balconies, attics and outside ledges of residence halls are closed to all students; fire escapes may only be used for egress in the event of a fire or similar emergency. Students are strictly prohibited from hanging or throwing items from windows and/or balconies, including trash.
**Common Area Furniture:** The University provided furniture is not to be removed from its assigned room. Lounge furniture is for the use of all students assigned to that area and is not to be removed from the lounge areas. All furniture must be kept inside of its assigned room at all times. A fine will be assessed if such furniture is found in a student’s room or placed outside of a building, balcony or porch area for any reason. Any subsequent personal misuse of lounge furniture may result in sanctions.

**Drugs:** The use and/or possession and/or distribution for the use of illegal/controlled drugs are governed by local, state and federal laws and are strictly prohibited. All cases or evidence of paraphernalia, use, possession, cultivation, distribution, or sale of drugs will be referred to the appropriate law enforcement agencies as well as be subjected to university and housing disciplinary action.

**Electrical Appliances:** Many of the residential buildings were built before or during the 1960’s and are not equipped to handle the electrical requirements of many modern appliances. Air conditioning units, ceiling fans, dishwashers, cube freezers, full size refrigerators or microwaves that use more than 700 watts are therefore not allowed. Small microwaves (max 700 watts) and mini-refrigerators no larger than 1.2 to 2.0 amps or 4.0 cubic feet are permitted. Extension cords of any size are not allowed and will be confiscated if found. Students can use one Multiple Outlet Power Strip which is U/L Listed for 15 amps/120 volts per outlet. The power strip must have an on/off button with a heavy-duty cord and built-in circuit breaker in the unit. Decorative light bulbs cannot be used to replace university provided light bulbs in lighting units. Holiday lights, string lights, decorative string lights, etc. are not to be used in/on any residential facility.

An increase in the number of fires in residence halls across the country requires us to be restrictive on cooking appliances allowed in or around our residential facilities. The following list includes but is not limited to items that are not allowed in any residential facility: cooking appliances with open heating elements/surfaces such as toasters, toaster ovens, George Foreman grills, electric frying pans/woks, hot plates, live Christmas trees, space heaters, halogen lamps, hot tubs, extension cords, sun lamps, cooking appliances with contained heating elements such as percolators and hot pots are permitted. We will allow coffee pots with open heating elements if they are equipped with working automatic shut off timer.

**Christmas Tree requirements:** students may have a 2 to 4 foot tall artificial pre-lit Christmas tree that is UL listed, fire retardant and non allergenic. No live trees will be permitted in any residential facility.
**Fire Safety:** Fire safety equipment should only be used in cases of emergency. Misuse of fire and/or safety equipment is strictly prohibited. This includes fire escapes, doors and signs, firefighting equipment and alarms. Tampering or altering smoke detectors in any way, including removing the batteries or covering the alarm/detector at all, is also strictly prohibited. Violations will result in disciplinary action, restitution for any damages caused by the act and/or removal of the resident from the residence halls.

Violations may also be referred to city or state agencies for action.

**Fire And Building Evacuation:** Fire is a serious threat to life, health and property. Because of this, all students and their guests are expected to follow the building evacuation guidelines whenever an alarm is sounded. Evacuation plans are posted on all floors. Fire drills are conducted twice a semester in each building. The first drill will be announced and the second drill will be unannounced. The drill will be a complete exercise of the fire evacuation plan. It is mandatory to evacuate a university building when a fire alarm sounds.

**Building Evacuation Guidelines:**

1. Wear shoes and coat
2. Leave your room, shut and lock the door behind you
3. Proceed outside to your designated meeting area (See Meeting points listed below)
4. Check in with your Residence Life staff members at the meeting point
5. Remain at the meeting point until further instructions are given by Residence Life staff members. Students will not be allowed to reenter the building until it has been cleared by the Fire Department.

**In case of Fire:**

1. Sound an alarm for the building by activating a pull station
2. Leave the building
3. Call 911 OR
4. Advise Campus Security, an RA or the AC that a fire condition exists. Be specific, if possible.

**Meeting Points for Residence Hall Fire/Building Evacuation**

2. Edna Moore, Huffman and Stroup Residence Halls: meet at the picnic area in front of Spilman Hall.
3. Fox Residence Hall and Carter Humphrey House: meet on the steps in front of Chambers Gym.

**Explosives/Flammable Materials:** Explosives, including firecrackers or any other fireworks, lighter fluid, charcoal, incense, candles, and other highly flammable material are not allowed in the residence halls or on campus. This includes storing of motorized vehicles such as motorcycles, or motor scooters inside residential buildings.

**Firearms And Weapons:** State law and Mars Hill University prohibit the possession of weapons of any kind on campus or in a vehicle. Any weapon found in a student’s possession will be confiscated and turned over to the appropriate authorities. The student who was in possession of the weapon(s) will be subject to disciplinary action and/or sanction under state law. Weapons include, but are not limited to: guns, pellet guns, paint ball guns, blow dart guns, air soft guns, bows and arrows, machetes, ninja stars, knives with blades over three inches, and explosives (as defined in N.C.G.S. 14-269.2).

**Flying Objects:** To prevent personal injury or property damage, throwing anything from building windows or inside of a residential building is strictly prohibited. Throwing, causing to fall, or allowing any object or substance to fall out of a window of any university housing facility is prohibited and is subject to sanctions and possible disciplinary action. Box fans must not be put in residence hall room windows without the window screen first being securely in place. Repeated violations of this requirement will result in a fine of $25 per room/per day. Violations of this policy may also be referred to the Student Conduct Board for action.
**Furniture:** Students share in the responsibility of maintaining all residence hall facilities. Room furnishings are required to remain inside the assigned room at all times. All residents are required to return the room furniture to its designated position as placed at the beginning of the year. Check with housing staff for diagram of original room set up. Lounge/common area furniture is intended for the use of all students and cannot be moved to individual rooms/apartments or away from its assigned location. Students may bring other furniture at their discretion but must fit it in around existing room furniture.

All students are required to remove personal furniture upon check-out. Failure to comply will result in a removal fee. Water furnishings such as waterbeds or hot tubs are not permitted in or around any housing unit. In addition to disciplinary action, students may be billed for any missing or damaged furniture at the replacement cost of the item, including shipping. Balconies in Dickson Palmer area are considered to be an outdoor location and students living in these areas should supply their own outdoor furniture for these areas.

**Gambling:** Gambling for money or for stakes representing money is prohibited on the Mars Hill University campus and in all residential facilities. Students engaging in gambling behaviors will be subject to disciplinary action(s).

**Guests:** See VISITATION

**Heating/Cooling Units:** In order for your heating and/or cooling unit to work properly, it is essential not to block the vents or place anything on the unit. This could cause your room to heat and/or cool improperly and could damage the unit. Do not hang or attach anything from or to heating and/or cooling ductwork, units, or vents as this could damage the system. Heating and/or cooling units are not seats and should not be used as such. Using a unit as seat/benches can cause damage to the unit.

**Horseplay:** To prevent property damage and the potential for personal injury, playing ball, throwing objects, water guns/balloons, skateboarding, bike riding, wrestling, “horseplay,” etc. are not permitted inside of campus housing.

**Keys:** All residents are strongly urged to keep their rooms locked whenever they are not present or sleeping. The university is not responsible for lost or stolen personal property. You are responsible for the key(s) issued to you. If you lose your room key(s), contact the Office of Housing and Residence Life immediately and we will have the room re-keyed at a charge of $50. This is required to keep rooms secure. All students living on campus are issued room keys and a Student ID programmed to open the exterior door of their assigned building. Due to the extra security concern that these keys/ID entail, special rules apply. Guests will not be issued keys or university ID cards. Residents assume full responsibility for the use of the key until it is returned to Residence Life staff at the time of their checkout of the room. Anyone found loaning a key/ID card will face sanctions for breaching university security. Tampering with or propping of any outside entrance door is strictly prohibited and violators will be fined.

**Laundry:** High efficiency washing and drying machines are provided in each residential community. These machines are owned, operated and maintained by a private company on behalf of the university. Each machine is operated coin-free for unlimited usage. The university is not responsible for damaged items due to the misuse of machines. Only students who are assigned to a building may use the laundry services of that building. We ask that students using the machine wash a full load at a time. This allows the machine to clean your clothes properly. If you have an issue with a machine not working properly, please submit an on-line maintenance request immediately. Include the number on the machine and describe the issue. If a washer stops and does not release the lock, contact Campus Security immediately for assistance. Students breaking the door to retrieve clothes will be responsible for the repair costs of the machine. High efficiency washing machines use only two tablespoons of regular laundry detergent. Many companies are now making pods and detergent infused laundry sheets. These are recommended for use as they contain the correct amount of detergent per use. If using pods or infused laundry sheets, students should place them into the washer drum first, with clothes added on top for proper cleaning.

**Lockouts:** A student who locks himself out of his room, should first check to see if the RA is in the building and can assist him in unlocking your door. If the RA is not present and it is during regular business hours of 8:00am – 5:00pm Monday to Friday, the student should come to the Student Development Office on the third floor of the Wren Student Union to check out a spare room key for the room. The student will have 48 hours to return the spare key to the Student Development Office. If the spare key is not returned to the Student Development Office by this time a lock change will be requested and the student will charged for the cost of the lock change.
After regular business hours, a student who is locked out should check to see if the RA is in the building and can assist in unlocking the door. If the RA is not present then the student should contact Campus Security at 828-206-1230. The student’s university ID must be presented to the security officer either upon arrival or entrance into the room. Each student may contact security up to three (3) times per semester before a charge of $5.00 will be assessed to the student’s account for each time afterward.

**Lofts:** Beds are provided in all student rooms but, while not needed or required, personal lofts are not permitted. Lofts will only be allowed in buildings where the university provides them. Dogwood and Laurel Residence Halls have lofts for all of their beds.

**Noise:** Noise is any sound, human or otherwise, that is disturbing to a resident. This includes loud voices, stereos, video games and musical instruments. Generally speaking, the sound level should be confined to an individual’s room only and not be heard by others who are trying to study or sleep. Additionally, specific quiet hours from 11:00 p.m. to 9:00 a.m. exist for all residents throughout the week. 24 hour quiet hours are in effect beginning the last weeknight before the first day of exams. Students are expected to be courteous, and upon request or complaint, lower the noise level of their activity. The need for quiet supersedes noise at all times.

**Open Flames:** Fire is a serious threat to life, health, and property. Because this is such a serious issue, total compliance to the open flame policy is expected. Due to the risk of starting a fire, the burning of any candle(s), incense, use of open flames, or use of open element cooking equipment is strictly prohibited. Candles and incenses are not allowed at all in any residential building. Outside grills are not permitted inside the building or within ten feet of any structure including decks and porches.

**Outdoors:** One of the best things about Mars Hill University is the natural beauty that surrounds the campus. In order to preserve the natural beauty of our campus, please leave our natural resources outside for all to enjoy. In the winter, all snow is to remain outside of all buildings. Snowball fights are fun but should be conducted between willing participants.
outside of buildings and away from roadways. Contact the Outdoor Center in Wren for outdoor equipment for camping, sledding, rock-climbing, etc.

Wildlife is part of our rural setting. Wildlife can be seen on campus at various times of the day and night. Please respect the wildlife and allow it space and room to do “its natural thing”. If you encounter wildlife, give it the space to continue on its way. Do not try to befriend wildlife or bring any wild animal into a campus building. Animals that can be seen in our area are: deer, fox, raccoons, opossums, ground hogs, snakes, frogs, toads, turkeys, bears, skunks, birds, squirrels, owls, and more. If you come across a wild animal that seems dangerous, is not acting right, or appears to be injured, call Campus Security at 828-206-1230 to report the animal, the behavior and location.

**Overnight Guests**: See VISITATION

**Painting**: Students may not paint their residence hall rooms or apartments for any reason. Students who wish to paint banners must do so in the common areas. When painting a banner or sign, a plastic barrier must be placed between the floor/table and the item being painted. An old shower curtain works well as a barrier. Any paint that is not cleaned up after will result in a sanction against the individual or group. No aerosol paints may be used inside university housing.

**Pets**: Because of health reasons, such as sanitation, allergy concerns, and consideration for others, pets are not allowed in the residence halls at any time, including a pet that is with friends or family members. Pets are not allowed in any building on campus. Fish in a tank no larger than 10 gallons are the single exception to this policy (just remember to make arrangements when you leave for all breaks). Service and emotional assistance animals are not considered pets, but an accommodation for a specific need. If you require the use of a service animal or emotional support animal, you must receive approval from the Office of Disability Services and the Office of Disability Services must communicate approval to the Department of Residence Life prior to the animal being brought on campus.

**Physical Violence**: Residents have the right to live in a secure and safe environment, free from the threat of physical harm, malicious aggravation, or personal affront. Physical violence will be considered an act against the entire residence hall community. Intimidation and coercion of any type will not be tolerated. Contact Campus Security or the Office of Housing and Residence Life immediately if you feel that have been threatened with physical violence.

**Posting Information In The Residence Halls**: Signs/flyers must be approved by the Office of Housing and Residence Life before they are allowed to be displayed in the residence halls. Approved signs can only be displayed in specific areas. Students should contact the Director of Residence Life or the Assistant Director of Residence Life for sign display criteria. All signs that are not approved will be taken down and discarded. Failure to comply with the regulations may result in suspension of posting privileges or monetary fines. All posted materials must be stamped and dated for approval by the Student Development Staff. Postings should not be on any glass, door, ceiling or elevator. Materials may be placed only on bulletin strips or in designated posting areas. Posting may be placed on bulletin strips or designated areas for a maximum of two weeks. Posting must be removed within 48 hours after the event to avoid a monetary fine. The use of materials on windshields is prohibited. Sidewalk chalk displays must be approved for content and location.

**Room Entry**: Mars Hill University respects the privacy of students’ living accommodations. However, we do reserve the right to enter student rooms and/or apartments for reasons of health, safety, maintenance, or to assure compliance with Residence Life or university regulations, except in emergencies. An attempt will be made to notify students about Health & Safety Inspections in the mandatory hall meetings at the beginning of each semester (please review the SEARCH POLICY that is listed in the POLICY and PROCEDURES section of this handbook). The University also reserves the right to search a room (if reasonable cause is determined by the Director of Residence Life, the Director of Campus Security and/or a Associate VPSA,) for substances that are illegal or considered a violation of the Student Code of Conduct. The Office of Housing and Residence Life reserves the right to conduct a Health and Safety Inspection of each room and/or apartment at least once a month. During Health and Safety Inspections, all refrigerators, including personal refrigerators, will be opened during the inspection to ensure compliance with MHU regulations.

**Room Decorations**: We feel that it is important that you personalize your space. Posters, curtains, plants, bedspreads and a throw rug can help make your room seem more like home. All materials need to be treated with a fire-retardant. However, we do ask that you avoid doing things that will damage the walls or woodwork. For example, transparent tape and two sided foam tape is almost impossible to clean off.
Masking tape can be used with care but may pull paint off walls.

A resident room door coverage (inside or out) should not exceed 50% of the door space. Carefully review the manufacturer's suggestions for removing these products. Painters Blue tape, Plastic-tak or hold-it putty is highly recommended because of their easy removal properties. No duck tape, two sided tape or scotch tape may be used in any of the facilities on the wall, doors, and/or furniture. Decorative Light bulbs cannot be used to replace university provided light bulbs in lighting fixtures.

No permanent fixtures may be attached to the walls or furniture; this includes but is not limited to nails, hooks and screws. Personal decorations may not cover or interfere with any fire safety device. No decorations may be attached/hung from the ceiling or overhead pipes.

**Sales And Solicitation:** In addition to the various university regulations, unless cleared with the Director of Housing and Residence Life, door-to-door solicitation or sales is not permitted in any of the campus housing areas.

**Security Tips For Residential Living:** The MHU community is scenic, friendly, and traditionally noted as being a “safe” community in which to learn and live. Unfortunately, crime occurs everywhere and MHU is not exempt. Living away from home places the responsibility for protecting belongings and attending to safety measures in the hands of each student.

**Tips for a safe campus:**
1. Lock your room/apartment! An unlocked door is an invitation to theft. Do not compromise you or your roommate/apartment mates safety.
2. Carry and use your ID card.
3. Do not let people “pigg y back” into the building. Holding the doors for others allows unescorted visitors to undermine residents’ safety.
4. Report lost keys or key cards immediately to Office of Housing and Residence Life at residence-life@mhu.edu and Campus Security at 828-206-1230.
5. Plan for safety. Plan to travel in pairs and determine how you will get home before you go out.
6. Let others know your plans.
7. Identify and record valuables. Purchase renter’s insurance, engrave valuables with the engraver from Campus Security. Record serial numbers for your valuable items; store the numbers in a safe place and with Campus Security on the “Registration of Valuables” form.
8. Park in a well-lit area and do not leave valuables in your car.
9. Do not walk alone after sundown. If you find yourself alone, call Campus Police at 828-206-1230 for an escort. Carry a small flashlight to assist in walking after dark.
10. Trust your instincts; report suspicious activity to Campus Police at 828-206-1230.
11. Call 911 if there is an emergency or use an Emergency Blue Box located on campus for a direct connection to Campus Security.

**Smoke Free Environment:** All university owned buildings are smoke free. Smoking includes but is not limited to cigarettes, cigars, cigarillos, hookahs, e-cigarettes, vaporizer pens, black and Milds, Bibles, etc. Smoking is not permitted within 50 feet of any entrance, window or air handling unit of a university residential building. Please dispose of butts/ashes/trash in the appropriate receptacles placed outside of the buildings and residences. Possession of or burning incense or candles are not permitted within any living unit on campus.

If there is evidence of smoking taking place inside any assigned room/apartment, the student(s) assigned to the area will be responsible for the cost of painting the entire room/apartment and the replacement costs of all the soft furnishings. Evidence of smoking taking place inside the room/apartment of any student living in Azalea, Bailey Mountain, Brown, Dickson Palmer (any unit), Dogwood, Laurel or Turner will be required to move immediately or may be removed from housing.

**Student ID Card:** Please do not punch a hole(s) into a Student ID. Punching a hole(s) into the Student ID can damage the card causing it not to work with the entry door system in the residence halls. If you lose your Student ID, please go to
the Student Development Office and replace the ID immediately. A replacement ID cost will be charged to your student account. If you would like to have a hole punched in your ID card you can come by the Student Development Office in the Wren Student Union during regular business hours and a professional staff member will be able to punch a hole in your student ID card in an appropriate area.

**Telephones:** Telephone connections are not provided in residence hall rooms. Telephones can be found at the entrances of the residence halls. These phones can only dial local phone numbers. If you would like a more information about our phone services, please contact IT department at 828-689-1444.

**Trash Removal:** All trash should be placed in the university provided trashcans in the designated trash area for your building. All cardboard boxes must be broken down and placed by designated trash areas or taken to the parking lot behind Moore Auditorium and placed in the green recycling trailer. Students are expected to take their trash out once a week or more often if they have food items in them. Trash and open food items left in rooms/apartments are calling cards for rodents and insects to come in. Trash areas are in the following areas:

1. Azalea, Bailey Unit A, Unit B, Unit C, Myers: Green trash bins are by the sidewalk near the building
2. Brown, Gibson, and Turner: Green trash bin is between Brown and Gibson by the parking lot
3. Edna Moore and Stroup: Trash cans are on the first floor of Stroup between the lower lounge and Edna Moore
4. Fox: Trash room is at the end of Fox nearest the Belk practice field on the outside of the building
5. Huffman: Trash room is on the second floor next to the Laundry room
6. Dogwood: Trash room is on second floor next to the lounge
7. Jarvis: Trash cans are on the front porch
8. Laurel: Trash room is on first and third floors next to the lounge

**Toilets and Toilet Paper:** Toilet paper is provided in all on campus housing facilities. In buildings that have community bathrooms, housekeeping staff will check and fill the toilet paper dispensers. In buildings that have suite or apartment bathrooms, students will need to contact the RA on duty to obtain toilet paper. RA staff are on duty each evening from 8:00pm until 12:00am Sunday – Thursday and 8:00pm – 2:00am Friday and Saturday.

Toilets are set up to handle human waste and toilet paper. All other items need to be disposed of in trash receptacles. Flushable wipes pose a particular hazard. Flushable wipes do not break down efficiently and will clog pipes. This is the case whether you are living in a new building or an older building.

**Vandalism:** Damaging, defacing or destroying school or private property is unacceptable behavior. Students who accidentally damage property will be expected to make restitution for the damage, but malicious acts will be also be considered Student Code of Conduct infractions and will incur additional fines. If MHU staff members cannot determine the person(s) responsible for the damage(s), the entire building community will be responsible for the restitution for the damage(s).

**Visitation:** Visitors from another building and/or non MHU students are able to visit during the following hours:

- Sunday – Thursday: 12:00 pm- 12:00 am
- Friday – Saturday: 12:00 pm- 2:00 a.m.

All visitors (female and male) must sign in on the sign-in sheet located near the entrance to the building if they do not live in that building. All visitors must be escorted by the resident they are visiting the entire time they are in the building and may not be left in the student’s room/apartment/common area unescorted at anytime. Students who violate the visitation policy will be subject to disciplinary action and/or lose visitation privileges.

All overnight guests must be registered in the Student Development Office at least 24 hours before their arrival. To register guests, students must come to the Student Development Office during regular business hours of Monday-Friday 8am to 5pm. Students will need to provide the following information about each guest: full name, home address, contact phone number, and the dates the guest plans to stay. Host students will need to contact Campus Security to obtain guest parking passes for their visitors if those visitors will have cars on campus. This includes all friends and family members.
Approved overnight guests of the host may stay in the host’s room (with roommate’s/suite/apartment mates permission and there is no conflict and/or displacement of the roommate) for a maximum of two consecutive nights provided the guest is of the same sex as the host student. If the visitor is of the opposite sex of the host then the host will need to find an alternative place for them to stay. The alternative host will need to come in with the host before permission will be granted, to complete paperwork.

Alternative hosts will be responsible for escorting their guests while they are on campus. This policy is designed to accommodate the occasional visitor, and not to provide temporary housing for students or non-students. Guests must be at least 13 years of age. Unapproved guests will be asked to leave the building. The Office of Residence Life reserves the right to determine whether a resident is abusing this privilege. Overnight visitation is only allowed during the regular academic year while classes are in session.

Hosts are responsible for their guests’ behavior, the items guests bring into campus housing with them, compliance with guidelines, damage, vandalism and clean up of residence hall areas. Any host’s failure to their responsibilities will result in sanctions for any damage, and possible disciplinary action. MHU students are responsible for the behavior and conduct of their guests and must escort them at all times on campus.

The primary purpose of the intramural program is to provide every opportunity for students, faculty and staff to participate in the athletic competition or recreational activities of their choice. All that is required of the individual is the desire to participate and a good attitude. Athletic skill is not a prerequisite.

The objectives of the intramural program include:

2. Providing an opportunity to develop recreational skills for the present and future.
3. Providing an opportunity to develop sportsmanship, character, and honesty.

Drug-Alcohol Free Campus and Workplace Policies

Mars Hill University is committed to providing an appropriate environment for the intellectual, spiritual, and personal growth of its students. The administration believes that illegal drugs – among any segment of the University population – conflict seriously with this institutional goal; therefore, the University strives to maintain a drug-free campus and workplace environment as mandated by the provisions of the Drug-Free Workplace Act of 1988.

Standards of Conduct and Disciplinary Sanctions

Mars Hill University strictly prohibits the use or possession of alcohol and/or illegal drugs on the University campus for both students and employees.

Mars Hill University provides the following sanctions for the use of drug-alcohol on the University campus. These sanctions are stated in the Mars Hill University Student Handbook and the Mars Hill University Faculty & Staff Handbooks, as appropriate.

The selling, transfer, possession, use or collection of alcoholic beverages or containers on the campus is prohibited. This includes off-campus parties sponsored by campus organizations. Students found responsible through the Student Conduct process will be subject to a range of sanctions, up to and including suspension. The severity of the offense and the student’s prior conduct will be considered in the outcome. For employees, drinking on the job or reporting to work under the influence of alcohol or illegal drugs is grounds for reprimand or discharge.

Furthermore, the University has a policy against the manufacture, sale, transfer, possession, or use of illegal and/or controlled substances. Students found responsible for drug violations through the Student Conduct process will be subject to a range of sanctions, up to and including suspension or expulsion. The severity of the offense and the student’s prior conduct will be considered in the outcome. Such violations by employees are grounds for immediate disciplinary action, which could include reprimand, suspension without pay, or discharge.

These policies are outlined for the University population in the Student Handbook, and the Employee Handbook. Violations of these policies will result in prompt disciplinary action.

A Mars Hill University employee must notify the Human Resources Office in writing of their conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction. Failure to do so will result in immediate discharge.

Drug/Alcohol Treatment

Mars Hill University has a multi-faceted approach to substance abuse. For students, the university initially focuses on counseling, changing behavior, substance abuse education, and emphasizes responsibility to the community and community standards. The Mars Hill University Counseling Center will provide referral resources for drug and alcohol treatment facilities for both students and employees upon request. For employees, the University’s health insurance plan covers Substance Abuse Services.

The University also provides alcohol and other drug education through an online education program for all new students. Additional substance abuse education may be provided for the campus population through health fairs sponsored by the University, or via presentations by Student Development staff, or by Faculty.

Health Risks

The abuse of alcohol causes symptoms ranging from decreased inhibitions, muscle incoordination and slowing of reaction time to chronic disorders, such as cirrhosis, anorexia, mental deterioration with memory loss, tremors, uncontrollable fears progressing to hallucination, convulsions, and sometimes death.

Marijuana inhibits short-term memory, slows reaction time, and irritates the throat and lungs. It has twice the amount of “tar” as cigarette smoke. Frequent use has been linked to lung cancer, bronchitis, and emphysema. It has also been linked to low sperm count and irregular menses. Heavy use can also depress the immune system.

Cocaine can cause depression, intense anxiety, confusion, uncontrolled tremors, weight loss, and seizures. It also can cause destruction of the membranes and cartilages in the nasal cavity. It can lead to cardiac irregularities, heart attacks and cardiac arrest. Other secondary problems associated with the use of cocaine are hepatitis, meningitis, and AIDS. These are usually caused by using contaminated needles to inject cocaine.
LSD and PCP are hallucinogens that can cause hyper excitability, hypertension, emotional instability, prolonged psychotic states, personality disorders, increased homicidal and suicidal risks and death.

Narcotics (i.e. Morphine, Demerol, and Methadone) cause addiction in a very short time. These drugs depress the central nervous system. They can cause coma, convulsions, and death. Barbiturates and tranquilizers are also depressants and can cause similar problems. The combination of these drugs with alcohol can potentiate their effect and can often cause death.

Stimulants (i.e. amphetamines) can cause addiction, nervousness, exhaustion, depression, confusion, personality changes, convulsions, coma, and death.

Inhalants (i.e. glue, aerosols, and gasoline) can result in sudden death by doing damage to the brain and central nervous system. Prior to this, there may be nausea, vomiting, asphyxiation, and comatose state. Revised August 2018.

Disciplinary and Academic Record.

Other than University suspension, or revocation or withholding of a degree, disciplinary sanctions shall not be made part of the student’s permanent academic record, but shall become part of the student’s disciplinary record. The student will be notified in written form of interim measures and the reasons for the action. The notice should include the time, date, and place of a subsequent hearing at which the student may show cause why their continued presence on the University campus does not constitute a threat. This meeting to show cause may be separate from the student conduct hearing.

   a. To determine whether the Student Conduct Board Hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice resulted.
   b. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code of Conduct which the student was found responsible.
   c. To consider new information deeded sufficient to alter a decision or other relevant facts not brought out in the original hearing because such information and/or facts were not known to the person appealing at the time of the original hearing.
