

Warren Hilger Memorial Scholarship

The Warren Hilger Memorial Scholarship is a full scholarship awarded to a new or returning participant who is excited about attending Blue Ridge Old Time Music Week but has financial barriers.

Music was always a part of Warren's life, singing and playing guitar with his family in his younger years. He discovered his love for the mandolin and old time music in his mid-sixties and joined the BROTMW family. Warren attended this camp independently for several years, then as his health declined in more recent years, his daughter, Leigh, accompanied him. Warren always enjoyed learning new things and helping others. It is in this spirit that his family offers this scholarship.

Scholarship Criteria: This scholarship is intended to help reduce financial barriers for any would-be participant at BROTMW. This scholarship would be particularly appropriate to ease the financial burden for a participant who is unable to attend without assistance or support (e.g a child or an older adult).

To be considered, tell us a little about yourself.

- a. What's your name, age and contact information?
- b. What are your musical interests and background?
- c. What do you hope to take away from your experience at BROTMW?
- d. What other insights can you provide that will help us determine if you are the most appropriate recipient of this scholarship?
